Most students begin the traditional 2009-10 school year in Florida public schools on August 24, 2009, in 58 of the 67 counties. Five districts – Brevard, Charlotte, Citrus, Palm Beach, and Wakulla – will start between August 10 and 18. The other four districts – Hillsborough, Pinellas, Putnam, and Union – will begin between August 25 and 27. The regular school year ends as early as May 21, 2010, for students in Brevard County and as late as June 15, 2010, for students in Lee County. Of the remaining districts, the school year ends for students in 1 district on May 25; in 1 district on May 26; 1 district on May 28; in 3 districts on June 3; in 13 districts on June 4; 7 districts on June 8; in 21 districts on June 9; in 12 districts on June 10; and in 6 districts on June 11. **Dates may change if the state is affected by hurricanes as in prior years.**

Table 1 displays the opening and closing dates of required attendance for teachers and students. Some districts require new teachers to report earlier than returning teachers. For more specific information, contact the local school district office for a copy of the calendar or visit the district's web site. Table 1 contains links to each district's site and also shows opening and closing dates for summer school and earlier closing dates for high school seniors as approved by the local school board. Some districts do not establish summer school dates until late in the school year.

Many districts have inservice or planning days immediately preceding or following the opening or closing of the school year, the winter or spring breaks, or holidays. To determine all dates when students are not required to be in attendance, please contact the local school district. Table 2 displays the winter, spring, and Thanksgiving break dates by indicating the first weekday (beginning date) and the last weekday (ending date) of each break. Table 3 displays holidays when schools are closed for Columbus Day, Veterans' Day, Presidents' Day, Good Friday, and Memorial Day. All schools are closed on September 7, 2009, for Labor Day and January 18, 2010, for Martin Luther King, Jr's Birthday.

This report contains major dates, but not necessarily all dates, when schools are closed. To confirm specific dates, contact the local district office by following the appropriate district link in Table 1. District offices are also listed at <http://www.fldoe.org/eias/flmove/supers.asp>.

*Student holiday and not necessarily celebrated as specific holiday.

NOTE: Labor Day, September 7, 2009, and Martin Luther King Jr's Birthday, January 18, 2010, are universally observed.

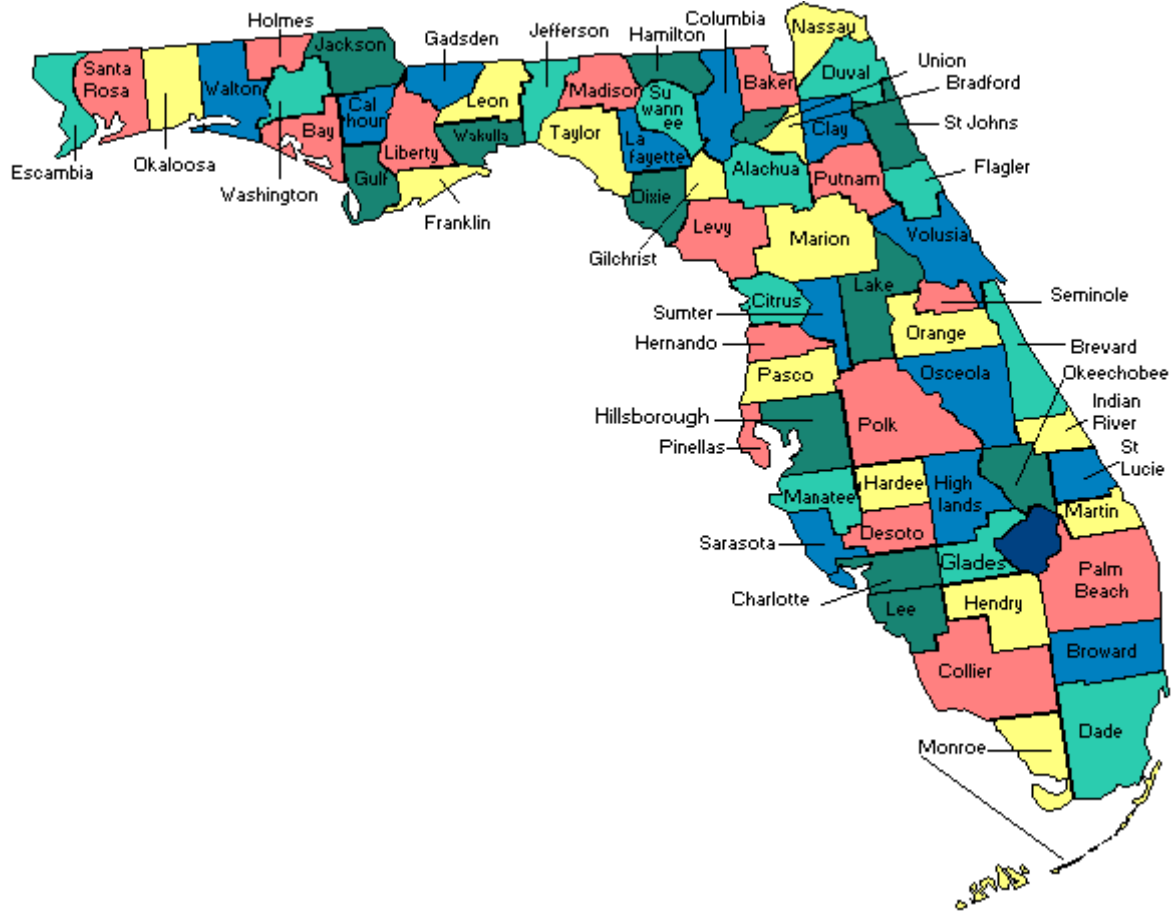

With the large size of Florida's student population, some schools must operate on a non-traditional schedule. In Hillsborough County, all schools operate on an extended school year schedule in which the school year is extended by one day. Department of Juvenile Justice schools operate on an extended calendar. Charlotte and Clay counties have one school each that will operate on an extended school year schedule. Modified or year-round schools operate on a nontraditional school calendar. During 2009-10, there will be 12 schools in four districts utilizing the nontraditional calendar (See Table 4). Most schools operating on track systems have a break between sessions. A track includes a group of students and/or teachers assigned to the same schedule. The trend of schools operating on a nontraditional school calendar is shown below:
