Total Funding Amount

\$320,000

Range of Awards

Up to \$50,000 per project

Budget Period

Upon receipt - June 30, 2005

Additional Years of Funding

A program application for eligible recipients may be awarded on a multi-year basis. The definition of a multi-year program for the purpose of the Request for Proposal will be at least 24 months. Continuation of funding may be available for additional years. Projected goals must be increased from previous year's goals for continued funding.

Funding Method

All recipients must submit a continuation application to be considered for funding in the second year.

Distribution of Funds: Awarded projects are based on performance with clearly defined performance measures/goals as deliverables. The performance measures/goals and deliverables must be addressed in the applicant's proposal through completion of the **Performance-Based Project Deliverables Form** located in the **Attachments** section.

Performances that do not meet projected goals may result in overpayment. The overpayment must be returned to the Florida Department of Education by August 20, 2005, along with the final DOE 499 form. Monitoring and invoices will assist grantees in achieving their performance goals and avoiding overpayment.

No funds may be obligated prior to the approved budget period or after the project period ends.

There are three methods of payment for performance projects:

1. **Federal Cash Advances** will be made by state warrant or electronic funds transfer (EFT) to a recipient for disbursements. For federally funded projects, request for federal cash advance must be made on the Electronic Federal Cash Advance Request System. If at times it is determined that disbursements are going to exceed the amount of cash on hand plus cash in transit, an on-line amendment can be made prior to the due date of the next Federal Cash Advance distribution on the Electronic Federal Cash Advance Request System.
2. **Performance-Based Funding:** As expressed in the Performance-Based Project Deliverables Form, performance-based payments to community-based organizations will be distributed upon receipt of a properly prepared invoice and acceptance of units of deliverables by the designated DOE program manager. Performance funded projects may be asked to provide documentation as is outlined in the Reimbursement Funding section.
3. **Reimbursement Funding:** Projects that are funded by reimbursement may request payment on a monthly basis. All reimbursement requests must be made using the appropriate forms (refer to DOE Green Book - <http://www.firn.edu/doe/comptroller/gbook.htm>), in accordance with the instructions on each form. The invoices and the entries on the forms should correspond with the agency's account codes. Reimbursements will be by state warrant after disbursements are made by the recipients. Request for reimbursement with the appropriate back-up documentation ie. proof of payment must be submitted in accordance with applicable program requirements and instructions on future project award notification. The schedule for reimbursement is decided by the recipient, but may not be more frequent than monthly. Request for reimbursement should be submitted to the DOE Comptroller's Office, 325 West Gaines Street, Room 944, Tallahassee, FL 32399-0400.

Funded recipients will receive their allocation by one of the three methods listed above to be determined by the Florida Department of Education.

Important notice for all funded agencies:

Documentation to support either type of method of payment may include proof of payment of all expenditures be submitted upon request. If proof is requested, back-up documentation must be complete, and may consist of copies of lease agreements, utilities, contracts, student and teacher records such as valid sign-in sheets and signed time sheets, copies of paid checks and purchase orders, and travel expenses paid according to state guidelines. If conference or workshop travel and expenses are claimed, a copy of the agenda must be included. Additional examples of documentation include but are not limited to bank statements and cell phone bills. Allowable expenses clearly identified as belonging to the project must be indicated. An accurately completed DOE 499 must be included with the request.
