d. The district has a process in place to collect, revise, and update the appropriate data for the School Environmental Safety Incident Report. <sup>4</sup>	<b><i>X</i></b>			Annual Safety & Security Inspections {E6}		

<sup>1</sup> This means that in budgeting and shifting resources the district considers several factors including goals, objectives, critical safety needs, and past performance of safety initiatives.

<sup>2</sup> Performance measures should include appropriate comparisons with peer districts in areas such as safety and discipline incidents, etc.

<sup>3</sup> This assessment would include examining whether the overall safety program and individual safety initiatives (such as DARE or Crime Watch) are achieving the outcomes they are expected to achieve.

<sup>4</sup> The district uses the state approved reporting form if available. If the state form is not available, the district develops its own form based on some standardized criteria such as the Uniform Crime Reports.
