**RE: Title I Student Achievement Conference Call for Proposals**

The Title I Student Achievement Conference (formerly known as the Supplemental Educational Services (SES) Summit and Parental Involvement Conference) is scheduled for June 21-23, 2011, in Orlando, Florida. The conference promises to be a unique experience for individuals implementing parental involvement and SES programs. The conference will feature numerous sessions presented by individuals representing school-, district-, and state-level educators as well as experts in the field of parental involvement and SES. The variety of presenters will give attendees the opportunity to hear about successful initiatives taking place in schools and districts throughout Florida.

As we prepare for the upcoming conference, we are issuing a Call for Proposals. Please encourage your colleagues to submit a proposal to celebrate and highlight your programs, strategies, and accomplishments. All proposals must be submitted using the attached "Call for Proposal" form via email to: [Jan.Bates@fldoe.org](mailto:Jan.Bates@fldoe.org) on or before May 12, 2011. The lead presenter will be notified of your proposal receipt upon submission and informed of the acceptance by May 20, 2011.

If you have questions or need additional information, please contact Jan Bates at 850-245-0889.
