

## **High School MEASURES 2006 – 2007 School Year**

**School Name:** Santa Rosa Adult High School

**Prepared by:** Lawrence W. Heringer

**Title:** Impacting Scholarship Rate

**Description:**

Shareholders worked together to increase the rate of students working toward meeting scholarship requirements.

- Counselor
  - Counseled all students on scholarship opportunities and resources
  - Offered workshops for parents and students on ACT/SAT and Bright Futures eligibility
  - Guided students in selecting courses that met scholarship requirements and prepared them for college.
- Teachers
  - Encouraged students to meet scholarship requirements
- Parents
  - Encouraged students to meet scholarship requirements

**What were you trying to change?**

Scholarships totaled 3 in the graduating class last year. The goal was to increase this by at least 2.

**What were the results?**

At this point, we have 3 students who have earned scholarships; however, we have an additional 5 who have met Bright Futures criteria and will qualify in the following semester. Additionally, interest in earning scholarships has increased dramatically at the school with the additional benefit of increased focus on academic performance.

**What were the systemic changes?**

Shareholders increased their awareness of scholarship opportunities and passed this awareness on to the consumers of this information (students). Shareholders were also in a better position to help students achieve scholarship requirements.
