

**Report of Inquiry
Bureau Resolution Determination
Conducted by the Bureau of Exceptional Education and Student Services
Involving the Hillsborough County School District**

BACKGROUND

The Bureau of Exceptional Education and Student Services received a state complaint on November 25, 2008, in which the complainants alleged that the Hillsborough County School District had violated federal and state laws relating to the education of students with disabilities. Specifically, the complainants' allegations involved the following issues:

ISSUE 1: Whether the Hillsborough County School District conducted the student's reevaluation and functional behavioral assessment (FBA) in a timely manner following the receipt of the March 31, 2008, signed parental consent

ISSUE 2: Whether the Hillsborough County School District provided the complainants prior written notice of its refusal to conduct a reevaluation and FBA following receipt of parent consent, if required

During the investigation of the complaint, the following additional issue was discovered by the Bureau:

ISSUE 3: Whether the Hillsborough County School District failed to provide the student with a current individual educational plan (IEP) during the 2008-09 school year

The 60-day timeline for the complaint inquiry began on November 25, 2008, with an anticipated completion date of January 24, 2009. The district and the complainants were asked to submit relevant documents and information to the Bureau. The district's documentation was submitted by Dr. Cristina Benito, Supervisor, Exceptional Student Education (ESE) Compliance, Hillsborough County School District.

As part of the inquiry process, relevant portions of the student's educational records were reviewed. The educational records indicated that the student (date of birth: ■) was in ■ grade and determined eligible for special programs for students identified with autism spectrum disorder (ASD), speech impairment (SI) and language impairment (LI) and receiving occupational therapy (OT) as a related service.

ISSUE 1: Whether the Hillsborough County School District conducted the student's reevaluation and functional behavioral assessment (FBA) in a timely manner following the receipt of the March 31, 2008, signed parental consent

LEGAL AUTHORITY FOR THE BUREAU'S FINAL DECISION

Section 300.303 of Title 34 of the Code of Federal Regulations (Title 34) states, "(a) *General*. A public agency must ensure that a reevaluation of each child with a disability is conducted... (1) If the public agency determines that the educational or related services needs, including improved academic achievement and functional performance, of the child warrant a reevaluation; or (2) If the child's parent or teacher requests a reevaluation. (b) *Limitation*. A reevaluation conducted under paragraph (a) of this section (1) May occur not more than once a year, unless the parent and the public agency agree otherwise; and (2) Must occur at least once every 3 years, unless the parent and the public agency agree that a reevaluation is unnecessary."

Section 300.324 of Title 34 states: "(2) *Consideration of special factors*. The IEP Team must- (i) In the case of a child whose behavior impedes the child's learning or that of others, consider the use of positive behavioral interventions and supports, and other strategies, to address that behavior..."

The corresponding state requirements are found in Rules 6A-6.03028 and 6A-6.03312 of the Florida Administrative Code (F.A.C.).

CONCLUSIONS

1. An FBA was completed for the student on May 17, 2007, but was not reviewed and discussed at an IEP team meeting until March 31, 2008, because the student had moved out of state during the summer of 2007, and re-enrolled in the district on February 21, 2008.
2. During the March 31, 2008, IEP team meeting the parent verbally requested a new FBA for the student. The parent signed consent for reevaluations for the student in specific areas only. A FBA was not included on the consent form. Neither party provided documentation indicating that the parent provided written consent for an FBA.
3. The school staff and the psychologist have not observed behaviors that would make an FBA/BIP necessary for the student, but the IEP team has agreed to complete an FBA in an effort to work cooperatively with the parent.
4. The Hillsborough County School District conducted the student's reevaluation in a timely manner following the receipt of the March 31, 2008, signed parental consent; however, an FBA was not included in the March 31, 2008, request.

time before the public agency (1) Proposes to initiate or change the identification, evaluation, or educational placement of the child or the provision of FAPE to the child; or (2) Refuses to initiate or change the identification, evaluation, or educational placement of the child or the provision of FAPE to the child. (b) *Content of notice.* The notice required under paragraph (a) of this section must include (1) A description of the action proposed or refused by the agency; (2) An explanation of why the agency proposes or refuses to take the action; (3) A description of each evaluation procedure, assessment, record, or report the agency used as a basis for the proposed or refused action; (4) A statement that the parents of a child with a disability have protection under the procedural safeguards of this part and, if this notice is not an initial referral for evaluation, the means by which a copy of a description of the procedural safeguards can be obtained; (5) Sources for parents to contact to obtain assistance in understanding the provisions of this part; (6) A description of other options that the IEP Team considered and the reasons why those options were rejected; and (7) A description of other factors that are relevant to the agency's proposal or refusal..."

The corresponding state requirement is found in State Board of Education Rule 6A-6.03028, F.A.C.
