**EXECUTIVE SUMMARY**

Section 1003.42, Florida Statutes, requires certain topics of required instruction. In 2019, an annual reporting component was adopted in Rule 6A-1.094124, F.A.C. In July 2020, school districts submitted their first annual reports, detailing in which courses the topics were instructed, the materials used, and the qualifications of the instructors. The Required Instruction Reporting Portal was developed to capture this data. This presentation will provide summary of the information submitted in the first annual reports, district exemplars, and recommendations for next steps.
