Data Element Number: 197290
Data Element Name: Industry Certification Date Earned

Description of Changes:
7/1/2018 Year Implemented New data element - 2018-19
Data Element Number: 140462

Data Element Name: Industry Certification Identifier

The identifier assigned by the Florida Department of Education to specify the CAPE Digital Tool Certificate, CAPE Industry Certification, CAPE Acceleration Industry Certification, CAPE Innovation Course, or technical skill attainment examination that the student has taken/attempted.

See Appendix Z for a list of the Industry Certification Identifiers.

The following procedures apply for CAPE Digital Tool Certificates, CAPE Industry Certifications, CAPE Acceleration Industry Certifications, and technical skill attainment examinations:

For certifications or assessments with more than one exam, an industry certification identifier should only be reported when all exams required to earn the certification or pass the assessment have been taken/attempted.

For example, MICRO069 - This Microsoft bundle requires that a student pass three of six exams. Students must have taken at least three exams for the industry certification identifier to be reported.

For certifications or assessments with work experience requirements, an industry certification identifier may be reported as an attempt when all exams have been taken and any requirements other than work experience are satisfied (i.e., report valid identifier on Industry Certification Identifier element and outcome of "F" on the Industry Certification Outcome element). However, students may not be reported with an "F" for two consecutive years if the only certification requirement outstanding is the work experience.

For example, NRAEF002 - This certification requires the student pass Year 1 and Year 2 exams and complete 400 hours of work experience. A student may be reported one time with this industry certification identifier and an outcome of "F" if the exams have been taken but the work experience was not successfully completed.

For a student earning an industry certification in a prior year (value of “P” on industry certification outcome), the student may not be reported with that same industry certification identifier in a subsequent reporting year.

For example, ADOBE012 - This certification often has software updates and new versions of the software and subsequent exams are released. If a student earned the ADOBE012 certification in 2011-12, the student may not be reported as attempting or earning that industry certification in any following year.

Reporting on this data element is end of year reporting only for K-12 (Survey 5). The outcome reported should be the final outcome for the reporting year.

For example, ADOBE012 – If a student took this exam twice during the same year and failed the exam on two occasions, the certification identifier and outcome should only be reported once. If the student took an exam and failed on the first attempt and then the student re-tested on the same exam and earned the certification, only the final outcome on the industry certification identifier should be submitted.

The following procedures apply for CAPE Innovation Course reporting:

All students enrolled in CAPE Innovation Courses should have a value reported on this format. One identifier is used for all CAPE Innovation Courses for purposes of reporting performances in the course – CAPEI001. For example, outcomes for AP Microeconomics Innovation (Course Number: 2102365) are reported for all students enrolled in this course on the Industry Certification format with an identifier of CAPEI001.

**NOTE:** This element applies to institutions for neglected or delinquent children as defined in Title I, Parts A and D of the Elementary and Secondary Education Act, as amended by Public Law 107-110. Examples of institutions that might meet the definitions in this legislation are juvenile detention centers, children’s homes, halfway houses, county jails, marine institutes, and wilderness institutes. Districts should consult the regulations for specific qualifying requirements.

This information is reported in Survey Periods 5 and 9 only. For other Survey Periods and for students for whom this element is not applicable use 0000.

For Survey Period 9 the following applies:

For Title I, Part D, Students in Locally Operated Residential Programs (Subpart 2): Report locally operated Neglected/Delinquent Institution Numbers only for students, ages 5-17 inclusive, who resided in the institution or were present in the institution for at least one day during the designated 30 day count period in the reporting year. The count period (which may be set separately for each institution) is 30 consecutive calendar days at least one of which falls within the month of October.

For Title I, Part D, Students in State-Operated Residential Programs (Subpart 1): Report stateoperated Neglected/Delinquent Institution Numbers only for students, under age 21, who received free public education provided by the state and enrolled in a regular program for at least 20 hours per week in a Neglected or Delinquent institution or 15 hours per week in an adult correctional institution. The average length of stay for students in each of these institutions must be at least 30 days.

For Survey Period 5 the following applies: Submit this number for any student who resided in a locally operated residential neglected or delinquent facility or was present in a locally operated non-residential neglected or delinquent program at any time between July 1 and June 30 of the reporting year.

As defined by Every Student Succeeds Act (ESSA) of 2015, as amended, an indicator that the migrant student made a qualifying move within the previous 1-year period who 1) are failing, or most at risk of failing, to meet the challenging State academic standards or 2) have dropped out of school. Students identified as “Priority for Services” must receive services prior to migrant funds being utilized for other migrant children. The following indicators must be used to identify the children who should receive “Priority for Services”.

The migrant student who:

Has a qualifying move during the current or previous school year. A “qualifying move” occurs when a child has moved with or to join a qualifying agricultural worker, or is the qualifying worker, and moved due to economic necessity, across school district lines, from one residence to another. The date of the most recent qualifying move will be documented as a “qualifying arrival date” (QAD) in the most recent approved certificate of eligibility (COE). This determination is made on a “rolling” basis, that is, at the time an eligible migratory child is identified and enrolls in school, the preceding 12-month enrollment history should be reviewed for the most recent QAD.

AND

1) Scored at Level 1 or Level 2 on the Florida Standard Assessment (FSA); or
2) Is an English Language Learner *; or
3) Was retained at any time; or
4) Has an age/grade discrepancy; or
5) Is at risk of failing to meet the state graduation requirement by having one or both of the following:
   5.1) an unweighted GPA of 2.0 or below, or
   5.2) insufficient credits for promotion or graduation and/or did not pass a required End of Course exam

OR

Has dropped out of school.

Data Element Number: 197296
Data Element Name: Migrant Residency Verification Date
Data Element Number: 148625
Data Element Name: Migrant Status Term

Migrant Status Term codes are to be used to indicate which term(s) a migratory child was served and/or identified in. According to section 1309(3) of the Every Student Succeeds Act as of 2015, as amended, the term "migratory child" means:

"...a child or youth who made a qualifying move in the preceding 36 months - - - (A) as a migratory agricultural worker or a migratory fisher; or (B) with, or to join, a parent or spouse who is a migratory agricultural worker or a migratory fisher."

For the purposes of this data element, the term "enrolled" refers to children who were enrolled in school during the school year. The term "served" means the child received instructional and/or support services funded fully or partially out of Title I, Part C. The term “Migrant Summer/Intersession Program” refers to a Migrant-specific service component funded fully or partially out of Title I, Part C that takes place after the end of the regular school year or, for year-round schools, during a break in the regular term of a year-round school.

NOTE: Codes B, D, E and S typically apply to PK-12 children who are participating in services provided by a public school system program. "Non-attenders" are typically children who are Out of School Youth (OSY), birth-2 population, 3-5 year olds, 18-21 year olds, etc.

Data Element Number: 160825
Data Element Name: Period Number

A period is defined as the instructional time of the school day during which a class or section of a course is offered.

Standard meeting time courses to which the student is assigned should be coded as a beginning and ending period.

Valid codes include the range from 0000 to 8080, NN88 (where NN is numeric), 9800 (a class period for a course number corresponding to the end-of-course assessment that was passed by the student without being enrolled in the corresponding course), and 9999. (adult education classes with no standard meeting time).

Nonstandard meeting time courses to which the student is assigned for classes that meet differing periods during the week should be coded with the first two digits as the first period the class meets during the week and 88 for the third and fourth digits.

Data Element Number: 197260
Data Element Name: Postsecondary School of Enrollment

Definition: The state assigned four-digit school number in which the student is officially enrolled in postsecondary instruction.

Postsecondary School of Enrollment will be used for reporting performance outcomes by school for legislatively required reports. Examples of situations where the school number for current instruction/service matches the Postsecondary School of Enrollment include when instruction is provided at a Council on Occupational Education (COE) accredited school, a non-COE accredited institution providing instruction in districts that do not have a COE accredited site, and an institution in which the local provider has determined should be a school of enrollment for reporting of performance outcomes.

School of Instruction should not match School of Enrollment in the following situations:
• Instruction is provided on an extension campus which falls under the accreditation of a Council on Occupational Education (COE) accredited site. In this situation the school of enrollment would be the accredited school, and the school of instruction would be the school where services were received.
• Instruction is provided at a separate school that has been approved as an alternate site under an accredited institution. In this situation the school of enrollment would be the accredited school, and the school of instruction would be the school where services were received.
• A student is dual enrolled and instruction is provided at the secondary school. In this situation, the school of enrollment would be the school that was providing the instructional services, not the physical location of the instruction.

Data Element Number: 164825
Data Element Name: Quality Points District, Term
Data Element Number: 165625
Data Element Name: Quality Points State, Cumulative

The number of quality points earned by the student for all grade 9-12 courses completed to date in which an academic grade has been awarded. This total is used in the calculation of the Grade Point Average State, Cumulative.

<table>

If the district’s own scale for quality points is identical to the scale described below, a separate element will not be needed. This element is intended for use only where Quality Points District, Cumulative is based on a different scale.

The quality point scale to be used for this element follows (values in the scale are adjusted by the credit value of the course):

4  quality points for “A”
3  quality points for “B”
2  quality points for “C”
1  quality points for “D”
0  quality points for “F”
0  quality points for incomplete “I”

Quality points for a .5 credit course with a grade of “B” would be 001.50.
Quality points for a 1.0 credit course with a grade of “B” would be 003.00.

See Section 1003.437, Florida Statutes, for current requirements.

Data Element Number: 168521
Data Element Name: **Reading Intervention Component**

A code indicating whether or not the course is used to provide reading intervention for the student as per section 1008.25(4)(a) and (5)(a), F.S. Students who have been determined to have a reading deficiency must receive intervention, or identified to receive an intervention, in the locally developed district KG-12 Comprehensive Reading Plan and must receive the interventions delineated in the approved plan.

This indicator applies to students in grades KG-12. Report a 'Z' for prekindergarten students.

**Notes:**
1. Prior to 2011-12 students did not enroll for graduation in district number 71. This district number and its valid school numbers were used by the Florida Virtual School for reporting District Number, Current Enrollment, and School Number. Beginning in 2011-12, district 71 began using the true district and school of enrollment for all students instructed in that district.
2. For Survey 5 Student End of Year Status, report the last school attended during the 180 day school year. If the student only attended the district in the summer then report the summer school number.
3. Prior to 2011-12 students in school number 7023 were reported using school number 7001.

Data Element Name: School Number, Where Tested
The state assigned four-digit school number for the school to which the student would be assigned if he/she were not assigned to the alternative school or to a hospital-or homebound program, as outlined in State Board of Education Rule 6A-1.099822, F.A.C., and pursuant to sections 1008.34(3) and 1008.341, F.S. Alternative schools include separate schools for students with disabilities (also known as center schools). In addition reporting includes the state assigned four-digit number for the school to which the student would be assigned if he/she were not involved in controlled open enrollment (public school parental choice) per s. 1002.31(1), F.S.

Federal social security number. Left justified.

STAFF SOCIAL SECURITY NUMBER: Report the social security number for all instructional staff on the Teacher Course and the Career and Technical Education Teacher Course formats.

NOTE: For contracted or charter school staff for whom the school district cannot obtain a Social Security Number, the district must assign a Staff Number Identifier for the employee using the following method:

First Two Positions
CS The first two positions in the Social Security Number field must be coded with the letters “CS”.

Last Seven Positions
NNNNNNN The last seven positions must be numeric.

NOTE: The district-defined Staff Number Identifier must result in a unique staff number within the district.

NOTE: A student is involved in a hate crime if they cause physical injury, emotional suffering or property damage through intimidation, harassment, racial/ethnic slurs and bigoted epithets, vandalism, force or the threat of force, motivated all or in part by hostility to the victim’s real or perceived race, religion, color, sexual orientation, ethnicity, ancestry, national origin, political beliefs, marital status, age, social and family background, linguistic preference or disability1. The person was involved in creating an intimidating, hostile or offensive educational environment. The motivation (intent) behind the act is the key element in determining whether an incident is hate-related2.

1. Mental or Physical Disability means that the victim suffers from a condition of physical or mental incapacitation due to a developmental disability, organic brain damage, or mental illness, and has one or more physical or mental limitations that restrict the victim’s ability to perform the normal activities of daily living (Section 775.085, F.S.).

<td>1. Student A’s school day begins at 7:30 A.M. and ends at 2:30 P.M. and the student attends five days per week. The total amount of time in school is calculated based on seven hours per day, five days per week. This equates to 2100 minutes per week.</td>

<td>2. Student B’s school day begins at 7:30 A.M. and lasts until 12:30 P.M. The student then leaves the school campus to go to an on-the-job training site (OJT) on Monday, Wednesday, and Thursday. The student works until 5:00 P.M. on those days. For the three days the student goes to OJT, the minutes would equate to 570 minutes per day x 3 days = 1,710 minutes. For the two days the student does not work, the minutes would equate to 300 minutes per day x 2 days = 600 minutes. Description of Changes:

WDIS Student Instructional Hours is a whole number, expressed in hours, assuming no decimal places and right justified with leading zeros.

WDIS Student Instructional Hours may not be reported in the Workforce Development Information System (WDIS) for students enrolled in courses or programs for which the direct instructional costs have been fully funded by an external agency. Section 1011.80(5)(d), Florida Statutes:

“State funding and student fees for workforce education instruction shall be established as follows: For a public educational institution that has been fully funded by an external agency for direct instructional costs of any course or program, the FTE generated shall not be reported for state funding.”

For Adult General Education (Cost Reporting Codes ranging from 401 – 409*):

WDIS Student Instructional Hours for adult general education students must be reported in accordance with the requirements in Rule 6A-10.0381, Florida Administrative Code. The text of the rule can be accessed at the following web link: https://www.flrules.org/.

A technical assistance paper and rule summary are posted here (See “Instructional Hours Reporting for Adult Education.’): http://www.fldoe.org/academics/career-adult-edu/career-adult-edu-technical-assistance-.stml

For Career Certificate and Applied Technology Diploma (Cost Reporting Codes ranging from 351 – 369*):

For career certificate and applied technology diploma students, the WDIS Instructional hours shall be defined as the number of scheduled course hours from a student’s first day of enrollment in a course and to his/her last scheduled day of enrollment in the course. If the student’s enrollment in a course crosses reporting surveys, the instructional hours shall be pro-rated across the survey.

WDIS Instructional hours may not exceed the contact hours for which a student has paid/deferred tuition or received a waiver for the payment of tuition; the only exception is for instructional hours of students who withdrew after the drop/add period. If a student withdraws from a course prior to the end of the reporting survey (but after a drop/add period), the instructional hours may still be reported through the end of the course for that survey. For cases in which a student transfers to a different section in the same course during the survey, the instructional hours for the first section must be reported based on the hours from the date of enrollment to the date of transfer.

</tr>
</tbody>
</table>

For Continuing Workforce Education and Apprenticeship (Cost Reporting Codes ranging from 341 – 349, 371 and 372*):

For each Continuing Workforce Education and apprenticeship student, the WDIS Student Instructional Hours shall be defined as the number of scheduled hours from that student’s first day of enrollment in that program and course through the last scheduled day for that program and course in the survey regardless of attendance.
The following Continuing Workforce Education and apprenticeship examples apply in district XX where there are 18 weeks in a semester. The WDIS class in question is scheduled to meet for one hour twice each week for a WDIS Class Length of 36 scheduled hours.

</table>

NOTE: "Year-round school" means a school where each student received at least 180 days of instruction. However, rather than attending school for eight or nine consecutive months with consecutive months for vacation or beyond 180 day school year instructional periods, students are offered educational opportunities over an 11 month or 12 month period, with shorter, staggered vacation periods or beyond 180 day school year instructional periods throughout the year.

“Extended school year” is defined as a school program which extends the school year to 210 days or more, in accordance with Section 1011.62(1)(r), F.S.

For the Student Transportation format only codes A and Z are applicable.

Data Element Number: 197231
Data Element Name: Zero-Tolerance: Expulsions

A code indicating whether or not the student was removed from the school setting for an extended length of time with or without continuing education services due to state or local zero-tolerance policies.

A zero-tolerance policy is a policy that results in mandatory expulsion of any student who commits one or more specified offenses (for example, offenses involving guns, or other weapons, or violence, or similar factors, or combinations of these factors). A policy is considered “zero-tolerance” even if there are some exceptions to the mandatory aspect of the expulsions, such as allowing the chief administering officer of an LEA to modify the expulsion on a case-by-case basis.

<table>
<thead>
<tr>
<th>Code</th>
<th>Definition/Example</th>

</thead>
<tbody>
<tr>
<td>N</td>
<td>No, the student’s expulsion was not due to zero-tolerance policies.</td>
</tr>
<tr>
<td>Y</td>
<td>Yes, the student’s expulsion was due to zero-tolerance policies.</td>
</tr>
<tr>
<td>Z</td>
<td>The student was not expelled.</td>
</tr>
</tbody>
</table>

Note: Students coded Y or N must have a code E, F or U on the Discipline/Resultant Action Code element.
