MEMORANDUM

DATE: June 4, 2014

TO: District School Superintendents

FROM: Linda Champion

SUBJECT: June 2013-14 Student Transportation Survey Information

The June 2013-14 student transportation survey will be conducted the week of June 16-20, 2014. The Automated Student Information System (student transportation format) is used by districts to transmit June student transportation information.

The student transportation reporting requirements have been revised for 2013-14. Please refer to the 2013-14 Student Transportation General Instructions for assistance with student eligibility, reporting criteria, instructions for the Automated Student Information System and reporting deadlines.

The primary revisions to the Student Transportation General Instructions 2013-14 are:

- The 11 membership categories have been consolidated into five categories to simplify reporting. The criteria that determine which transported students are eligible for Florida Education Finance Program (FEFP) funding have not changed (i.e., which students with disabilities generate weighted transportation funding versus which students generate base transportation funding). Nevertheless, districts should review the Student Transportation General Instructions 2013-14 to ensure that students are reported in the correct categories.

Linda Champion
Deputy Commissioner, Finance and Operations
The Student Transportation General Instructions 2013-14 clarify that students may only be reported for transportation funding in Surveys 1 and 4 if they: 1) are students with disabilities whose Individual Educational Plans require transportation as a related service for extended school year programs, or 2) are transported for non-residential Florida Department of Juvenile Justice instructional programs for which the instruction is reported for funding under the FEFP. Other students attending programs during Surveys 1 and 4 will not be eligible for FEFP student transportation funding. This will take effect for only Survey 4 of the 2013-14 year, and will apply to both Surveys 1 and 4 of the 2014-15 school year and subsequent school years.

A list of the reporting deadlines is attached for your convenience. The deadline for initial full submission of June survey data is Monday, July 7, 2014. Any corrections or revisions to this data must be addressed by Friday, July 18, 2014, the system cut-off date. The attached form letter, which certifies the adjusted student membership and the number of buses reported on the database, must be signed by the superintendent or designee and submitted to the Bureau of School Business Services no later than Thursday, September 4, 2014. The June student transportation information provided in this letter must match that reported in the district database as of the system cut-off date. **Districts may use Transportation Report F63499 or F70092 to verify adjusted membership and bus information recorded in the database for use in the certification letter.** The information in this letter will be compared with the department’s report to ensure that accurate information is used in the transportation funding formula.

For charter schools with students who are eligible and reported for FEFP transportation funding, ridership reports must be submitted to the sponsoring school district. The district will include these students in the survey data submitted to the Florida Department of Education. Charter school staff are encouraged to contact the transportation director in their sponsoring school district prior to the survey regarding the district’s reporting process and procedures. Contact information for local district school transportation personnel is available from the department’s School Transportation office. Please contact the office at schtrans@fldoe.org or 850-245-9795 to request this information.

Please call Mark Eggers (School Business Services) at 850-245-0351, Jamie Warrington (School Transportation) at 850-245-9795 or Todd Clark (Education Information and Accountability Services) at 850-245-0764 if assistance is needed.

Tallahassee, Florida 32399-0400

Dear Mr. Eggers:

This letter certifies the student transportation totals in the Automated Student Transportation Survey Information Database for the July 2013, October 2013, February 2014 and June 2014 surveys for the ________________ School District. Zeros entered below indicate that there were no transported students during the survey period. All district schools are represented.
