

The U.S. Department of Education’s nonregulatory guidance of the Charter Schools Program recognizes that a charter school may enter into a contract with a for-profit entity to manage the day-to-day operations of the charter school. However, federal regulations mandate that a charter school grant recipient must “directly administer or supervise the administration of [the grant].” When administering or supervising the administration of the grant, the charter school that contracts with a Charter/Education Management Organization (C/EMO) should ensure that it and its governing board are independent of the for-profit C/EMO.

A copy of Charter Schools Program, Title V, Part B of the ESEA, Nonregulatory Guidance can be found at: <http://www.fldoe.org/core/fileparse.php/7694/urlt/2014-Non-regulatory-Guaidance.pdf>.

All CSP sub-recipients must complete the Charter/Education Management Organization questionnaire found below. This will assist the Charter Schools Office at the Florida Department of Education to fulfill its responsibility to ensure that grant recipients utilizing the services of a C/EMO are independent of that management organization.

If your school does not or will not have a contract with a C/EMO, please indicate ‘N/A’ in the Name of Charter/Education Management Organization (C/EMO) section below. Should your school have or will have a contract with a C/EMO, respond completely to *all* questions.

Relevant excerpts from the charter school contract application reviewed and approved by a district sponsor may be used (please indicate if the information provided was included in the charter school application that was approved by the sponsor). **The C/EMO questionnaire must be signed by the governing board chair of the charter school.**
