

Data Element Number: **140462**

Data Element Name: **Industry Certification Identifier**

The identifier assigned by the Florida Department of Education to specify the CAPE Digital Tool Certificate, CAPE Industry Certification, CAPE Acceleration Industry Certification, or other approved industry recognized credential that the student has taken/attempted during the submission year.

See Appendix Z for a list of the Industry Certification Identifiers.

The following procedures apply for CAPE Digital Tool Certificates, CAPE Industry Certifications, CAPE Acceleration Industry Certifications, and other industry recognized credentials.

For certifications or assessments with more than one exam, an industry certification identifier should only be reported when all exams required to earn the certification or pass the assessment have been taken/attempted.

For example, INTUT003 - This bundle requires passing two exams. Students must have taken both exams for the industry certification identifier to be reported.

For certifications or assessments with work experience requirements, an industry certification identifier may be reported as an attempt when all exams have been taken and any requirements other than work experience are satisfied (i.e., report valid identifier on Industry Certification Identifier element and outcome of "F" on the Industry Certification Outcome element). However, students may not be reported with an "F" for two consecutive years if the only certification requirement outstanding is the work experience.

For example, FLVMA002 - This certification requires the student pass exams and complete 500 hours of work experience. A student may be reported one time with this industry certification identifier and an outcome of "F" if the exams have been taken but the work experience was not successfully completed.

For a student earning an industry certification in a prior year (value of "P" on industry certification outcome), the student may not be reported with that same industry certification identifier in a subsequent reporting year.

For example, some certifications are released with new versions of software, but the DOE does not issue a new certification code.. If a student earned an earlier version of a certification that still has the same certification code, the student may not be reported as attempting or earning that industry certification in any following year.

Reporting on this data element is end of year reporting only for K-12 (Survey 5). The outcome reported should be the final outcome for the reporting year.

For example, INTUT002– If a student took this exam twice during the same year and failed the exam on two occasions, the certification identifier and outcome should only be reported once. If the student took an exam and failed on the first attempt and then the student re-tested on the same exam and earned the certification, only the final outcome on the industry certification identifier should be submitted

Code	Definition/Example
CISCO026	Cisco Certified Network Associate (CCNA)
NIASE007	ASE Automobile/Light Truck Technician: Brakes (A5)

Data Element Number: **140462**  
 Data Element Name: **Industry Certification Identifier**

#### Data Element Detailed Information

Length:	8	<b>Use Types:</b>	
Data Type:	Alphanumeric	State Reporting:	Yes
Year Implemented:	0708	Local Accountability:	Yes
State Standard:	No	FASTER:	Yes
Required Grades:	PK-12, Adult	Migrant Tracking:	No

#### Applicable Format And Edit

##### Formats Required:

Industry Certification

WDIS Supplemental Information

##### Edits Required:

8, 9, 10, 13, 14, 18, 21, 22

##### Programs Required:

Career and Professional Academies  
 Workforce Development

##### Surveys Required:

Survey F Yes  
 Survey W Yes  
 Survey S Yes  
 Survey 5 Yes

##### Appendices:

Appendix Z: Industry Certification Identifier

#### Description of Changes:

7/1/2024	Code CISCO0004 changed to CISCO026.
7/1/2024	Definition changed to remove references to retired certification code, names and updated a requirement reference.
7/27/2023	Removed technical attainment references from data element description.
2/6/2015	Data element has been moved to the NEW Industry Certification Format.
2/6/2015	Changed Grades Required to K-12
2/6/2015	Deleted the code 'ZZZZZZZZ'
2/6/2015	Update of definition to remove this element from the Career and Technical Education Student Course Schedule format
6/1/2012	Added wording to clarify when industry certifications should be sent only once.
5/21/2012	Correction0
6/1/2011	Added grade levels 06-08 making the grades required 06-12.
