

# Orange County Public Schools

Project SEARCH-Putting it all Together  
-A Model that Works

Orange County  
Presentation with  
assistance from  
Project 10,  
DD Council, VR,  
Quest, and Host Sites

FLBOE Meeting  
June 21, 2016

# National Model

- Founded in Cincinnati by an educator and nurse who recognized a need
- Why it works?
  - Shared vision for students reaching their potential
  - Good for the student and the business
  - Efficient and effective use of resources

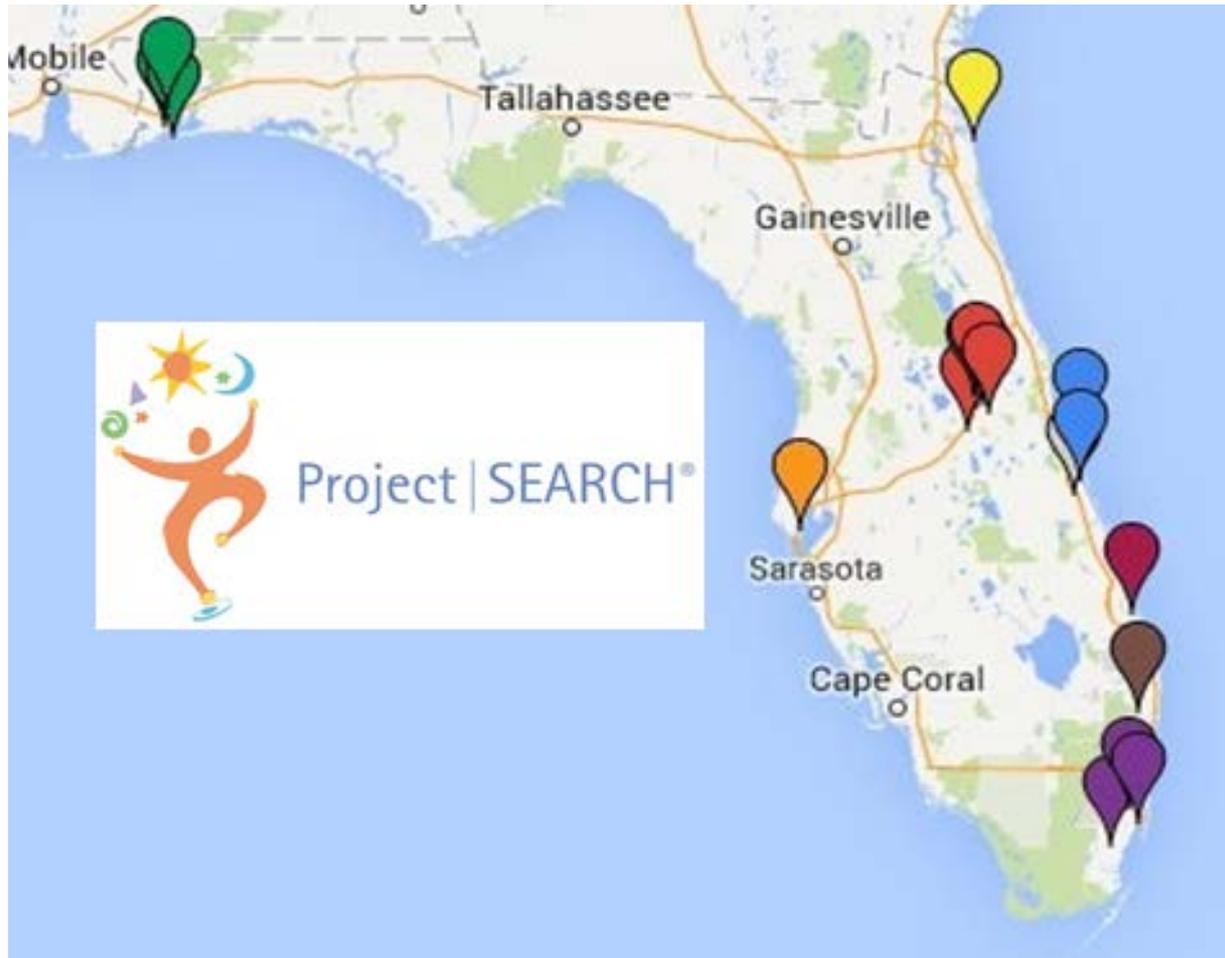

## Project SEARCH

- 400 Programs in 46 states & 6 countries
- Array of Industries
- 75% Employment Outcomes (Nationally-2015)
  - 33% employment at host sites
  - 67% employment in community
- 74% Employment Outcomes (Florida-2015) 2015 National Conference Recognition
  - 16 Florida sites with 60% or greater employment outcomes
    - 6 with 100% employment outcomes

# Orange County Public Schools

Current Project SEARCH - Florida

# OCPS Employment Outcomes

- SY 2013-14
  - Recognitions at the 2015 Project SEARCH Convention in Arizona
    - Rosen Shingle Creek Resort- 100%
    - Winter Park Memorial Hospital- 100%
    - Florida Hospital Orlando- 100%
    - Florida Hospital East – 64%
- SY 2014-15
  - 84% hire rate (Average for FL was 74%)

# Orange County Project SEARCH

- Currently 3 sites serving average of 30 students annually
- Alignment to labor market in Central Florida
- Highest level of OCPS Transition Continuum
- Data driven decision making
- Strong collaborative vision among partners

## Key Concepts

- Business Led Collaboration with:
  - School Partner
  - Florida Division of Vocational Rehabilitation
  - Supported Employment Organization
  - Agency for Persons with Disabilities
- Braided funding
- Immersion and Impact
- Train in real work settings
- Low risk, low cost for host business

Project | SEARCH®

# Best Practices

- Collaborative vetting process for 'readiness'
- Site mentoring and strategic natural supports
- Data driven decision making which includes performance assessments
- Solid working relationships

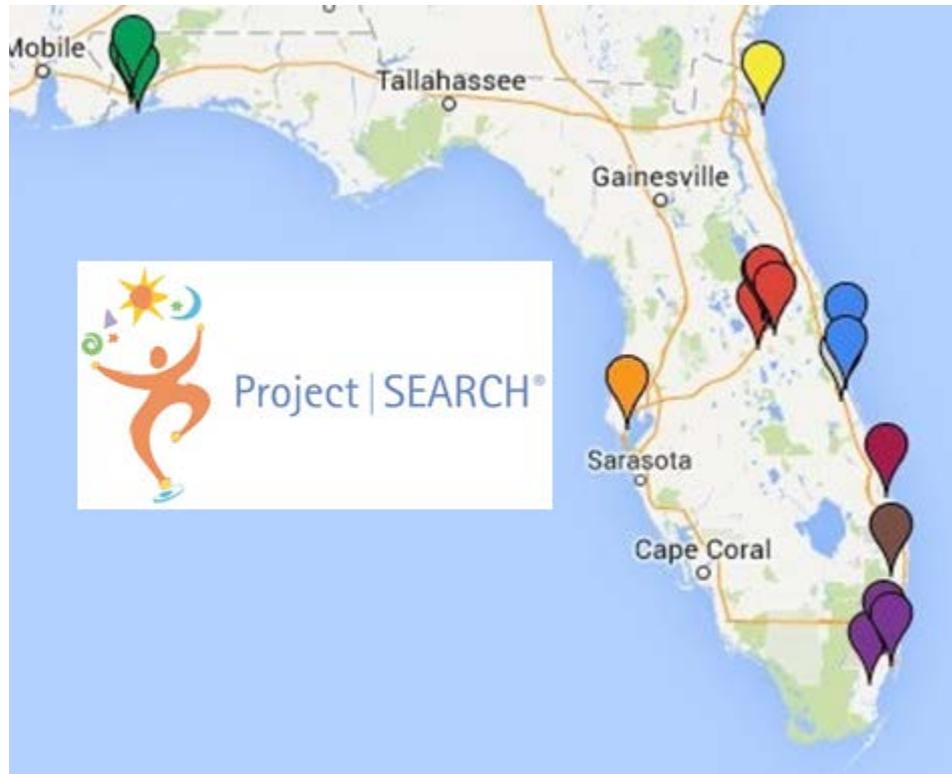

## Looking to the Future...

- Performance based qualifiers
- Examine implications of saturation
- Frontload work incentive training for students and parents
- Virtual tours
- Strategic instruction centering on Universal Design
- Including parents and former interns on steering committee

## What the host sites tell us...

- Well-trained student interns make some of the best employees
- Builds a shared sense of mission and vision (especially true of the service sector)
- Altruistic sense of purpose (i.e. giving back to the community)
- Recognition of government agencies working well together

# So why do we need more sites...

## SDPBC ESE Dept. – ACCESS Programs

*(Assimilation to Community, Careers, Employment & Self-Sufficiency)*

A dynamic initiative established in 2009 with community and business partnerships to provide quality instruction in:

- Career Development & Employment Soft Skills,
- Independent Living Skills, and
- Community Involvement

***Over 80% of ACCESS students finish FAPE employed and ready to be active, productive citizens!!***

*Located in Boynton Beach, Delray Beach, Lake Worth, West Palm Beach and on the FAU Boca Raton campus as the Transitioning Owls*
