2021-2022 Mental Health Application

Part I: Youth Mental Health Awareness Training Plan

Part II: Mental Health Assistance Allocation Plan

(Taylor County)

Deadline for submission to ShareFile:
on or before August 1, 2021

Purpose

The purpose of the combined mental health application is to streamline and merge two programs into one application. The Youth Mental Health Awareness Training (YMHAT) Plan and the Mental Health Assistance Allocation (MHAA) Plan are to provide supplemental funding to districts so schools can establish, expand and/or improve mental health care, awareness and training and offer a continuum of services. These allocations are appropriated annually to serve students and families through resources designed to foster quality mental health. This application is separated into two primary sections: Part I includes the YMHAT Plan and Part II includes the MHAAP

Part I. Youth Mental Health Awareness Training Plan

In accordance with section (s.) [1012.584](#), Florida Statutes (F.S.), the YMHAT allocation is to assist districts with providing an evidence-based youth mental health awareness and assistance training program to help school personnel identify and understand the signs of emotional disturbance, mental illness and substance use disorders, and provide such personnel with the skills to help a person who is developing or experiencing an emotional disturbance, mental health or substance use problem.

Part II. Mental Health Assistance Allocation Plan

In accordance with [1011.62\(16\)](#), F.S., the MHAA Plan allocation is to assist districts in establishing or expanding school-based mental health care; training educators and other school staff in detecting and responding to mental health issues; and connecting children, youth and families who may experience behavioral health issues with appropriate services.

Submission Process and Deadline

The application must be submitted to the Florida Department of Education (FDOE) ShareFile <https://fldoe.sharefile.com/r-rc3dac894fc9c4e6c9ff43fbc331a4286> by the deadline **August 1, 2021**.

There are two submission options for charter schools:

- Option 1: District submission includes charter schools in both parts of the application.
- Option 2: Charter school(s) submit a separate application from the district.

Part I. Youth Mental Health Awareness Training Plan

YMHAT Objective: provide an evidence-based youth mental health awareness and assistance training program to help school personnel identify and understand the signs of emotional disturbance, mental illness and substance use disorders, and provide such personnel with the skills to help a person who is developing or experiencing an emotional disturbance, mental health or substance use problem.

Part I. Youth Mental Health Awareness Training Plan and Projected Budget

Section A: YMHA Training Plan

1. What is the percentage of employees currently trained and certified in Youth Mental Health First Aid (YMHA)?	
There are 95 % of employees trained and certified as of	July 20, 2021
2. Explain the training goal(s) for the upcoming 2021-2022 school year.	
The goals are to complete certification training for two new trainers in order to complete training for the remaining 5% of staff and all new employees	
3. In addition, the annual goal for the 2021-2022 school year is to train:	
98 % of employees as of	7/31/22
4. Explain the training goal(s) for the next 3-5 years.	
Teaching planning days will be utilized to complete youth mental health training.	
5. What is the procedure for training new personnel to the district?	
Teaching planning days will be utilized to complete youth mental health training.	
6. Explain how the district will utilize the following three YMHA programs:	
<ul style="list-style-type: none"> • YMHA 	
All new staff and staff who have not completed YMAT will participate in the training prior to 7/31/22	
<ul style="list-style-type: none"> • YMHA Recertification 	
All staff who have completed the YMHA will be recertified within the 3 year time frame	
<ul style="list-style-type: none"> • Kognito At-Risk Modules (at all three levels: elementary, middle, high school) 	
This program is not currently being used, as it is not currently needed.	

Section B: YHHA Projected Budget

2021-2022 Mental Health Application

Categories	Detailed Description, number of activities within each category	Cost Per/Each	Total Projected Budget by Category
1. Stipends (Detailed # of personnel and stipend cost per person)	The training is online.		
2. Materials (Detail # of units x individual unit cost, plus shipping)	The curriculum is provided by the training company.		
3. National Council (YMHFA) Training (Detailed description of each training activity to include # of personnel and individual training costs)	2 staff members will be trained to be certified instructors	\$2000.00 per employee	\$ 4,000.00
4. Additional Kognito Modules (Provide the name of training module and cost)	N/A	\$0	\$0

TOTAL 2021-2022 BUDGET:

5. Additional narrative (optional):

Part II. Mental Health Assistance Allocation Plan s. 1011.62 (16), F.S.

Section A: MHAA Plan Assurances

The district assures...

- ✓ One hundred percent of state funds are used to expand school-based mental health care; train educators and other school staff in detecting and responding to mental health issues; and connect children, youth and families with appropriate behavioral health services.
- ✓ Mental health assistance allocation funds do not supplant other funding sources or increase salaries or provide staff bonuses or incentives.
- ✓ Maximizing the use of other sources of funding to provide school-based mental health services (e.g., Medicaid reimbursement, third-party payments and grants).
- ✓ Collaboration with FDOE to disseminate mental health information and resources to students and families
- ✓ The district website includes local contacts, information, and resources for mental health services for students and families.
- ✓ Includes a system for tracking the number of students at high risk for mental health or co-occurring substance use disorders who received mental health screenings or assessments; the number of students referred to school-based mental health services providers; the number of students referred to community-based mental health services providers; the number of students who received school-based interventions, services or assistance; and the number of students who received community-based interventions, services or assistance.

A school board policy or procedure has been established for...

- ✓ Students referred for a mental health screening assessed within 15 calendar days of referral.
- ✓ School-based mental health services initiated within 15 calendar days of identification and assessment.
- ✓ Community-based mental health services initiated within 30 calendar days of referral coordinating mental health services with a student's primary mental health care provider and other mental health providers involved in student care.
- ✓ Assisting a mental health services provider or a behavioral health provider as described in s. 1011.62, F.S., respectively, or a school resource officer or school safety officer who has completed mental health crisis intervention training in attempting to verbally de-escalate a student's crisis situation before initiating an involuntary examination pursuant to s. 394.463, F.S. Procedures must include strategies to de-escalate a crisis situation for a student with a developmental disability as that term is defined in s. 393.063, F.S.
- ✓ The requirement that in a student crisis situation, the school or law enforcement personnel must make a reasonable attempt to contact a mental health professional who may initiate an involuntary examination pursuant to s. 394.463, F.S., unless the child poses an imminent danger to self or others before initiating an involuntary examination pursuant to s. 394.463, F.S. Such contact may be in person or using telehealth, as defined in s. 456.47, F.S. The mental health professional may be available to the school district either by contracts or interagency agreements with the managing entity, one or more local community behavioral health providers, or the local mobile response team, or be a direct or contracted school district employee.

Section B: Planned Outcomes

Identify one or two specific and measurable outcomes for your district's plan to achieve through the 2021-2022 evidence-based mental health program.

Goal 1: 80 % of all high school students will complete PHQ-9 screener prior to December 1st, 2021 to expand services. Of the identified at risk high school youth 70% will complete EBP- Blues Program before May 1st, of 2022.

Goal 2: K-5 teachers will complete the SRSS-IE on a minimum of 80% of all students assigned by December 1st, 2021. 70% of all students that score a minimum of internal and external moderate risk level will participate in EBP- Positive Actions by May 1st, 2022

Goal 3: 80% of all students Grades 6-8 will complete the PHQ-9 by December 1st, 2021. Of the identified at risk high school youth 70% will complete Positive Actions before May 1st, of 2022.

Section C: District Program Implementation

Please include the following in this section:

1. Evidence-Based Program (EBP) and Description

Name and provide the essential elements of the EBP you will be implementing through a Multi-Tiered System of Supports (MTSS) using one or more of the preferred EBP/Practices found in [Blue Menu of Evidence-Based Psychosocial Interventions for Youth](#) and the [SAMHSA Evidence-Based Practices Resource Center](#).

Describe the key EBP components that will be implemented as well as any related activities, curricula, programs, services, policies and strategies.

***If you will be using another EBP other than those provided above please explain using the same format listed.**

2. EBP Implementation

This should include:

- Explain how your district will implement evidence-based mental health services for students to improve the early identification of social, emotional, behavioral problems or substance use disorders, as well as the likelihood of at-risk students developing social, emotional, behavioral problems, depression, anxiety disorders, suicidal tendencies, and how these will assist students dealing with trauma and violence.
- Explain how the supports will deliver evidence-based mental health care assessment, diagnosis, intervention, treatment, and recovery services to students with one or more mental health or co-occurring substance abuse diagnoses and to students at high risk of such diagnoses.

3. Outcome Measures

- Provide the outcome measures of your EBPs and how each aligns with your overall annual program goals in Section 2

4. Multi-tiered System of Support (MTSS)

- Identify the tier(s) of the EBP being implemented

Table 1: District Program Implementation

2021-2022 Mental Health Application

		<p>Skills for social interaction*</p> <p>Peer: Interaction with prosocial peers</p> <p>Family: Attachment to parents, Opportunities for prosocial involvement with parents, Rewards for prosocial involvement with parents</p> <p>School: Opportunities for prosocial involvement in education, Rewards for prosocial involvement in school</p>			

Additional narrative may be added [here](#)

Section D: Direct Employment**Table 2: MHAA Plan Direct Employment**

Position	Current Ratios of August 1, 2021	2021-2022 Proposed Ratio by June 30, 2022
School Counselor	1:1300	1:650
School Social Worker	1:1300	1:1300
School Psychologist	1:2600	1:1300
Other Licensed Mental Health Provider	1:866	1:866

Direct employment policy, roles and responsibilities	Description
Explain how direct employment of school-based mental health services providers (school psychologists, school social workers, school counselors and other licensed mental health professionals) will reduce staff-to-student ratios.	Adding the School Psychologist will reduce the ratio of students to School Psychologist in half.
Describe your district's established policies and procedures to increase the amount of time student services personnel spend providing direct mental health services (e.g., review and revision of staffing allocations based on school or student mental health assistance needs).	Taylor County schools will get students in crisis seen immediately with on campus Licensed Mental Health Providers on campus every day. The referral process is streamlined to get referrals to outside agencies and the child seen within 30 days. A child seen directly by a licensed mental health provider not in crisis will be seen within 15 days.
Describe the role of school based mental health providers and community-based partners in the implementation of your evidence based mental health program.	A licensed mental health provider is on campus every school day and is available immediately in the need of a crisis and within 15 days if not a crisis. Taylor County Schools has agreements with three different outside agencies that will provide on campus counseling to students within 30 days of a referral.

2021-2022 Mental Health Application

List the contracts or interagency agreements with local behavioral health providers or Community Action Team (CAT) services and specify the type of behavioral health services being provided on or off the school campus.

Table 3: MHAA Plan Contracts or Interagency Agreements and Services Provided

Mental Health Provider:	Agency:	Services Provided:	Funding Source:
Providers will be one of the following professionals: Reg. Interns/LCSW/MSW/MS/LMH C	Panhandle Therapy	Direct Service	Medicaid, Insurance, CARES Grant
Providers will be one of the following professionals: Reg. Interns/LCSW/MSW/MS/LMH C	Community Wellness	Direct Service	Medicaid, Insurance, CARES Grant
John Jones, MSW, Registered Clinical Social Worker		Direct Service	Cares Grant
Providers will be one of the following professionals: Reg. Interns/LCSW/MSW/MS/LMH C	A New Dawn, A New Beginning	Direct Service	Medicaid Insurance

Section E: Planned Expenditures

Table 4: MHAA Planned Expenditures

Allocation Expenditure Summary	Total
Unexpended Mental Health Assistance Allocation funds from previous fiscal years:	42,376.69
School district expenditures for mental health services provided by staff who are employees of the school district:	0
School district expenditures for mental health services provided by contract-based collaborative efforts or partnerships with community-based mental health program agencies or providers: Licensed Mental Health Counselor; Mental Health Coordinator- \$110,000 Licensed Mental Health Counselor for July Summer 2021- \$6740.16 Soliant (School Psychologist)- \$72,736.88 PBS Behavioral Services- \$10,000 A New Dawn, A New Beginning (Licensed Clinical Social Worker)- \$40,000	239477.04
Other expenditures (see below):	6440.25
Total MHAA expenditures:	245917.29

Other expenditures (specify details such as type, supplies, training, and amount):
