## C. FTE Files

### File 62441

#### File Description:

This file contains FTE-earned totals by school for each FEFP program and grade. These totals are rounded the same as those on the Preliminary FTE report (60796). They come from the data base; and therefore, are the current or updated totals.

The format for the records on this file is in the DPS.DISTRICT.FORMAT.Yxxxx \* library.

### File 62442

#### File Description:

This file contains FTE-earned totals by school for each FEFP program and grade. These totals come from the frozen state file; and therefore, are the same as those on the report (05107) that is created at the end of each edit cycle.

The format for the records on this file is in the DPS.DISTRICT.FORMAT.Yxxxx \* library.

\* xxxx = the current year (i.e. 9293)

#### **D. ORIGINAL Files**

The original files contain the records that are on the table identified in the Description. The records are in the same format as originally transmitted; hence, the name. The file ID has an 'O' appended to it, so that it will not interfere with BATCH update files and processing.

## E. JOURNAL Files

The records on these files constitute an audit trail of the processing performed through the on-line programs. A before and after image was recorded of every transaction processed through the on-line program.

These records are in the same format as those originally transmitted.
