SUBJECT: Notice of Development of Rulemaking- 6A-14.095, Site Determined Baccalaureate Access

Today, the department posted a Notice of Development of Rulemaking for Rule 6A-14.095, Site Determined Baccalaureate Access. We will hold a rule development workshop on February 5, 2020, from 3:30-4:30 pm at Wyndham Orlando Resort International Drive, in conjunction with CIA/CSA/CWE.

The purpose is to update components of the Florida College System baccalaureate approval process in order to increase the consistency of information collected, reduce redundancy and provide greater clarity for institutions. Additionally, the rule amendment incorporates a new accountability report form that will replace the existing form. The new form includes requests for data and information the Florida Department of Education will use to inform the annual audit identified in s. 1003.491(5), F.S. The effect is incorporating revised forms for the notice of intent, program proposal and annual accountability report. Additionally, non-substantive technical changes will be made to rule language.

We look forward to seeing you soon.

Thanks,

Carrie
