MEMORANDUM

TO: District School Superintendents

FROM: Suzanne Pridgeon

DATE: October 4, 2019

SUBJECT: October 2019-20 Student Transportation Survey Information

The October 2019-20 student transportation survey will be conducted during the week of October 7-11, 2019. The Automated Student Information System (student transportation format) will be used by all districts to transmit their October student transportation survey information. The 2019-20 FTE General Instructions will be sent in a separate memorandum later in the year once approved by the Florida State Board of Education.

The system cut-off date for reporting October survey data is Sunday, December 15, 2019. Any corrections or revisions to this data must be addressed by this date. The attached form letter, which certifies the adjusted student membership and the number of buses reported in the database, must be signed by the superintendent or designee and submitted no later than Friday, December 20, 2019. The October student transportation information provided in this letter must match that reported in the district database as of the December 15, 2019, cut-off date. **Once notified of the availability of certification reports, districts may use Transportation Report F63499 or F70092 to verify adjusted membership and bus information recorded in the database for the certification letter.** The information in this letter will be compared with the Florida Department of Education's (department) report to ensure that accurate information is used in the transportation funding formula. A certification letter must be submitted even if the district does not have information to report on the form.

Charter schools with eligible students who are reported for Florida Education Finance Program transportation funding must submit their ridership reports to the sponsoring school district. The district will include these students in the survey data submitted to the department. Charter schools do not have to submit a certification letter to the department, and are encouraged to
