**SUBJECT:** Dev Ed- Alternative Methods Placement Resource Guide

---

As you know, the Florida Department of Education released [DOE Order No. 2020-EO-02](#) in response to COVID-19, which provides Florida College System (FCS) institutions flexibility in the method by which students can demonstrate college-level communication and computation skills for developmental education placement.

For colleges considering alternative methods for placement, the Florida Student Success Center (center) has developed the attached resource guide. It is a living document that includes considerations for institutions developing alternative placement policies, as well as a repository of resources from national research and other states.

The center will host a webinar this **Thursday, May 21 at 3 p.m. EDT** to review the resource guide in detail and provide an opportunity for institutions to ask questions and learn from each other.
