Principal's Comments

The faculty and staff of the Sarasota Military Academy is committed to preparing our cadets for college or successful careers. The educational focus of the academy is to provide a top quality academic educational opportunity within a disciplined and orderly environment.

The success of the school is dependent upon seeking and retaining the best professional staff possible. We are finding great success with our collective mission.

Systemic Changes

Increase personal attention via individual meetings with all students and their parents from rising seniors to all students. Add practice on www.march2success.com for SAT/ACT test prep. Encourage all juniors to take SAT or ACT. Encourage students who are, by nature, not college bound, to strive for the vocational Bright Futures Scholarship.

School Improvement Issues
