# FFEA Education Research Competition

---

## OVERVIEW:

This is a chapter competition. Chapters will develop a PowerPoint presentation to provide information which highlights how effective implementation of progress monitoring supports academic growth for every student.

## TOPIC:

Progress monitoring is an important tool for educators in any grade level. How does the effective implementation of progress monitoring support academic growth for every student?

## ELIGIBILITY:

- Each chapter may submit only one presentation.
- Presentations are to be created by student members.

## GUIDELINES:

- Collaborate as a chapter to research ways that progress monitoring supports academic growth for every student.
- Use the information collected in the research to create a persuasive PowerPoint presentation.
- The persuasive PowerPoint presentation should deliver the team's research findings and recommendations.
- Length: 5-25 slides; points will be deducted for PowerPoint presentations that do not meet the length requirement.
- Include a title slide with the title of your project and school and/or chapter name.
- Include a credits slide with the student creators, sponsoring teacher(s), and the source of any non-original, multimedia elements (images and sounds).
- Include cited references and a work cited slide (MLA, APA, or Chicago style are acceptable).
- By submitting your works, you are releasing publication and talent presentation rights to the Florida Department of Education (FDOE). All accepted submissions may be featured on the FDOE website.
- Only one submission per chapter is permitted.

## SCORING:

- The presentation will be scored using the attached rubric. The maximum total number of points possible is 16.
- The top five winners will be announced during the closing session on Sunday, January 30, 2022.

**\*Please note: Both high school and postsecondary entries will be scored within the same category based on the attached rubrics.**

## DEADLINE:

- Submit the completed entry form and final presentation to the FFEA state coordinator by email at [EdRecruit@fldoe.org](mailto:EdRecruit@fldoe.org), no later than **Friday, December 10, 2021, at 11:59 p.m. EST.**

# FFEA Education Research Competition Scoring Rubric

**Chapter Name:** \_\_\_\_\_ **Total Points:** \_\_\_\_\_ **out of 16**

Is the school name and/or chapter name clearly identified? **YES**    **NO**  
 Are the sources identified on a Works Cited slide (MLA, APA, or Chicago style)? **YES**    **NO**

*If you answered "no" to any of the questions above, do not continue with the scoring process.*

Points Available	Accomplished 4	Commendable 3	Developing 2	Needs Improvement 1
<b>Content</b>	The content of the slides reflects professional-caliber thoroughness. The images and text are expertly leveraged to share research and recommendations.	The content of the slides reflects student-level quality. The images and text show a commitment to sharing facts and recommendations.	The content of the slides reflects compliance. The images and text are used at a basic level, which is not effective for sharing facts and recommendations.	The content of the slides reflects an inconsistent focus. The images and text distract the audience from the facts and recommendations.
<b>Insight</b>	The presentation reflects in-depth understanding and striking insight into all elements of the issue. The depth of research is apparent throughout the presentation.	The presentation offers useful ideas that warrant further exploration. The presentation explores many but not all elements of the issue.	The presentation offers basic ideas that would have benefited from much further research. The presentation does not explore many elements of the issue.	The presentation offers ideas that are flawed or partially developed. The presentation is incomplete.
<b>Research</b>	The presentation makes informed, evidence-based recommendations by referencing at least three well-chosen sources of information.	The presentation makes informed, evidence-based recommendations by referencing two well-chosen sources of information.	The presentation makes recommendations by referencing one source of information.	The paper makes limited or no connections to relevant research.
<b>Impact</b>	The presentation's professional-caliber and highly persuasive exploration of the issue and explanation of recommendations delivers maximum impact and understanding.	The presentation's student-level quality and the explanation of the issue and recommendations results in understanding.	The presentation demonstrates effort. The issues and recommendations are not fully developed and distract from the overall understanding.	The presentation demonstrates inconsistent effort. The issues and recommendations are poorly developed resulting in a lack of understanding.

Is the PowerPoint presentation between 5-25 slides? **YES**    **NO** (If no, subtract 2 points from total score)
