| **Element Name:** | **Dropout Prevention/Juvenile Justice Programs** |

| **Definition/Domain** |

A code indicating the type of program(s) in which the student participated.

Note: In surveys 2 and 3 the student should be in the program during survey week to be reported. Also, in surveys 2 and 3 only one code is reported. Codes R and E take priority because they are used to identify the proper status of students in the school grading system. In survey 5, report students who were served at anytime during the school year and, for students participating in more than one program, record the code for **each** program at **each** school in which the student participates.

CODE   DEFINITION

   U   **Educational Alternative Programs:**
Educational programs which are designed to offer variations of traditional instructional programs and strategies for the purpose of increasing the likelihood that students who are unmotivated or unsuccessful in traditional programs remain in school and obtain a high school diploma or its equivalent. This includes students who are in At-Risk programs. This code does not apply to students who are participating in this program as a retrieved dropout - use code R for these students.

Note: Examples of Educational Alternative Programs include but are not limited to: course modifications, credit recovery, integrated curriculum, alternative curriculum, flexible schedules and self paced curriculum. Typically alternative education programs apply alternative strategies that lead to improvement in academic performance, student attendance or student behaviors.

   R   **Dropout Retrieval Programs:**
Alternative programs serving students who have officially been designated as dropouts.

   A   **Disciplinary Programs:**
Programs designed to provide intervention for students who are disruptive in the traditional school environment. Note: This may include in-school suspension programs. This code does not apply to students who have been assigned to this program as an alternative to expulsion – use code E for these students.
