(A) Public Postsecondary Institution Agreement with Public School Districts

Each district school superintendent and each public postsecondary institution president shall develop a comprehensive dual enrollment articulation agreement for the respective school district and postsecondary institution. The superintendent and president shall establish an articulation committee for the purpose of developing the agreement. Each state university president may designate a university representative to participate in the development of a dual enrollment articulation agreement. A dual enrollment articulation agreement shall be completed and submitted annually by the postsecondary institution to the Department of Education on or before August 1.

1. A ratification or modification of all existing articulation agreements.

   Once the articulation agreement is signed by both boards, the agreement will be active for the upcoming academic year and will nullify all previously signed agreements. This agreement covers not only dual enrollment, but also career pathways, remediation and teacher preparation. Legislative changes that occur after the final draft of this document which impact the 2022-2023 academic year will take precedence.

2. A description of the process by which students and their parents are informed about opportunities for student participation in the dual enrollment program.

   a. References to students in this document mean any student enrolled in a Levy County Public School.
   b. CF will provide information to the schools regarding requirements for participation in, and the educational benefits to be derived from, dual enrollment or other accelerated programs.
   c. The schools, in turn, will utilize printed, published, electronic, or other media to notify students and their parents or guardians of the opportunity to participate in these articulated acceleration programs. The schools will additionally provide information, using these same methods, to students and their parents or guardians, of the eligibility criteria for participation in these programs.
   d. CF will post application deadlines and registration dates on its dual enrollment Web page at least one term in advance.
   e. CF Admissions & Records staff will work with district and school officials on targeted dual enrollment recruiting activities.
   f. The school will inform students needing accommodations that they must contact Disability Services at CF.

3. A delineation of courses and programs available to students eligible to participate in dual enrollment.
a. Courses to be provided by CF under this agreement will be mutually agreed upon by CF and the School District, and will avoid unnecessary duplication of existing courses in grades six (6)- twelve (12). Current law allows for any course in the Statewide Course Numbering System, with the exception of developmental education courses and physical education and other courses that focus on physical execution of a skill rather than the intellectual attributes of the activity.

b. CF will furnish each school with a copy of the current courses (https://www.cf.edu/Courses) with descriptions for each course in which a student may be dually enrolled. Specific courses to be provided on school campuses in Levy County shall be mutually agreed upon by the host school principal and CF.

c. A student education plan may be developed by CF for each student registering for a dual enrollment course. The plan will ask each student to identify an educational objective with which to guide course selection. At a minimum, each student’s plan should include a list of courses that will result in an Applied Technology Diploma, an Associate in Science degree or an Associate in Arts degree. If a student identifies a baccalaureate degree as the objective, the plan must include courses that will meet the general education requirements and any prerequisite requirements for entrance into a selected baccalaureate degree program.

d. Postsecondary courses in foreign languages, mathematics, English, sciences, social studies, computer science, performing and/or visual arts, applied technology, and any other classes that are in compliance with applicable state regulations shall be counted toward meeting the graduation requirement of §1003.4282, Fla. Stat. (2020).

e. Students (age 18) who wish to take college credit courses that contain a study abroad or travel component (during summer only) must receive the permission of their school principal, parent/guardian and the School District before participating. If the permission is granted, the student shall be exempt from the payment of the registration, matriculation and laboratory fees with the exception of developmental education courses and physical education and other courses that focus on physical execution of a skill rather than the intellectual attributes of the activity. However, the student is responsible for the full cost of travel.

f. Students have an opportunity to participate in dual enrollment through the School Board of Levy County until they have successfully earned an Associate’s degree and/or accrued sixty-seven (67) hours of college credit. The calculation of the sixty-seven (67) hours is inclusive of all college credit earning coursework. Students are no longer eligible for dual enrollment once they successfully complete four (4) years of enrollment in high school or graduation, whichever comes first.

4. A description of the process by which students and their parents exercise options to participate in the dual enrollment program.

a. Students and the parent/guardian of students wishing to pursue participation in an articulated acceleration program must contact their school counselors to discuss admissions criteria and to obtain the necessary application information.

b. Application Process - Students interested in dual enrollment must meet with their school counselor or principal for permission to participate in the program. Students must complete the online dual enrollment application. The student will print the parent approval form from the email received upon submission of the application and the parent/guardian must sign giving permission for the student to participate in the dual enrollment program. The student must turn the form in to their school counselor. The student is issued a CF ID number to view their student portal for additional requirements. Registration -Dual enrollment brochures will be provided to counselors by CF to better help students and parents understand the requirements, admission and enrollment procedures and benefits of program participation. Orientation is required to apply to the Dual Enrollment program and register for courses. Registration will be completed through the MyCF portal. The student must review the schedule posted on the MyCF Portal to select courses for registration each term. The counselor will assist the student in their course selection to ensure the course requirements are met for school. Once the course selection is made, the counselor will submit the list of courses for each student to the CF Dual Enrollment Coordinator for registration.

d. Withdrawal Process- Dual enrollment students will follow the college’s withdrawal policy. Students have the option to withdraw from a course(s) within the withdrawal period. The student must see their instructor and counselor to complete the dual enrollment withdrawal form. The Dual Enrollment Withdrawal form must be signed by the student, instructor, and the counselor. The form is sent to the CF Dual Enrollment Coordinator to process. Forms must be received by the withdrawal deadline. The student will receive a "W" on their college transcript for the attempt in the course. For additional information regarding withdrawals, see Section 13(C).

A student exception appeal may be approved by the Superintendent to allow a student to repeat a course that they were unsuccessful in within the next semester at Levy’s expense. CF will not change the grade and it will show as a repeated course. If it is a third attempt at the course, Levy County Schools will pay the out-of-state tuition for the course.

l. Students who will graduate from high school prior to completion of the post-secondary course may not register for the course through dual enrollment. This means that high school seniors may NOT take a summer "A" course as dual enrollment.

m. Students may lose the opportunity to participate in the dual enrollment program if they are disruptive to the learning pr

6. A delineation of the high school credit earned for the passage of each dual enrollment course.

All academic and vocational courses will correlate to the Dual Enrollment Course - High School Subject Area Equivalency List recommendations for high school credit. All other non-identified courses will be based upon successful completion of a three to five-credit hour college course to result in the awarding of 0.5 high school credit in Carnegie units. This form must be submitted to the discipline chairperson 75 days before the start of the term.
5. For academic disciplines where a departmental exam is used, the final exam will be provided to the dual enrollment faculty by the college in a timely fashion to ensure availability prior to the scheduled administration dates. For all others, final examinations must be approved by the appropriate discipline chairperson as a comprehensive assessment of expected leaning outcomes. The dual enrollment instructor should send their exam to their faculty liaison for review and approval at least three weeks before the exam delivery date.

c. The high school principal, or his/her designee, will recommend qualified high school teachers as instructors for dual enrollment courses to be taught during the regular school day or extended school day on high school campuses. Before a course can be offered, an instructor must be deemed qualified by CF. To be qualified, faculty selected to teach dual enrollment classes must submit an adjunct application to their administrative contact at CF, along with their postsecondary transcripts which will be kept on file in the CF Human Resources Office. In the absence of qualified high school instructors, CF may provide adjunct instructors to teach dual enrollment courses on high school campuses in Levy County, if such arrangements are approved by the Vice President for Academic Affairs (see item 7.B. above). In each case, once an academically qualified instructor is identified, he/she must meet all of the requirements established by the School Board of Levy County before having contact with the students. These instructors shall also be observed for evaluative purposes by a CF administrator or faculty liaison. CF will follow the school board’s guidelines for the performance of employees when evaluating these dual enrollment instructors. This will include following the procedures for sharing and discussing the performance assessment tool/process by providing a copy of the performance assessment to the instructor within ten (10) working days after the observation; allowing the instructor to submit a written rebuttal to be placed with the assessment document in his/her personnel file housed in the Human Resource Office at CF; and allowing the instructor the right to inspect, review, and copy the contents of his/her personnel file. Extenuating circumstances may be considered on a case-by-case basis by the Dual Enrollment Petitions Committee.

14. A funding provision that delineates costs incurred by each entity.
