SUBJECT: Reporting on Developmental Education Alternative Placement Methods

Thank you to those who attended today's webinar on developmental education alternative placement methods. The slides are attached and a recording is available [here](#).

We are keeping a running list of the alternative methods and minimum standards FCS institutions have begun to identify. You can view here:

If you haven't already, please complete this [brief survey](#) to let us know your institution's preliminary plans regarding alternative placement.

Lastly, if your institution is interested in participating in the voluntary ad hoc data collection, please let me know by June 17, 2020. Note- this would only apply to institutions that use alternative methods for developmental education placement.

Please don't hesitate to reach out if you have any questions.
