

Equipment List

Dental Aide (Secondary)

The equipment below is common to the dental aide program. Student access to this equipment better ensures successful completion of the program and employment opportunities.

1. air compressor	45. instrument wrap	81. soap dispenser, foot activated
2. alginator	46. instruments, amalgam placement & finishing	82. spatulas, assorted types
3. aprons, lead	47. instruments, rubber dam	83. sterilizers, chemical
4. aspirators	48. lathes, dental & splash pan	84. sterilizers, dry
5. AV equipment	49. light, dental	85. sterilizers, steam
6. AV materials	50. light, safe	86. stethoscope
7. barrier protection	51. light units, visible	87. stool, assistant's
8. bench engines with handpiece	52. manikins, teaching	88. stool, operator's
9. blood pressure cuff	53. mirror	89. storage units, contaminated (instruments)
10. bunsen burners	54. mirror, mouth	90. storage units, contaminated (trash)
11. cabinet, instrument	55. mixing bowls	91. storage units, disposable supplies
12. cabinet, mobile	56. mixing slabs/pads	92. storage units, hazardous waste
13. calculator	57. model trimmer	93. storage units, sterile (equipment)
14. camera	58. models, dental (assorted)	94. storage units, sterile (instruments)
15. camera, intraoral	59. monitoring system, biological	95. storage units, sterile (supplies)
16. chair, dental (motorized)	60. oxygen equipment	96. suction apparatus
17. chart, wall-mount unit	61. PID long	97. syringe warmer
18. charts, assorted	62. PID retangular	98. syringes
19. collars, thyroid	63. PID round	99. syringes, air/water
20. dental panoramic x-ray unit	64. PID short	100. thermometer
21. dental radiography units	65. plaster bins	101. timer
22. dental units, conventional	66. processing units, automatic	102. towel dispenser
23. dental units, high speed	67. processing units, daylight loader	103. trash units, general
24. dental units, portable	68. processing units, manual	104. trays, impression
25. dispenser, alcohol	69. processing units, replenisher	105. trays, instrument
26. dispenser, soap (arm activated)	70. processing units, water temperature control	106. vacuum former unit
27. dispenser, soap (foot activated)	71. protection equipment, personal	107. vibes
28. dispenser, towel	72. recovery system, solid metal	108. vibrators, dental
29. drying racks	73. regulator, nitrous oxide & rubber goods	109. x-ray cassette
30. drug kit, emergency	74. replicas, assorted	110. x-ray film adhesive tabs
31. film duplicator	75. retractors	111. x-ray film dryer
32. film holders, autoclavable	76. scaler, ultrasonic	112. x-ray film viewer
33. film holders, bisecting	77. scales	113. x-ray machine
34. film holder, paralleling	78. shield, thyroid (lead)	114. x-ray machine, panoramic
35. film mounts	79. shielding, lead	115. x-ray positioning devices
36. gloves, rubber/latex	80. soap dispenser, arm activated	116. x-ray processing equipment, automatic
37. gowns		117. x-ray vib
38. handpiece, high & low speed (prlx, latch, striaght)		118. x-ray view box
39. older, cotton ball		
40. holder, cotton roll		
41. hydrocolloid unit		
42. irrigator, oral		
43. instrument cassette		
44. instrument cleaner, ultrasonic
