Alyssa’s Law Requirements

• Alyssa’s Law requires each public school to implement a mobile panic alert system that:
  • is capable of connecting diverse emergency services technologies to ensure real-time coordination between multiple first responder agencies; and
  • integrates with local public safety answering point infrastructure to transmit 911 calls and mobile activations.

In accordance with state law, systems must be in place by the start of the 2021-2022 school year.
Alyssa’s Alert Vendors Selected Through the State Procurement Process

911Cellular
AppArmor
ARES
AT&T
CENTEGIX

Everbridge
Guard911
Intrado
Motorola
Raptor
Executed Contracts

• Three contracts have been fully executed:
  - ARES
  - Raptor
  - Motorola Solutions

• As these contracts are executed, we will upload each vendor’s 15 minute introduction video onto our webpage at http://www.fldoe.org/safe-schools/alyssas-alert.stml

• Please take the time to watch these videos to assist with your selection process
Selecting a Vendor

• Once a contract is fully executed, the districts can then make a selection on which vendor they would like to work with and complete a **District Contractor Selection Form**

• School districts and charter schools may use different vendors

• Completed forms should be sent to Alyssas.Alert@fldoe.org for review

• Only after receiving notification from FDOE that the District Contractor Selection Form has been reviewed are districts and charter schools allowed to begin working with vendors to start implementing their system
Pursuant to section 1006.07(6)(e), Florida Statutes, the Department of Education ("Department") has procured mobile panic alert system solutions to be used by participating school districts (including charter schools throughout their district), lab schools, and the School for the Deaf and the Blind ("Districts"). This District Contractor Selection form, when completed by a District, shall serve as notice of a selection of services to be provided by the referenced contractor ("Contractor"). For which the Contractor will submit to the Department for reimbursement under the referenced contract ("Contract"). This identified district is a third party beneficiary to the Contract, and services will not be provided until this document is approved by the Department. Any revision to this selection must be approved by the Department prior to rendering of services. Contractors may enter into separate contracts further specifying services and timelines to be provided with school districts and/or charter school governing boards so long as the term of such contracts are consistent hereafter.

First, in order to provide the best value, maximum flexibility and control for the District, this District Contractor Selection form identifies a solution and Contractor selected by the District and the unit price for all services to be provided in the district. Total services provided to a district (including charter schools) by all contractors may not exceed the District's maximum available allocation.

The Department will reimburse the selected Contractor for services provided under the referenced contract and in accordance with the approved District Contractor Selection form, but any services which exceed the scope of the Contract will be the sole responsibility of the District. Districts shall timely review invoices submitted by contractors and approve those accurately reflecting deliverables met and providing notice of deliverables not met.

Finally, the District acknowledges that the services provided in relation to the referenced Contract may incorporate and interoperate with school safety systems which may, either now or in the future, exist within the District or their facilities. Examples may include, but are not limited to, video surveillance, automated lock, public address and/or emergency notification systems. Each District agrees that any future development or implementation of school safety systems will synchronize and integrate with the services provided under the Contract, as may be applicable and reasonably achievable.

This Contractor Selection Form includes services to be installed at (select one of the following):
- Traditional public schools only
- Both traditional public and public charter school campuses
- Public charter schools only

The District makes the following selection (indicate 50 for any contractor not selected):

<table>
<thead>
<tr>
<th>Contractor Name</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>APPARMOR/CUSTOM SOFTWARE</td>
<td>Click or tap here to enter text</td>
</tr>
</tbody>
</table>

For each contractor selected, attach a schedule indicating the name and MSD number for all school sites included, the unit price and total amount for each site, as well as the total for each vendor. The unit price shall not exceed the rates established in the contract.

Will the Contractor provide services or installation for District program or staff support facilities?
- [ ] Yes
- [ ] No

In addition to the attached schedule describing the maximum allocation per District, Districts shall attach a second schedule identifying which sites and/or campuses will utilize the services contemplated herein.

IN WITNESS WHEREOF, the below-described parties have caused their duly authorized officer(s) to execute and deliver this Contractor Selection form as of the day and year below stated.

Send completed forms to Alyssas.Alert@fldoe.org for review
Notice to Proceed

• The Office of Safe Schools will review submitted district selection forms for the following:
  • All schools are covered, including charter schools
  • The prices do not exceed the vendor’s per-site cost
  • The district does not exceed their maximum allocation
• Upon verification, the Office of Safe Schools will then provide a notice to proceed via email to the vendor and the district
Alyssa's Alert Implementation

• Notice Services Completed
  • Approved by the districts
    *County 911 coordinators must attest to certain performance measures
  • Vendor submits to FDOE with the invoice
  • FDOE will reimburse vendors after reviewing the submitted paperwork
Notice Services Completed

• Form must accompany all invoices submitted to the Department of Education for this contract and must include:

  • Vendor name, address and contract number
  • District/county work was performed
  • Services completed/verified
    • Technology evaluation
    • Implementation
    • Training
  • Work was performed at all locations
  • Local certification of
    • County 911 Coordinator or designee
    • Superintendent or designee
Technology Evaluation

• Evaluation of the following for school districts (and charter school governing boards as applicable). Must include both:
  • Public school sites with existing technology and infrastructure in place at the time of the contract execution that meet the requirements for this project as specified under state law, and
  • Identification of current gaps in infrastructure and technology at public school sites needed to meet the requirements for this project as specified under state law.
Implementation

• *Connects diverse emergency services technologies
• *Ensures real-time coordination between multiple first responder agencies
• *Integrates with local public safety answering point infrastructure to transmit 911 calls and mobile activations
• *Alerts appropriate Public Safety Answering Point (PSAP) for the jurisdiction of the location of the device
• Is customizable for each district, and charter school governing board to be able to adhere to local emergency codes, emergency naming conventions, update facility profiles, customize messaging, manage users and user access permissions
• *Provides real-time activation of the appropriate 911 system and provides at a minimum the emergency information details, location of the device, and unique identifiers of the device

*Requires county 911 coordinator confirmation
Implementation

• *Provides two-way communications
• Can be silenced by the user
• *Adheres to the county’s text-to-911 service implementation plans as required by Florida Statutes s. 365.172 (15), F.S.
• Allows and supports districts to designate and manage user permissions and user groups for notification of a panic alert activation, including users at public safety agencies, as defined in s. 365.171, F.S.
• Provides districts administrative access to provide additional campus or facility information through the system
• *Addresses all other requirements included within s. 365.171-179, F.S.– Emergency Communications Number “E911” and applicable state 911 administrative rules (60FF-6)

*Requires county 911 coordinator confirmation
Implementation

• *Provides 24/7 level one tech support to state and local administrators
• Adheres to 99.999% uptime reliability/availability
• *Ensures regular system updates are performed to include integration of 911 center updates as applicable
• Connects to both Wi-Fi and cellular
• Is compliant with all applicable privacy protection and information security state and federal laws
• *System testing (911 centers as well as state and local administrators must be notified prior to executing system tests, and scheduled system testing should be included in the annual plan.)
Training

• Provide online training and user guide(s) to end users and administrators on the use of the mobile panic alert system
Alyssas.Alert@fldoe.org
