- $10 million funding opportunity is closed.
- $5 million for apprenticeship and/or preapprenticeship programs specifically focused on aerospace, manufacturing, logistics, and engineering technology occupations from Florida’s Space Coast;
  - Flagler, Volusia, Brevard, Indian River, St. Lucie, and Martin counties **ONLY**.
Registered Apprenticeship 101
Overview

• Federal and State Laws
• Purpose of Apprenticeship/Components
• Common Terminology
• Registered Apprenticeship Sponsorship
• Apprenticeship Models
• Structure of Registered Apprenticeships in Florida
Federal Laws

• **Title 29 CFR part 29** – Labor Standards for the Registration of Apprenticeship Programs.
  • Commonly referred to as “29.29”

• **Title 29 CFR part 30** – Equal Employment Opportunity In Apprenticeship.
  • Commonly referred to as “29.30”
State Laws

- **Chapter 446** – Job Training
  - Section 446.011-092, F.S.

- **Chapter 6A-23**
  - Florida Administrative Code 6A-23.001-011
Purpose of Apprenticeship

• To enable employers to develop and apply industry recognized standards to training programs with the intention of:
  • increasing productivity;
  • improving quality of the workforce;
  • retaining company knowledge; and
  • reducing turnover.

• Registered Apprenticeship is an employer-driven process
Components of Registered Apprenticeship

**BUSINESS INVOLVEMENT**
Employees are the foundation of every Registered Apprenticeship Program.

**STRUCTURED ON-THE-JOB TRAINING**
Apprentices receive on-the-job training from an experienced mentor for typically not less than a year.

**RELATED TECHNICAL INSTRUCTION (RTI)**
Apprenticeships combine on-the-job learning with technical education at community colleges, technical schools, apprenticeship training schools, provided online or at the jobsite.

**REWARDS FOR SKILL GAINS**
Apprentices receive increases in wages as they gain higher level skills.

**OCCUPATIONAL CREDENTIAL**
Registered Apprenticeship Programs result in a nationally-recognized credential – a 100% guarantee to employers that apprentices are fully qualified for the job.
Registered Apprentices

• At least 16 years of age.
• Engaged in learning a recognized occupation through work experience under the supervision of journey-workers/mentors.
• Training is combined with related technical instruction.
• Individual has entered into a written agreement, known as an apprentice agreement, with a registered apprenticeship sponsor (employer, association of employers, local education agency or a local joint apprenticeship committee).
Common Terms

• **Registered Apprenticeship Program** – a plan containing all terms and conditions for the qualification, recruitment, selection, employment and training of apprentices, including the requirement for a written apprenticeship agreement.

• **Standards of Apprenticeship** – the minimum requirements established for each apprenticeable occupation under which an apprenticeship program is administered.
Common Terms

• **Registered Preapprentice** – any person 16 years of age or over engaged in a course registered as a preapprenticeship program with the department; this instruction may take place in the public school system or elsewhere, as permitted by state law and rule.
Common Terms

• **Registered Preapprenticeship Program** – an organized course of instruction in the public school system or elsewhere, which is designed to prepare a person 16 years of age or older to become an apprentice and is approved by and registered with the department and sponsored by a registered apprenticeship program.
Common Terms

• **Registration Agency** – a recognized State Apprenticeship Agency that has responsibility for registering apprenticeship programs and apprentices; providing technical assistance; and conducting reviews for compliance and quality assurance assessments for federal purposes. The Florida Department of Education is the US DOL approved registration agency.
Common Terms

• **Related Technical Instruction (RTI)** – An organized and systematic form of instruction designed to provide the apprentice with knowledge of the theoretical subjects related to a specific occupation. (Minimum of 144 hours per year recommended)
Common Terms

• Related Technical Instruction (RTI) (Continued):
  • It can be spread out over the course of the apprenticeship, front-loaded, segmented or articulated (prior experience credit).
  • It can be delivered by an educational institution, in-house, on-line, correspondence or any combination.
  • Apprentices can be enrolled in either clock hour or credit hour courses, when appropriate.
Common Terms

• **National Program Standards (NPS)** – Standards of Apprenticeship registered, managed and serviced by the USDOL, Office of Apprenticeship, Division of Standards and National Industry Promotion. The USDOL, Office of Apprenticeship is the Registration Agency for these programs, not the Florida Department of Education.

• Sponsors of NPS’s who have registered in Florida for reciprocity purposes, as per 29 CFR part 29.13(b)(7) are eligible to apply for the Pathways to Career Opportunity Grant Program.
Registered Apprenticeship Sponsors

Sponsors are responsible for the administration of all aspects of a Registered Apprenticeship program.

• **Who can sponsor?**
  • A single employer;
  • A trade association;
  • A group of employers;
  • Local workforce board;
  • An educational institution;
  • Community or faith-based organization; or
  • Other approved entity.
Registered Apprenticeship Models

The length of an apprenticeship program varies from one to five years depending on the occupation training requirements.

• **Time-Based:** Apprentices complete a required number of hours in on-the-job training (2,000 hour minimum required).

• **Competency-Based:** Apprentices progress at their own pace, demonstrating competency in skills and knowledge through proficiency assessments.
Registered Apprenticeship Models

• **Hybrid-Based:** Using minimum and maximum range of hours and the successful demonstration of identified and measured competencies.
Funding Purpose and General Information

Charles “Charlie” Feehrer
Grant Manager, Pathways to Career Opportunities Grant

Recommended Awards Process
Method of Review:

• Pre-screening done by FDOE staff to ensure conditions for acceptance are addressed.

• Proposals that meet the conditions for acceptance will be reviewed and scored by a team of qualified professionals and stakeholders with education and/or apprenticeship and preapprenticeship experience.

• 100 – point scale, with minimum score of 75 points required for an application to be considered for funding.
Process for Awards:

• The proposals will be ranked.
• FDOE preference and goal to identify at least one proposal for award per apprenticeship region.
• FDOE staff will review recommended proposals for compliance with programmatic and budget policy.
Process for Awards:

• Awards are subject to the availability of funds.
• Proposals approved by the Commissioner of Education for funding will receive notification from FDOE staff.
• The Commissioner has final approval and may recommend an amount greater or less than the amount requested in the proposal.
