

FLORIDA DEPARTMENT OF EDUCATION

**Request for Proposal
for
Competitive Grants**

Bureau / Office	Division of Community Colleges and Workforce Education
Title	Jobs for Florida's Future - School Districts
Specific Funding Authority(ies)	Pending state appropriation from the 2005 Legislature for Jobs for Florida's Future Grant
Funding Purpose	<p>The Legislature recognizes the need for school districts to respond to emerging local or statewide economic development needs is critical to Florida's economy. The Jobs for Florida's Future Grant Program is created to provide grants to school districts to fund some or all of the costs associated with the creation or the expansion of programs that serve specific employment workforce needs.</p> <p>Funds awarded for this grant may be used for instructional equipment, laboratory equipment, supplies, personnel, student services, or other expenses associated with the creation or expansion of a program. Expansion of a program may include either the expansion of enrollments in a program or expansion into new areas of specialization within a program.</p> <p>Both recurring and non-recurring funds for this grant have been requested. However, because this is subject to appropriation by the 2005 Legislature, it is unknown if both recurring and non-recurring funds will be received. Therefore, proposals should clearly delineate recurring and non-recurring costs. If recurring funds are appropriated, it is anticipated that the funds will roll into the operational funds for the Local Educational Agency, and not continue as a specific appropriation in subsequent years. Non-recurring grant funds shall not be used for recurring instructional costs, such as faculty salaries or for institutions' indirect costs.</p> <p>Applications from school districts shall contain projected enrollments and projected costs for the new or expanded program.</p> <p>Projects will focus on one or more of the following:</p> <ul style="list-style-type: none">• Training people to enter high-skill, high-wage or high-demand (high demand as identified by local labor market needs) occupations.• Programs that train for occupations within Enterprise Florida's key economic development sector initiatives: Life Sciences (including Biotechnology, Medical Device Manufacturing, Pharmaceuticals, Health Care), Information Technology (including IT Products/Services, Software Development, Modeling/Simulation/Training,

Photonics/Lasers/Optics, Microelectronics, Telecommunications), Aviation / Aerospace, Homeland Security / Defense, Financial / Professional Services or Manufacturing

- Programs that train in targeted occupations to improve economic development in Florida's rural communities.
- Programs that train for the workforce adults who are eligible for public assistance, economically disadvantaged, disabled, not proficient in English, or dislocated workers.
- Programs that provide Adult Education instructional services to develop workplace literacy skills.

Total Funding Amount

Discretion of the 2005 Florida Legislature

Range of Awards

A school district may submit up to three grant proposals, including joint proposals with community colleges, for new or expanded programs. The Florida Department of Education (FDOE) will not review nor consider more than three proposals for funding from any school district. Guidelines for proposal submissions are as follows:

School Districts

- Each school district may apply for up to \$200,000 total.
- Funding for each school district is limited to \$200,000 -- including projects with multiple partners.
- If multiple applications are submitted, priority will be given to the application from each district that is clearly identified as the Superintendent's first choice for a new or expanded Career/Adult Education program.

Joint Applications -- consisting of two or more school districts and/or community colleges or any combination thereof

- Joint applicants may apply for up to the maximum allocation for each education agency. Total contribution will not exceed the maximum allocation for each education agency. Applicant is solely responsible for

Additional Information

all fiscal management of the collaborative project.

- Education agencies may submit a combination of individual and/or joint proposals, depending on their needs.
- All proposals will be judged competitively. School district proposals will be judged against each other, and joint proposals (college/school district) will be judged against each other.
- All awards will be based on the statewide geographic dispersion of grant funds by ranking the applications and priority shall be given to applications from each education agency that makes maximum use of their funding by offering high-skill, high-wage, high-demand (high demand as identified by local labor market need) training, Enterprise Florida sector initiatives, rural initiative or adult education programs. The review committee will use the judging criteria found in the **Scoring Criteria** section. All applications must meet the minimum score of 70 to be considered for funding. Maximum total points possible per application is 100.
- Multiple applications must be prioritized by the applicant and any applications funded beyond the agency Head's first choice may be funded based on a combination of factors such as: rank and score, demand for a new or expanded program, geographic dispersion and available funds. The final decision will be at the discretion of the Commissioner of Education.
- Both recurring and non-recurring funds for this grant have been requested. However, because this is subject to appropriation by the 2005 Legislature, it is unknown if both recurring and non-recurring funds will be received. Therefore, proposals should clearly delineate recurring and non-recurring costs. If recurring funds are appropriated, it is anticipated that the funds will roll into the operational funds for the local education agency, and not continue as a specific appropriation.
- The FDOE may recommend an award less than the amount requested in the proposal.

Budget Period

July 1, 2005 to May 30, 2006

No extension of funds beyond May 30, 2006, will be allowed.

Additional Years of Funding

Not Applicable

Funding Method

Cash Advances will be made by state warrant or electronic funds transfer (EFT) to a recipient for disbursements. For funded projects, request for cash advance must be made on the Electronic Cash Advance Request System. If at times it is determined that disbursements are going to exceed the amount of cash on hand plus cash in transit, an on-line amendment can be made prior to the due date of the next Cash Advance distribution on the Electronic Cash Advance Request System.

No funds may be obligated prior to the approved budget period or after the project period ends

Disbursement of payment to awarded grantees depends on the actual disbursement/release of funds to the Florida Department of Education Comptroller's Office.

Important notice for all funded agencies:

Documentation to support the method of payment may require proof of payment of all expenditures be submitted upon request. If proof is requested, back-up documentation must be complete, and may consist of copies of lease agreements, utilities, contracts, student and teacher records such as valid sign-in sheets and signed time sheets, copies of paid checks and purchase orders, and travel expenses paid according to state guidelines. If conference or workshop travel and expenses are claimed, a copy of the agenda must be included. Additional examples of documentation include but are not limited to bank statements and cell phone bills. Allowable expenses clearly identified as belonging to the project must be indicated. An accurately completed DOE 399 must be included with the request.

General Terms, Assurances and Conditions for Participation in Federal and State Programs

The Department of Education has developed and implemented a document entitled, General Terms, Assurances and Conditions for Participation in Federal and State Programs, to comply with:

- 34 CFR Part 76.301 of the Education Department General Administration Regulations (EDGAR) which requires local educational agencies to submit a common assurance for participation in federal programs funded by the U.S. Department of Education;
- applicable regulations of other Federal agencies; and
- state regulations and laws pertaining to the expenditure of state funds.

In order to receive funding, applicants must have on file with the Department of Education, Office of the Comptroller, a signed statement by the agency head certifying applicant adherence to these General Assurances for Participation in State or Federal Programs. The complete text may be found at <http://www.firn.edu/doe/comptroller/gbook.htm>

School Districts

The certification of adherence filed with the Department of Education Comptroller's Office shall remain in effect indefinitely unless a change occurs in federal or state law, or there are other changes in circumstances affecting a term, assurance, or condition; and does not need to be resubmitted with this application.

Conditions for Acceptance

Applications must include the following:

d) Projected Performances, Expenditures and Revenues Chart, Clock Hour Programs, Community Colleges and School Districts

This form is completed according to the proposed narrative descriptions and the proposed budget.

Total maximum points possible per project is 100.

All recipients must meet the minimum score of 70 to be considered for funding.

Scoring Criteria

The Review Committee will use the following criteria to score applications:

I. Project Description

(Maximum points possible 10)

- a) Is the project clearly identified as a newly created or expanded program that serves specific employment workforce needs?
- b) Are the project's goals and objectives measurable, achievable and clearly linked to the project focus?
- c) Does the applicant's selection of targeted occupations match criteria for training as identified in high-skill, high-wage, high-demand, Enterprise Florida's sector, or rural initiatives?
- d) Does the applicant clearly explain the importance of the linkages between the selected occupations and training and how they impact the economic future of the county and/or state?
- e) Are the anticipated completion points and degree/certificate outcomes for the program clearly identified, adequate and well-matched to the goals and objectives as stated above?
- f) Does the program support workplace literacy options to assure students will be trained in high-skills/high-wage occupations that will maximize their earning potential?
- g) Are the articulation agreements in place for expanded projects and/or clearly planned for newly created projects?

- h) Do the program's training methodologies, – such as traditional class room, distance learning, or other methods, demonstrate a likelihood of increasing specific skills for the targeted population?

II. Student Information

(Maximum points possible 5)

- a) As defined, does the targeted population clearly match the program participation requirements?
- b) Is the number of students reasonable given the scope of the proposed budget?
- c) Is the recruitment plan sufficiently matched to the targeted population?
- d) Are the recruitment methods feasible, designed to assure program completion and well-suited to the diverse needs of the targeted population?
- e) Are the benefits for students and the community, relative to employment, salary benefits, and skills attainment, reasonable and attainable?
- f) Are there demonstrated training opportunities tailored to the workforce adults who are eligible for public assistance, are economically disadvantaged, disabled, not proficient in English, or dislocated workers?

III. Project Management

(Maximum points possible 5)

- a) Are the proposed staff and their qualifications sufficient for this project?
- b) Is there an appropriate project management information system in place that supports the process for reporting on progress in attaining the goals for the proposed services?

IV. Collaboration

(Maximum points possible 10)

- a) Are appropriate collaborating partners identified for this project?
- b) Are the collaborative roles, activities and expected contributions of each of the partners clearly stated in the letters of agreement?
- c) Are the letters of agreement included with appropriate original signatures?

V. Workforce Development Impact

(Maximum points possible 20)

- a) Does the proposed training methodology have a high likelihood of achieving sustained, long-term economic benefits and opportunities that will result in raising the educational level of adults, increasing the employability of the workforce, and/or producing high-wage, high-skill, high-demand, Enterprise Florida sector, rural initiatives jobs?
- b) Does the methodology include realistic and appropriate detail related to completion points, adult education, job opportunities/demand for program completers, student demand, placement rates (for expanding programs), career ladder opportunities, and anticipated salaries/wages?
- c) Is there sufficient evidence to demonstrate active information and resource gathering, including but not limited to discussions/data from employers, One-Stop Centers, research librarians and/or some internet research, and school admissions staff?
- d) Are the references cited?

**VI. Business and Industry Impact
(Maximum points possible 20)**

- a) Do the objectives of the plan, related to program implementation or expansion, support success in attracting, helping, or expanding industry within the community or in meeting existing or emerging community employment needs?
- b) Does the applicant establish clear linkages between the program activities and the economic condition of the community to be served, e.g., population demographics including educational levels, level of unemployment, description of local business and industry, etc?
- c) What is the likelihood that program activities will have positive impacts on local businesses by increasing the number of local employment opportunities and assisting existing businesses to expand or relocate?
- d) Is there specific information about how local businesses will be positively affected, how the program will assist expansion of those businesses or their relocation, and the number of local jobs created as a result of the program?
- e) Are references cited relative to discussions/data from economic development specialists, the local workforce development board, employers, chambers of commerce, and school/community job placement services staff?

**VII. Sustainability
(Maximum points possible 5)**

Does the applicant provide a reasonable plan for continued support of the program after the grant money is expended?

**VIII. Implementation Timeline
(Maximum points possible 5)**

- a) Does the Implementation Timeline include all major activities?
- b) Is the Implementation Timeline realistic and achievable?

**IX. State Requirement for Reading
(Maximum points possible 2)**

Does the project describe a feasible plan to support the department's reading initiative?

**X. State Requirement for Dissemination
(Maximum points possible 2)**

- a) Does the applicant describe an effective plan for sharing project methodology and outcome information with other adult education and family service providers statewide?
- b) Does the applicant describe an effective plan for potential replication of Best Practices?

Note: Maximum scoring for the **Narrative Requirements** equals 84 points. The remaining 16 points are for the **Budget Narrative Form; Project Data Summary Table; and Projected Performances, Expenditures and Revenues Chart(s)**. These **forms are not included** in the 15 page maximum **Narrative Requirement**.

Budget/Data Forms
(Maximum points possible 16)

a) **DOE 101 Budget Narrative Form**

- Does the budget sufficiently reflect all proposed expenditures?
- Are all budget items accurately justified?
- Is the budget appropriate for achieving the program goals?

b) **Project Data Summary Table**

Is this form completed according to the proposed narrative descriptions?

c) **Projected Performances, Expenditures and Revenues Chart, Credit Hour Programs, Community Colleges Only**

Is this form completed according to the proposed narrative descriptions and the proposed budget?

d) **Projected Performances, Expenditures and Revenues Chart, Clock Hour Programs, Community Colleges and School Districts**

Is this form completed according to the proposed narrative descriptions and the proposed budget?

Total maximum points possible per project is 100.

All recipients must meet the minimum score of 70 to be considered for funding.

Fiscal Requirements

Funds awarded for this grant may be used for instructional equipment, laboratory equipment, supplies, personnel, student services, or other expenses associated with the creation or expansion of a program. Expansion of a program may include either the expansion of enrollments in a program or expansion into new areas of specialization within a program.

Both recurring and non-recurring funds for this grant have been requested. However, because this is subject to appropriation by the 2005 Legislature, it is unknown if both recurring and non-recurring funds will be received. Therefore, proposals should clearly delineate recurring and non-recurring costs. If recurring funds are appropriated, it is anticipated that the funds will roll into the operational funds for the Local Educational Agency, and not continue as a specific appropriation in subsequent years. Non-recurring grant funds shall not be used for recurring instructional costs, such as faculty salaries or for institutions' indirect costs.

Funding shall not supplant other state or local adult education and literacy funding.

The funds made available for this project shall supplement and not supplant other state or local public funds expended for these activities.

Local Administrative Cost

Not applicable

Method of Answering Frequently Asked Questions or Providing Changes or Addenda

To assure fair and equitable treatment of all potential applicants **the last date for accepting questions** regarding this Request for Proposals is **October 22, 2004**. Please direct all questions to **Sally Kiser** at this e-mail address: Sally.Kiser@fldoe.org or by telephone: 850/245-9033 or SC 205-9033. All questions and answers will be posted on the web site and updated as needed. The web address is: <http://www.firn.edu/doe/dwdgrants/grants.htm>.

Notice of Intent to Apply

Please send an intent-to-apply by **October 15, 2004**, via e-mail to **Sally Kiser** at Sally.Kiser@fldoe.org. This will assist with planning for the appropriate number of persons for the proposal review committee. Responding with an intent-to-apply does not obligate eligible applicants. Conversely, not responding does not eliminate eligible applicants from applying.

Method of Selection

Proposals will be read and scored by a demographically diverse committee of education practitioners and other workforce education and business partners. The FDOE shall consider the statewide geographic dispersion of grant funds in ranking the applications and shall give priority to applications from education agencies that are making maximum use of their funding by offering high-performing, high-demand programs.

The review committee will use the judging criteria found in the **Scoring Criteria** section. All applications must meet the **minimum score of 70** to be considered for funding. **A total maximum point possible is 100.**

FDOE shall review and rank each application for a grant and shall submit to the Legislature a list in priority order of applications recommended for a grant award.

Implementation Requirements

Funded projects must comply with all reporting and invoicing requirements, and amendment procedures (see *Project Application and Amendment Procedures for Federal and State Programs Administered by the Department of Education*, also known as the *DOE Green Book*) <http://www.firn.edu/doe/comptroller/gbook.htm>.

Monitoring provisions are applicable to all projects funded by the Department. The state will evaluate the effectiveness of project activities based on established and approved performance goals and timelines. During the project year, this activity maybe conducted on-site, database review or combination of methods by the designated FDOE staff.

Reporting Outcomes

- Mid-year Status Report and an Interim DOE 399 is due **December 20, 2005**. Send both of these documents to: Division of Community Colleges and Workforce Education, Grants Administration, Suite 730, Tallahassee, FL 32399-0400.

The Mid-year Status Report is to be a maximum of two pages and must include the following:

- Status update relative to the Implementation Timeline provided in the original application.
 - Identify any issues in achieving the established timelines and activities.
- Final Program Evaluation Report is due **May 30, 2006**. Send the Report to: Division of Community Colleges and Workforce Education, Grants Administration, Turlington Building, Suite 730, Tallahassee, FL 32399-0400.

The Final Program Evaluation Report is to be a maximum of 10 pages and must include the following:

- Statement of program goals and objectives.
 - Explanation of the technical training programs provided, and analysis of payroll benefits and other economic and sociological impact measures compared to cost of the program and grant.
 - Feedback from collaborative partners.
 - Explanation for newly created programs: For each degree or certificate programs provide expected enrollments, completions, placements, projected annual salary of placements, and impact on the local community.
 - Explanation for expanded programs: Provide the actual numbers of enrollments, completers, placements and the retention rate of students in program.
- DOE 399, Project Disbursement Report is due by **June 15, 2006**. Send DOE 399 to: Florida Department of Education, Office of the Comptroller, Turlington Building, Suite 944, Tallahassee, Florida 32399-0400.

NARRATIVE: Provide a detailed narrative for each object code listed. For example:

- **SALARIES** - describe the type(s) of positions requested. Use a separate line to describe each type of position.
- **OTHER PERSONAL SERVICES** – describe the type of service(s) and an estimated number of hours for each type of position. OPS is defined as compensation paid to persons, including substitute teachers not under contract, who are employed to provide temporary services to the program.
- **PROFESSIONAL/TECHNICAL SERVICES** - describe services rendered by personnel, other than agency personnel employees, who provide specialized skills and knowledge.
 - **CONTRACTUAL SERVICES AND/OR INTER-AGENCY AGREEMENTS** - provide the agency name and description of the service(s) to be rendered.
- **TRAVEL** - provide a description of each type of travel to be supported with project funds, such as conference(s), in district or out of district, and out of state. Do not list individual names. List individual position(s) when travel funds are being requested to perform necessary activities.
- **CAPITAL OUTLAY** - provide the type of items/equipment to be purchased with project funds.
- **INDIRECT COST** - provide the percentage rate being used. Use the current approved rate. (Reference the DOE Green Book for additional guidance regarding indirect cost.)

COLUMN 3 – MUST BE COMPLETED FOR ALL SALARIES AND OTHER PERSONAL SERVICES.

FTE - Indicate the Full Time Equivalent (FTE based on a 40 hour workweek) number of positions to be funded. Determine FTE by dividing the standard number of weekly hours (40) for the position into the actual work hours to be funded by the project.

COLUMN 4 - AMOUNT

Provide the budget amount requested for each object code.

C. TOTAL - Provide the total for Column (4) on the last page. Must be the same amount as requested on the DOE-100A or B.
