**SUBJECT:** Gen Ed Digital Badge

---

As mentioned during the councils meeting last week, the Division is partnering with the Office of Board of Governors on developing the processes and procedures around the general education digital badge. The attached resource guide contains preliminary implementation steps to inform your planning. Please note this is a working document and may be subject to change as the faculty committees come together over the next few weeks.

We are holding a preliminary technical assistance webinar on Wednesday, March 2, 2022, 12:30 p.m. You may register at <https://attendee.gotowebinar.com/register/1076501469514739211>. After registering, you will receive a confirmation email containing information about joining the webinar. This webinar will include a review of the policies and procedures, an update on the Effective Communication digital badge, and a review of next steps.

More formal technical assistance will follow once the first digital badge has been adopted.

We encourage institutions to submit any questions to [Katie Grissom](#), Director of Workforce and Academic Alignment, as they will be helpful in crafting FAQs and any necessary adjustments to the guidelines.
