Submitter:
Agreement Effective Date: 8/1/2022

Representing:
Florida College: North Florida Community College

District(s) the Agreement(s) include
Lafayette County Schools

Type of Dual Enrollment Articulation Agreement for Submission
Public Postsecondary Institution – School District

(A) Public Postsecondary Institution Agreement with Public School Districts

Each district school superintendent and each public postsecondary institution president shall develop a comprehensive dual enrollment articulation agreement for the respective school district and postsecondary institution. The superintendent and president shall establish an articulation committee for the purpose of developing the agreement. Each state university president may designate a university representative to participate in the development of a dual enrollment articulation agreement. A dual enrollment articulation agreement shall be completed and submitted annually by the postsecondary institution to the Department of Education on or before August 1.

1. A ratification or modification of all existing articulation agreements.

   This agreement shall be in effect from the date of entering into this agreement until July 31, 2023. It shall replace all previous dual enrollment articulation agreements between the parties. Any requested amendments to this agreement and academic calendar shall be made by the district’s Superintendent to the College’s Chief Academic Officer.

2. A description of the process by which students and their parents are informed about opportunities for student participation in the dual enrollment program.
It is the responsibility of the district schools to inform students of the availability of the dual enrollment program, requirements, and currently offered courses through educational planning and guidance process. Each school will advertise dual enrollment through a variety of methods. The district schools shall inform all eligible secondary students and their parents of dual enrollment as an educational option, including eligibility criteria and the process by which students and parents exercise their option to participate. The district schools will allow College personnel reasonable access to the schools and students for purposes of program information and dissemination. The district will provide staff to assist College personnel with facilities and requested instructional equipment.

The College shall work with the district schools to provide a live schedule of classes on the College website and will be available to communicate directly with parents and students about dual enrollment options. For information about NFC’s Dual Enrollment program call the Office of Dual Enrollment at 850-973-1628 or 850-973-9490. The Office of Dual Enrollment will maintain the NFC Dual Enrollment website. The College will produce NFC Dual Enrollment promotional material. The College will mail information about dual enrollment to a list of qualified students provided by the School Board in the spring of each year. The College and the district schools will work collaboratively to provide annual information sessions as needed, in person or virtually, to parents and students interested in dual enrollment.

Minority enrollment is encouraged in dual enrollment programs. High school guidance counselor or designee will ensure that minority students are provided information about the dual enrollment program, including the advantages afforded students who register for college courses while in high school. Both the College and the school district hold a shared philosophy and desire to serve the goal of increasing minority enrollment in the dual enrollment program; therefore, at the school district’s discretion, information about the dual enrollment program shall be provided to all students starting in middle school for the purpose of preparing students and their families for dual enrollment eligibility.

3. A delineation of courses and programs available to students eligible to participate in dual enrollment.
A list of any additional initial student eligibility requirements for participation in the dual enrollment program. Students may take up to 330 vocational clock hours per term part time Career Dual Enrollment. Career early admission is a form of career dual enrollment through which eligible secondary students enroll full-time (330+ clock hours per term) in postsecondary programs leading to industry certifications, as listed in the CAPE Postsecondary Industry Certification Funding List. Students who wish to register for more than 480 vocational clock hours per term need permission of the Dean of Academic Affairs. Participation in the career early admissions program is limited to students who have completed a minimum of 4 semesters of full-time secondary enrollment, including studies undertaken in ninth grade section 1007.271(11), Florida Statutes (2021). For 2022-2023, CWE (Career and Workforce Education) programs available for eligible secondary students are *Certified Production Technology and the CMS Correctional Basic Recruit Training Program. *Pending SACSCOC approval.

The early college program is an option for public school students to enroll in a structured high school acceleration program in which a cohort of students is enrolled full time in postsecondary courses toward an associate degree. The early college program must prioritize courses applicable as general education core courses under section 1007.25, Florida Statutes (2021) for an associate degree or a baccalaureate degree. North Florida College encourages students who wish to enroll in college credit courses to concentrate on general education courses. Students who intend to earn an Associate in Arts or Baccalaureate degree should carefully evaluate each course to determine its applicability to meeting degree requirements. College credit courses are defined as those courses that meet requirements for Advanced Technical Diplomas, College Credit Certificates, Associate in Arts, and Associate in Science. Dual enrollment courses may be taken at the College or at the high school site or at any location where college courses are taught, subject to approval by the high school guidance counselor or designee. In addition, eligible secondary school students shall be permitted to enroll in eligible courses regardless of delivery method. A list of courses available to students through dual enrollment is available at:

4. A description of the process by which students and their parents exercise options to participate in the dual enrollment program.

The high school will promote the dual enrollment program by informing students and their parents about the ramifications of taking college credit courses while in high school. The high school will provide parents and students who may be eligible to take dual enrollment courses the eligibility criteria to apply and register for college courses. Students will be responsible for completing the dual enrollment applications and returning the completed application to the high school counselor. The high school counselor will submit dual enrollment applications to the NFC Dual Enrollment Coordinator. Students will register for classes through their high school counselor; they may not register online or directly through NFC staff.

5 A list of any additional initial student eligibility requirements for participation in the dual enrollment program.
An eligible secondary student is defined in section 1007.271(2), Florida Statutes (2021), as a student who is enrolled in a Florida public school or a Florida private secondary school that is in compliance with section 1002.42(2), Florida Statutes (2021) and provides a secondary curriculum pursuant to section 1003.4282, Florida Statutes (2021). Confirmation of compliance must be provided to the college from the non-public institution. Evidence of compliance can be a letter attesting that the non-public school complies or the receipt of actual documentation, i.e., catalogs, etc.

Students must meet the following eligibility criteria:

- Be enrolled as a student in a Florida public or nonpublic secondary school (grades 6-12), or in a home education program. The College limits eligible students in grades 6-8 to one course per semester. The number of semester hours that an eligible student in grades 9-12 enrolls each term is at the discretion of the high school counselor. The College recommends that eligible students in grades 9 and 10 limit coursework to two courses per semester and students in grades 11 limit coursework to three courses per semester.
- Earned a minimum of 4 high school credits.
- Achieve and maintain, with no exceptions, an unweighted 3.0 high school grade point average to enroll in college credit courses.
- Achieve and maintain, with no exceptions, an unweighted 2.0 high school grade point average to enroll in career dual enrollment courses.
- Students must achieve a minimum score for reading, writing, and math preparation through submission of appropriate placement test scores pursuant to Rule 6A-14.064 and Rule 6A-10.0315 Florida Administrative Code (F.A.C.). No student shall be enrolled in a college credit course on a dual enrollment basis unless the student has demonstrated adequate preparation through submission of appropriate placement test scores in reading, writing, and math. See Appendix D.
- Program admission requirements/exit requirements for CWE programs and other DE eligible limited access programs. The TABE can be exempted if the student meets cut score on a college placement test (ACT, SAT, PERT, or CPT). Students are responsible for costs for placement and/or exit tests.
- Cannot be scheduled to graduate prior to the completion of the dual enrollment course.
- Students may lose the opportunity to participate in the dual enrollment program if they are disruptive to the learning process. Procedure is outline in NFC’s Student Handbook.

Any course that is contained within the common course numbering system shall be eligible if not specifically excluded by Florida Statute, State Board of Education Rule, District Board of Trustees Policy, or District Board or Education Policy. The high school credit awarded may be found in the 2022-2023 Dual Enrollment Course–High School Subject Area Equivalency List which is available at the Florida Department of Education website.

The high school guidance office is responsible for dual enrollment students as to the courses which may be used to meet high school graduation requirements.

The district schools and the College will work collaboratively to notify students and their parents of college-level course expectations. The College requires all first-time dual enrollment students to attend a Dual Enrollment Orientation Session provided by the College. The College recommends all students be advised by an NFC academic advisor after earning at least 12 credit hours.

The College will inform students and parents of college-level course expectations using the course syllabus which is given to each student in each college-level course at the beginning of each semester. The Office of Academic Affairs shall determine course content in accordance with the Southern Association of Colleges and Schools Commission of Colleges (SACSCOC) criteria and select instructional materials. Course materials and class discussions may reflect topics not typically included in secondary courses which some parents may object to for minors. Courses will not be modified to accommodate variations in student age and/or maturity.

The College does not allow exceptions to the GPA requirement as specified in section 1007.271, Florida Statutes (2021).

The registration policies for dual enrollment courses as determined by the postsecondary institution.
Dual Enrollment Articulation Agreement Submission Site

Students must complete their registration form with their high school guidance counselor. The form must be completed with all the required information about course reference numbers (CRNs). The completed registration forms will be given to the Dual Enrollment Coordinator who will register the students for the courses that are available at the time the form is received. Students with incomplete applications for admissions, which include all required signatures, will not be allowed to register. Students will also not be registered if they are missing any other pertinent information, such as test scores. The deadline for qualifying scores for fall term is August 1. The deadline for qualifying scores for spring term is December 1. It is the responsibility of the high school to ensure that all student registrations and test scores are in the Office of Dual Enrollment prior to the published registration period. 2022-2023 registration deadlines are available on the College website.

The student should confirm registration by logging into their MyNFC account and checking their current registration in Banner.

The complete Academic Calendar can be found on the NFC website: https://www.nfc.edu/current-students/academic-calendar/

A student may not be registered in one course and attend another course. Assuming valid reasons for a change from the course for which the student registered, the Drop/Add Form must be processed to reflect the actual situation; such paperwork must be processed immediately, not at the end of the term.

Dual enrollment courses may be taken at the College or at the high school site or any site where college courses are taught, subject to approval by the high school guidance counselor.

10. Exceptions, if any, to the professional rules, guidelines, and expectations stated in the faculty or adjunct faculty handbook for the postsecondary institution.

The College does not make any exceptions to rules, guidelines, or expectations for faculty members.

11. Exceptions, if any, to the rules, guidelines, and expectations stated in the student handbook of the postsecondary institution which apply to faculty members.

The College student handbook does not state any exception to rules, guidelines, or expectations for faculty members.

12. The responsibilities of the school district regarding the determination of student eligibility before participating in the dual enrollment program and the monitoring of student performance while participating in the dual enrollment program.
13. The responsibilities of the postsecondary institution regarding the transmission of student grades in dual enrollment courses to the school district.

The College will maintain official student records in the Office of the Registrar. The Office of Dual Enrollment will send student letter grades to the high school guidance office within ten (10) days of the last class day of the College term. This letter grade shall be posted to the high school transcript, section 1007.271(20), Florida Statutes (2021).

The College and School Board shall jointly assume responsibility for the implementation and enforcement of any rights and responsibilities that arise by the creation, maintenance, and use of any “records” and “reports” regarding any high school students enrolled in accordance with all applicable laws, including but not limited to section 1002.22, Florida Statutes (2021). Each shall be responsible for “records” and “reports” maintained, housed, or stored by the respective institutions.

14. A funding provision that delineates costs incurred by each entity.
Section 1007.271(21)(n), Florida Statutes (2021), Dual Enrollment Programs, requires school districts pay the standard tuition rate per credit hour to the College for dual enrollment instruction. The methodology for determining student cost is outlined in Appendix C.

The non-public secondary schools shall be held to the same statutory requirements regarding tuition payment to the College as the school districts.

For fall and spring terms, an invoice will be sent to the school districts and the non-public secondary schools at the conclusion of the college term’s verification of class attendance. The invoice will reflect the total number of hours enrolled times the established tuition rate per credit hour as outlined in Appendix C. Payment is due upon receipt of the invoice.

School districts and non-public secondary schools will not be invoiced for students who drop college classes during the prescribed drop/add period.

School districts and non-public secondary schools will be invoiced for students who withdraw ("W" grade) during the withdrawal period as outlined in the academic calendar.

The College application fee will not be assessed while students participate in the Dual Enrollment Program. However, the application fee will be assessed when students enter a degree program at North Florida College following graduation from high school.

The choice of textbooks and instructional materials shall be a college responsibility with the actual selection being a function of the faculty teaching a specific course. Upon approval of an adopted text(s) for a course, this adoption shall remain in effect for two full calendar years. In urgent cases, permission to discontinue a text at an earlier date may be granted by the appropriate college department chair.

The School Board will provide the student with the required textbook(s) and other instructional materials. The School Board will take ownership of the textbooks and other instructional materials at the time of purchase and will reuse the materials whenever possible in future dual enrollment courses, as long as they are required for such courses. The School Board is responsible for developing its own procedures for distributing textbooks in a timely manner for student use and for collecting textbooks upon the conclusion of the semester. The College will provide a list of required textbooks for each course on the College website at least 45 days prior to the start of the term.

Consumable materials assigned for use with dual enrollment courses will be issued to students. The cost of these consumables will be included on the invoice sent to the school districts and the non-public secondary schools at the conclusion of the college term’s verification of class attendance. Costs are outlined in Appendix C.

All students are exempt from the payment of tuition and all fees, section 1007.271(2), Florida Statutes (2021).

15. Any institutional responsibilities for student transportation, if provided.

The student, the parents of said student, or the School Board shall provide transportation.

16. For students with disabilities, a postsecondary institution eligible to participate in dual enrollment pursuant to s. 1011.62(1)(i) shall include in its dual enrollment articulation agreement, services and resources that are available to students with disabilities who register in a dual enrollment course at the eligible institution.

The school guidance counselor or designee will ensure that qualified students with disabilities (including those who have Individual Education Plans or 504 Plans) are provided information about the dual enrollment program. The School District understands that the accommodations and modifications provided to the student under the IEP are not automatically provided in the postsecondary setting. The College cannot be held to the decisions of the IEP Committee. The College has a separate procedure for approving accommodations for students with disabilities. The school will refer the student and his/her parents to the Disability Resource Center on the College main campus and will provide copies of relevant documentation to the College. This contract serves as a release of information. IEP’s may not be sufficient evidence. The School Board is responsible for all student testing to determine disabilities. Accommodations from the college will proceed upon completion of the intake with the parent and student and receipt of appropriate records.

Accommodation provisions will be individually determined by the College according to Florida Statute and Florida Administrative Codes. The College agrees to arrange and provide accommodations for dual enrolled students receiving instruction at the College campus or one of its extension locations. The School District agrees to arrange and provide accommodations for dual enrolled students receiving instruction on the high school campus. The high school guidance counselor will ensure that the College determinations are followed at the high school campus. The School District is responsible to ensure that the student receives all accommodations determined by the College. If a high school student has a dedicated, paid staff member as an aid/assistant, the School District agrees to send that staff member with the student to the College classes. The College does not provide personal care attendants for students. Situations not covered by the above agreement will be discussed and decided on a case by case basis between the parties. NFC Disability Resource Center (DRC) 850-973-9403.
