

***2002-03 TIERS Report***  
**Performance Measures for Workforce Development Programs by Workforce Region**  
**2002-03 Cohort, Fall 2003 Findings**

**Performance Measures for Workforce Development Programs by Workforce Board  
2002-03 Cohort, Fall 2003 Findings**

Title	Section Number
TIER I .....	1
TIER II .....	2
TIER III.....	3

***Report Headings:***

**Total Individuals** is a unique count of individuals.

**Initial Employed** is a unique count of individuals found employed also expressed as a percentage of Total Individuals.

**Earnings Levels as Pcnt of All Employed** is the unique number of individuals employed divided by Total Individuals. Earnings levels calculated as 40 hrs per week x 13 weeks per qtr x hourly wage.

*Level 0* – Quarterly wages less than minimum wage, \$2678.

*Level 1* – Quarterly wages of at least minimum wage and less than or equal to \$3900

*Level 2* – Quarterly wages greater than \$3900 and less than or equal \$4680.

*Level 3* – Quarterly wages greater than \$4680.

**Cont Employment** is the percentage of Total Individuals that continued their employment in the year(s) shown.

**Initial Avg Qtrly Earn** is the average wage for all employed individuals.

**Earnings Growth** is the change in wages for the year(s) shown.

**Publ Assist** is the percentage of Total Individuals that received public assistance in the form of cash assistance or food stamps.

**Cont Publ Assist** is the percentage of Total Individuals that received public assistance in the years shown.

**Cont Education** is the percentage of Total Individuals that were enrolled in public or private education.

***Notes:***

The regional TIER I, II, and III reports will not sum up to the totals found in the statewide reports because the regional reports do not contain data for records of certain entities which serve a statewide population, e.g., the state universities nor for records which did not specify a region or county. TIER III totals will be greater than those for TIER II because TIER III is unduplicated at the program level by region and TIER II is unduplicated at the strategy level. Likewise, TIER II totals will be greater than TIER I totals because TIER I is unduplicated by social security number by region and TIER II is unduplicated by strategy by region.

The Wagner Peyser sub-components will sum to greater than the program total because an individual is counted for each Wagner Peyser setting in which he is found. The Wagner-Peyser program is broken into its parts at the end of each TIER III section.

Performance data is for only those individuals with valid social security numbers.
