

FLORIDA STUDENT HOMELESSNESS VERIFICATION FOR TUITION AND FEE EXEMPTION PURPOSES

Applicable for use at School District Career Centers, Charter Career Centers, and Florida College System Institutions

Pursuant to section 1009.25, Florida Statutes (F.S.), and Rule 6A-10.087, Florida Administrative Code (F.A.C.), each Florida College System institution's board of trustees, each district school board with a career center, and each board of directors for a charter technical career center (hereafter referred to as "institution"), must exempt students experiencing homelessness from the payment of tuition and fees, including lab fees. This form must be completed for each student exempted from the payment of tuition and fees based on their status as a student experiencing homelessness.

Who is a "student experiencing homelessness" for the purpose of the tuition and fee exemption? An individual who lacks a fixed, regular, and adequate nighttime residence, including an individual who would meet this definition but for their residence in college dormitory housing. Examples include:

- An individual who is sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason (doubled-up).
- An individual who is living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative adequate
 accommodations.
- An individual who is living in emergency or transitional shelters.
- An individual whose primary nighttime residence is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings.
- An individual who is living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings.

This tuition and fee exemption applies to students who have been identified as a "homeless child or youth" under the McKinney-Vento Homeless Assistance Act while in grades K through 12 and who continue to experience homelessness; it also includes students who were not previously identified as a "homeless child or youth" while in grades K through 12, but who are now experiencing homelessness defined in section 725 of the McKinney-Vento Homeless Assistance Act, Section 1009.25, F.S., or Rule 6A-10.087, F.A.C.

Students who were determined to be experiencing homelessness in the prior school year are presumed to maintain the same status for each subsequent year at the same institution, unless the student informs the institution that circumstances have changed, or the institution has specific conflicting information about the student's circumstances and has informed the student of this information.

Do both parts of this form need to be completed? No. Only one part is required to be filled out for each student seeking a tuition and fee exemption under section 1009.25(1)(e), F.S., depending upon the information available for the student:

- Part 1: Certain individuals are authorized to confirm that a student is experiencing homelessness for the purposes of the tuition and fee exemption. If a determination that the student is experiencing homelessness can be or has been made by any of the parties listed in Part 1, no further action is needed once Part 1 is completed and acknowledged by the institution. This form shall be considered as sufficient documentatation and adequate for the same or subsequent year in the absence of documented conflicting information. If a determination by the listed individuals is not available for the student, the institution is not required to have Part 1 completed and may skip to Part 2.
- Part 2: Part 2 is required to be completed only when the confirmation required in Part 1 is not available. Institutions must make a case-by-case determination of the student's circumstances and document the information in Part 2.
