Recommendation

Yes

Comments: Teacher would just need to supplement where the items are not shown in the textbook and activities. This mostly includes Florida History. There are great activities for deductive reasoning. I wish there was more primary and secondary sources teachers could choose from. I also wish there was more vocabulary each chapter. I wonder if chapters 8-10 are also in the Civics book. I hope they would not be repeated.

When looking at standards alignment reviewers should consider not only the robustness of the standard coverage but also the content complexity (depth of knowledge level) if appropriate. More information on content complexity as it relates to Florida standards can be found at: http://www.cpalms.org/Uploads/docs/CPALMS/initiatives/contentcomplexity/CPALMS_ccdefinitions_140711.pdf
 For example, if the standard is marked as a level 3 (strategic reasoning and complex thinking) then the materials coverage should reflect this. If the materials coverage is only sufficient to allow for recall (level 1) then this should be reflected in the points assigned.
