

ALL CTE teachers can now participate in NG CAR-PD and NG-CATER.

ALL CTE teachers can now participate in NG CAR-PD and NG-CATER to receive a stipend of \$250.00.

## THE FACTS ABOUT NG CAR-PD & NG CATER

Earning the qualification or reading endorsement makes you eligible to keep students who need to take an intensive reading course in your CTE class!

### NG CAR-PD Package (90 hours)

Completion of NG CAR-PD and NG CAR-PD Practicum will make a teacher eligible to serve as a reading intervention teacher *at district discretion* by having FCAT level 2 students who are in prime need of vocabulary and comprehension intervention in the CTE elective courses.

### NG CAR-PD Next Generation Content Area Reading-PD

NGCAR-PD does not link to the Reading Endorsement, which means that **Level 1 students CANNOT be served.**

#### NG CATER

The purpose of NG CATER is to learn how to align CTE lessons with the Comprehension Instructional Sequence from NG CAR-PD and text complexity.

CATER has been redesigned to NG CATER and is now open for all CTE teachers – both district and state certified. The program is much shorter (around 90 hours versus 300) and the district can provide the necessary NG CAR-PD training. The NG CATER training will be offered in 5 regional 2-day workshops next spring.

Teachers who successfully complete the NG CATER program will receive a \$250.00 and they can provide the necessary remediation needs of their level 2 students (district permitting).
