

APPENDIX C

Edits Provided by Educational Data Systems (EDS)

The names of programs and jobs used to perform initial edits are listed in this appendix. The source code, job control language and formats of files used in the programs are stored respectively in:

DPS.DISTRICT.SOURCE.Yyyyy
DPS.DISTRICT.JCL.Yyyyy
DPS.DISTRICT.FORMAT.Yyyyy

The Source Library has a member named INDEX. Each time a change is made to a Source Library member, the change is recorded in the INDEX.

A library that has changed code for programs that have been updated is named DPS.DISTRICT.CHANGES.Yyyyy. The member names are the same as those listed in this appendix except that the letter "C" is appended to the program name. For example, PSGQ01 is PSGQ01C in this library.
