Webinar Logistics

Participants will be on mute for the duration of the webinar.

Materials from today's webinar can be found in the chat area:

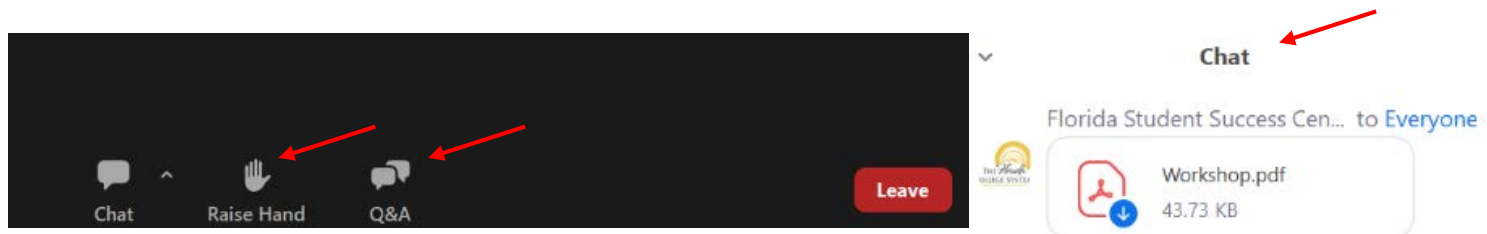

- Today's presentation
- Proposed rule language

How to submit questions:

- To submit questions during the webinar, please utilize the Q&A function. During the Q&A portion of the webinar, questions will be addressed.

How to make public comment:

- During the public comment portion of the webinar, use the "Raise Hand" function to be unmuted.

Background

- Senate Bill (SB) 7044 modified section (s.) 1004.085, Florida Statutes (F.S.), to provide requirements for lists of required and recommended textbooks and instructional materials for FCS institution and state university courses.
- Specifically, the bill required the lists of textbooks and instructional materials to:
 - Remain posted for at least five academic years.
 - Be searchable by the course subject, course number, course title, the name of the instructor of the course, the title of each assigned textbook or instructional material, and each author of an assigned textbook or instructional material.
 - Be easily downloadable by current and prospective students.

Background

- Additionally, SB 7044 modified syllabi requirements for the list of required and recommended textbooks when the course is a general education core course option identified pursuant to s. 1007.25, F.S.
- For these courses, and each course section, the syllabus must be posted with the following information: course curriculum; goals, objectives, and student expectations; and assessment of student performance.
- Lastly, SB 2524 created a new requirement regarding using course registration systems to prominently identify courses that use open educational resources (OER) or have zero costs.

Current Rule

6A-14.092 Textbook Affordability.

Pursuant to Section 1004.085, F.S., institutions within the Florida College System through the Chief Academic Officer or designee(s) shall:

(1) Monitor and confirm compliance with Section 1004.085(5), F.S., which requires that required and recommended textbooks and instructional materials are published at least forty-five (45) days before the first day of class for each term for at least 95 percent of all scheduled course sections. Sections where no textbook is required or no-cost open educational resources are used are subject to the forty-five (45) day notification requirement. Exceptions to this requirement are as follows:

- (a) The originally adopted textbook or instructional material is no longer available;
- (b) A faculty member is hired or assigned to teach the course section after the forty-five (45) day notification deadline;
- (c) The course section is added after the forty-five (45) day notification deadline;
- (d) The instructional modality of the course section changes after the forty-five (45) day notification deadline; and
- (e) The course is continuing workforce education.

(2) Ensure that pursuant to Section 1004.085(6), F.S., for those classes added after the forty-five (45) day notification deadline, textbook information is posted on their websites immediately as such information becomes available.

(3) Select textbooks and instructional materials through cost-benefit analyses that enable students to obtain the highest-quality product at the lowest available price, by considering, in addition to those items listed in Section 1004.085(6)(g), F.S.:

(a) The length of time that textbooks and instructional materials remain in use, prioritizing textbooks and instructional materials that will remain in use for a minimum of three (3) years.

(b) Course-wide adoption, specifically for general education courses.

(4) Identify a process to ensure publishers provide a description of the content revisions made between the current edition and a proposed new edition of required textbook and instructional materials.

(5) Report by September 30 of each year to the Chancellor of the Florida College System, in a format determined by the Chancellor, the following:

- (a) The textbook and instructional materials selection process for high-enrollment courses.
- (b) Specific initiatives of the institution designed to reduce the costs of textbooks and instructional materials;
- (c) Policies implemented regarding the posting of textbook and instructional materials for at least 95% of all courses and course sections forty-five (45) days before the first day of class;
- (d) The number of courses and course sections that were not able to meet the textbook and instructional materials posting deadline for the previous academic year, identifying those related to exceptions provided under subsection (1).

Proposed Rule Amendment

6A-14.092 Textbook and Course Material Affordability and Transparency.

(1) Textbook and Instructional Material Adoption.

(a) Each Florida College System institution is required to select textbooks and instructional materials through cost-benefit analyses that enable students to obtain the highest-quality product at the lowest available price. Pursuant to Section 1004.085(1), F.S., the term “instructional materials” means educational materials for use within a course which may be available in printed or digital format.

(b) Institutions must ensure that proposed new editions have undergone a review process to determine whether the content revisions to the current version of a textbook or instructional material warrant the adoption of the new edition. Institutions may request the publisher provide descriptions of content revisions.

(c) The cost-benefit analysis must include consideration of the items listed in Section 1004.085(6)(g), F.S., and:

1. The length of time that textbooks and instructional materials remain in use, prioritizing textbooks and instructional materials that will remain in use for a minimum of three (3) years.

2. Course-wide adoption, specifically for general education courses.

Proposed Rule Amendment (continued)

(2) Textbook and Instructional Materials Forty-Five (45) Day Posting Requirements. Each Florida College System institution is required to publish on its website and in its course registration system a list of required and recommended textbooks and instructional materials as early as feasible but at least forty-five (45) days before the first day of class for each term for at least 95 percent of all scheduled course sections.

(a) The list of required and recommended textbook and instructional materials must meet the requirements of Section 1004.085(5)(a), F.S., and must be searchable by:

1. Course subject;
2. Course number;
3. Course title;
4. Name of the instructor of the course;
5. Title of each assigned textbook or instructional material; and
6. Each author of an assigned textbook or instructional material.

(b) The list of required and recommended textbook and instructional materials must be easily downloadable by current and prospective students.

(c) Sections where no textbook is required or no-cost open educational resources are used must have an icon to indicate their status as zero cost. The Zero Textbook Cost Indicator developed by the Florida Postsecondary Academic Library Network may be used for this purpose pursuant to Section 1006.73(4), F.S.

Proposed Rule Amendment (continued)

(d) For course sections added after the forty-five (45) day notification deadline, including course sections with a reasonable exception under paragraph (2)(e), textbook and instructional material information must be posted immediately as such information becomes available.

(e) Limited exceptions to the forty-five (45) day posting requirement are as follows.

1. The originally adopted textbook or instructional material is no longer available;
2. A faculty member is hired or assigned to teach the course section after the forty-five (45) day notification deadline;
3. The course section is added after the forty-five (45) day notification deadline;
4. The instructional modality of the course section changes after the forty-five (45) day notification deadline; and
5. The course is continuing workforce education.

Proposed Rule Amendment (continued)

(3) Textbook and Instructional Materials Five-Year (5) Posting Requirements. Each Florida College System institution is required to maintain and publish a list of required and recommended textbooks for the preceding five (5) academic years.

(a) The five-year (5) list must be inclusive of the components required under subsection (2)(a) and must be easily accessible from the institution's consumer information website.

(b) By May 1, 2023, each Florida College System institution must publish the textbooks and instructional materials list for academic years 2017-18, 2018-19, 2019-20, 2020-21, and 2021-22.

(c) Beginning in 2023 for academic year 2022-23, and thereafter, the five-year (5) list must be updated annually by September 1 to include the preceding Fall, Spring, and Summer Terms.

Proposed Rule Amendment (continued)

(4) General Education Core Course Forty-Five (45) Day Syllabi Posting Requirements. Each Florida College System institution is required to publish course syllabi for each section of a general education core course identified in Rule 6A-14.0303 as early as feasible but at least forty-five (45) days before the first day of class for each term.

(a) Minimally, all general education core course syllabi must include:

1. Curriculum;

2. Goals;

3. Objectives;

4. Student expectations of the course; and

5. How student performance will be measured.

(b) Course syllabi may include other information specific to the institution.

(c) Each institution is required to publish the syllabus for each general education core course section. For general education core course sections added after the forty-five (45) day notification deadline, including course sections with a reasonable exception under paragraph (4)(d), master course syllabi, where available, may be posted. Master course syllabi include course content, learning outcomes, and requirements that must be followed by all instructors who teach the course. Master course syllabi must be replaced immediately as soon as final course section syllabi become available.

(d) Limited exceptions to the forty-five (45) day syllabi posting requirement are as follows.

1. A faculty member has not yet been assigned to teach the course section before the forty-five (45) day notification deadline.

2. The course section is added after the forty-five (45) day notification deadline.

Proposed Rule Amendment (continued)

(5) Reporting Requirements. Each Florida College System institution is required to report by September 30 of each year to the Chancellor of the Florida College System, in a format determined by the Chancellor, the following:

- (a) The textbook and instructional materials selection process for high-enrollment courses;
- (b) Specific initiatives of the institution designed to reduce the costs of textbooks and instructional materials;
- (c) Policies implemented regarding the posting of textbook and instructional materials for at least 95% of all courses and course sections forty-five (45) days before the first day of class;
- (d) The number of courses and course sections that were not able to meet the textbook and instructional materials posting deadline for the previous academic year, identifying those related to exceptions provided under subsection (2)(e);
- (e) Procedures implemented regarding the posting of general education core course syllabi for at least 95% of all courses and course sections forty-five (45) days before the first day of class; and
- (f) Evidence of compliance with the general education core course syllabi posting requirement.
