SUBJECT: FCS Fixed Capital Outlay Information

Attached please find the Florida College System Fixed Capital Outlay scoresheet summary, which shows how the projects were scored; the proposed scoring methodology; the Survey-Unmet Need list used for scoring Prioritization Criteria 3; and the proposed prioritized project list for your information. The State Board of Education is scheduled to review and approve the three-year prioritized list (based on the August 7, 2019 PECO Revenue Estimate) and the scoring methodology this Friday, September 20th. Please keep in mind the three-year list only includes projects that are proposed/shown receiving funding over the next three years. The balance of the list is shown for transparency.

Please don't hesitate to contact Lisa Cook, Director of Facilities Planning and Budgeting or me if you have any questions.
