Recipients must compile, report and maintain program performances in order to provide accountability. Failure to comply with this federal requirement by the established deadline may result in ineligibility for future funding.

Training for NRS for agency project coordinators will be conducted by the Florida Department of Education, Adult Education Unit, to provide technical assistance to ensure compliance with NRS (dates to be announced).

To review required NRS data forms, please visit:

<http://www.firn.edu/doe/arm/cctcmis/nrs/nrsmain.htm>

- The Mid-year and Final Performance reporting system is located on the Division of Community Colleges and Workforce Education web site at: <http://info.doe.state.fl.us/wffunding/>

Funding Method

All applicants are advised that grantees will be funded according to the projected goals in their applications. In the event that performances do not meet projected goals and result in overpayment, the overpayment must be returned to the Florida Department of Education by August 20, 2006, along with the final DOE 499 form. Monitoring and performance reports will assist grantees in achieving their performance goals and avoiding overpayment.

Funded recipients will receive their allocation to be determined by the Florida Department of Education as follows:

Federal Cash Advance - On-Line Reporting required monthly to record expenditures.

Federal cash advances will be made by state warrant or electronic funds transfer (EFT) to a recipient for disbursements. For federally funded projects, requests for federal cash advance must be made on the Electronic Federal Cash Advance Request System. If at times it is determined that disbursements are going to exceed the amount of cash on hand plus cash in transit, an on-line amendment can be made prior to the due date of the next Federal Cash Advance distribution on the Electronic Federal Cash Advance Request System.

Reimbursement of Expenditures - Payment made upon submission of documented allowable expenditures. Reimbursements will be made by state warrant after disbursements are made by the recipient. Requests for reimbursement with the appropriate back-up documentation should be submitted in accordance with applicable program requirements and instructions on the Project Award Notification.

Reimbursement with Performance - Payment made upon submission of documented allowable expenditures, plus documentation of completion of specified performance objectives.

Fiscal Requirements

Supporting documentation for expenditures is required for all funding methods. Examples of such documentation include: invoices with check numbers verifying payment, and/or bank statements; all or any of which must be available upon request.

Records Retention

It is the responsibility of the fiscal agency to retain records for financial transactions and supporting documentation for auditing purposes. If records are request by the Florida Department of Education or the State of Florida Division of Financial Services, all records must be provided. Records should be maintained for five years from the last day of the program or longer if there is an ongoing investigation or audit.

Funding Shall Supplement, Not Supplant

In general, the Act states that the funds made available for Adult Education and Family Literacy activities shall supplement and not supplant other state or local public funds expended for Adult Education and Family Literacy programs.

Non-duplication of Effort

It is the responsibility of the eligible agency to coordinate and insure non-duplication with other federal and state education, training, corrections, public housing, and social service programs.

Local Administrative Cost

The Act contains the requirements pertaining to local administrative costs. Not less than 95% of the funds shall be expended for carrying out Adult Education and Family Literacy activities. The remaining amount, not to exceed 5%, may be used for:

- Planning
- Personnel development
- Interagency coordination
- Administration
- Indirect costs

Positions such as project coordinator, accountant, clerical staff, or other positions not directly serving students are considered administrative. Travel, equipment, and supplies for administrators are also considered administrative costs unless used for the purpose of providing personnel development directly related to program and/or students, and direct assistance to career and technical education students. **Indirect costs are considered administrative costs.**

B. Performance Goals (See definitions for core measures on following page.)

(1) Primary Core Measures	(2) Grant Budget per Core Measure		(3) Total Number of Units per Core Measure	(4) Unit Cost per Core Measure
Projected enrollment for 2005-2006 _____				
1. Educational Gains <small>(Must be addressed by all applicants.)</small>	\$	%		\$
2. Placement, Retention and Completion <small>(If this service is provided – must address.)</small>	\$	%		\$
3. Receipt of secondary school diploma or its recognized equivalent -- (GED) <small>(If this service is provided – must address.)</small>	\$	%		\$
Secondary Core Measures <small>(Family Literacy applicants must address both.)</small>				
1. Increased involvement in education of children	\$	%		\$
2. Increased involvement in literacy-related activities of children	\$	%		\$
Totals	\$	100%		

Instructions for completing Section B:

1. In column 2, for each core measure applicable to applicant's program, indicate **both** the percentage of total grant budget and the actual dollar amount to be earned by each core measure. The total of all percentages in column 2 should be 100%, and the total of all core measure budgets should equal the total grant amount.
2. In column 3 calculate the total number of units per core measure to be achieved for the entire grant period.
3. In column 4 calculate the unit cost for each core measure by dividing the total budget amount in column 2 by the unit amount in column 3. For example, if the total budget amount in column 2 is \$25,000 and the unit amount in column 3 is 50, then the unit cost in column 4 is \$500 (\$25,000 divided by 50 = \$500).

C. Explanation for determining Unit Cost per Core Measure.

Briefly explain, in the space below, the rationale and methodology used to determine the Unit Amount per Core Measure (column 3) and the Grant Budget per Core Measure (column 2) for each Core Measure selected. This explanation should be consistent with the expenditures on the DOE 101, Budget Narrative Form.

Example: *If the Grant Budget per Core Measure for secondary school diplomas or passing the GED tests represents a substantial portion of the total budget, then a similar proportion of the total budget expenses reflected on the DOE 101 would support this goal.*

Box will expand when text is typed.
