

6A-10.0315 Common Placement Testing and Instruction.

(1) The purpose of this rule is to establish the test scores a student must achieve to demonstrate readiness to perform college-level work pursuant to section 1008.30, F.S. A student who demonstrates readiness by achieving or exceeding standard test scores established herein and enrolls in a Florida College System institution within two (2) years after achieving such scores shall not be required to retest or complete developmental education at a Florida College System institution. “Developmental education” prepares students for college level reading, writing and mathematics courses. A student admitted to a Florida College System institution whose score on a common placement test indicates a need for developmental education must be advised of all the developmental education options offered at the institution and, after advisement, shall be allowed to enroll in the developmental education option of his or her choice. Colleges must allow students to enroll in developmental education courses.

(a) through (b) No change.

(2) Exempt and non-exempt students meeting or exceeding standard scores on any of the following tests, using the highest score in the case of multiple scores, may be enrolled in college level courses. Institutions shall accept scores on the public high school transcript as an official record of scores.
