MEMORANDUM

TO: School District Superintendents
Florida College System Presidents

FROM: Henry Mack, Chancellor, Division of Career and Adult Education 

DATE: April 6, 2021

SUBJECT: Notice of Rule Development Workshop for Rule 6A-6.0575, Clock Hour Dual Enrollment for School and District Accountability

This past fall, the Division of Career and Adult Education (division) requested of all Florida College System institutions and district technical centers that offered career dual enrollment a list of all clock hour dual enrollment courses offered in the 2020-2021 academic year. This request was in response to SB 434, which added clock hour dual enrollment to the *college and career acceleration component* of the school and district accountability grading formula.

After reviewing each course provided, the division has established the list of courses which will be eligible for inclusion in the college and career acceleration component of the school and district accountability grading formula, to be applied for the 2020-2021 academic year. Specifically, students who have completed 300 or more clock hours of career dual enrollment courses that are approved by the State Board of Education as meeting the requirements of s. 1007.271, F.S., for dual enrollment programs, will be eligible for inclusion.

To formalize course list, the department must adopt the list through State Board of Education rule. To that end, the division will be holding a rule development workshop on **April 21, 2021 at 12 PM EST** before going before the State Board of Education for approval on June 10, 2021.

If you are interested in participating in the rule development workshop for *Rule 6A-6.0575, Clock Hour Dual Enrollment for School and District Accountability*, please register at the following link. After registering, you will receive a confirmation email containing information about joining the webinar.
