Subject: Spring CTE Webinars

Colleagues,

The Division of Career and Adult Education (DCAE) is excited to announce the latest topics and speakers for the ongoing Career and Technical Educator Webinar Series and the new Career Cluster Professional Learning Communities (Cluster PLCs).

Career and Technical Educator Webinar Series

The Career and Technical Educator Webinar Series is geared towards Career and Technical Education (CTE) faculty and administration. It aims to share best practices and shine a spotlight on CTE excellence in Florida. The webinars will be hosted monthly and feature national and state facilitators focusing on resources and techniques that can help districts, colleges, and classrooms improve the quality of student career outcomes. Recordings, slide decks, and resources from the webinars will be posted after the webinars to the [DCAE website](#).

CTE Career Cluster Professional Learning Communities (Cluster PLCs)

The purpose of the CTE Cluster PLCs is to provide support to CTE classroom instructors by building a stronger sense of community across the state. This series is being hosted by the Office of Career and Technical Education bi-monthly, on the first and third Tuesday of every month. Throughout the year, webinars will feature expert teachers and industry professionals sharing best practices for programs in their respective career clusters.

While the Spring 2021 schedule below notates the intended audience for each webinar, *all* CTE faculty and administrators are welcome to attend. Invitations will be sent out with webinar details and link prior to webinar dates. To allow for more enhanced interaction between guests and attendees, our team will utilize the GotoMeeting platform, which does not require advance sign up. For now, we encourage to place the Cluster PLCs you have an interest in on your calendar. The actual GoToMeeting link is embedded in the schedule that follows.
