Subject: CubeSat reminder email to CTE directors

Dear Colleagues:

Just a gentle reminder about the deadline for [CTE Mission: CubeSat](#), a national challenge to build technical skills for careers in space and beyond. As you will recall, the Department is inviting high schools to bring space missions to students by designing and building CubeSat prototypes — in the classroom or at home.

[Mission proposals are due by 5:59 p.m. ET on October 16](#) — no in-person collaboration or prior experience with CubeSats is required. Curated educational resources are available to students and teachers online in the [CTE Mission: CubeSat resource hub](#).

Help us share this deadline reminder with your state!

Please feel free to reach out to Alicia Criscuolo at alicia.criscuolo@ed.gov or contact hello@ctemissioncubesat.com if you have any questions.

Best -

Sharon
