- 8/2006      District Teacher of the Year, Dr. Cheryl Mixson, named as Teacher Representative to speak on behalf of teachers
- 8/17/06      Teacher Representative, Met with Chair of Paperwork Reduction Committee  
Summary of committee work: **The findings of the committee were that the current forms used in the district are necessary to meet requirements of law.**

Task Force Recommendation	Walton's Response
Repeal AIP	Our district has elected to use option 2) school-wide system of progress monitoring
School Improvement Plans	School Improvement Plans will continue to be required for all schools. Our district is seeking district accreditation through SACS, and the SIP is necessary.
Sunshine Connections	Our district is one of 10 in the statewide pilot program for electronic IEPs. We anticipate that this will assist us in the future.
Paperwork reduction Task Force/Teacher	Our district teacher of the year, Cheryl Mixson serves as the teacher representative to speak on behalf of the teachers regarding paperwork and data collection reduction. She has reviewed the findings of the Paperwork Reduction Committee established in 2005-2006 and agreed with the findings of the committee.

Possible Solutions:      **None offered at this time**
