MEMORANDUM

TO: District School Superintendents

FROM: Suzanne Pridgeon 

DATE: November 14, 2022

SUBJECT: October 2022-23 Full-Time Equivalent (FTE) Student Survey Information

[Section \(s.\) 1011.62\(1\)\(a\)](#), Florida Statutes (F.S.), requires Florida school districts to report FTE student membership by conducting periodic surveys throughout the school year. The 2022-23 Florida Education Finance Program (FEFP) October FTE student survey was conducted during the week of October 10-14, 2022, and the data from this survey will be used in the third calculation of the 2022-23 FEFP. **“Date Certain” for all schools in all school districts is Friday of survey week.** “Date certain” is the specific time for setting student schedules on the local student course record and is used for reporting the “FTE Reported, Course” data element.

Please see the attached list of cost factors and program numbers for the 2022-23 fiscal year, and the schedule of reporting deadlines for 2022-23 through 2025-26. The *2022-23 FTE General Instructions*, which provide detailed instructions for reporting FTE, have been approved by the Florida State Board of Education and are attached to this memorandum.

General Information

The system cut-off date for reporting October survey data to be used in the 2022-23 FEFP Third Calculation is Thursday, December 15, 2022. All database entries must be complete as of this date in order to be included in the 2022-23 FEFP Third Calculation. **It is important that validation reports be requested prior to this date, and all FTE student data in error be corrected before submitting a certification letter to the Florida Department of Education (department).**

Suzanne Pridgeon
Deputy Commissioner, Finance and Operations

The attached form letter, which certifies October 2022 **reported** FTE student data, must be signed by the superintendent or designee and submitted to the Bureau of School Business Services no later than **Wednesday, December 21, 2022**. The unweighted reported FTE student totals provided in this letter must match the totals reported in the database as of the system cut-off date. **Once notified of the availability of certification reports, districts should use FTE Report 05.108 to verify FTE student data recorded in the database for the certification letter.** The information in this letter will be compared to the department's report to ensure that accurate information is used in the FTE student data recalibration process. Please note that only reported FTE student data should be provided in the FTE student data certification letter.

FTE Student Data to be Reported

The Florida Virtual School (FLVS) part-time instruction program, credit recovery in virtual instruction programs and virtual charter schools may operate for more than the 180-day school year and may report the associated FTE for funding. Instructional programs operating within Florida Department of Juvenile Justice (DJJ) programs and Incompetent to Proceed programs are required to provide 250 days of instruction over 12 months. Students attending residential DJJ facilities are funded for a 240- to 250-day school year. Nonresidential DJJ facilities are funded for a 230- to 250-day school year or the hourly equivalent. Other prekindergarten through grade 12 courses offered beyond the regular school year are funded through the Supplemental Academic Instruction and Reading Program allocations. Although funding for such courses does not depend on reported FTE student data, districts are still required to report summer non-funded FTE student data in the Automated Student Information System so associated statistical reports can be generated.

In addition to the FTE student data for programs that operate for more than 180 days or the hourly equivalent, the FTE student data for credit completions or the prescribed level of content that counts toward promotion to the next grade in programs listed in s. 1011.62(1)(c), F.S., should be reported in the June survey for the following programs: school district virtual instruction programs ([s. 1002.45, F.S.](#)); school district virtual course offerings ([s. 1003.498, F.S.](#)); virtual charter school programs ([s. 1002.33, F.S.](#)); FLVS full-time programs ([s. 1002.37\(9\), F.S.](#)); franchises of FLVS ([s. 1002.37\(4\), F.S.](#)); and FLVS courses delivered on a public school campus (s. 1002.37(3)(d), F.S.). Students who successfully complete a virtual instruction course should be reported in the June survey. A virtual instruction course that is not successfully completed should be reported in the June survey with "FTE Reported, Course" equal to 0.0000.

Exceptional Student Education (ESE) Student Record

With the exception of students in the Family Empowerment Scholarship Program, the FTE student records of students receiving ESE services (FEFP program numbers 111, 112, 113, 254, and 255) must have a matching ESE student record to generate funding under the FEFP.

Classroom Identification, Florida Inventory of School Houses (FISH) Number

To generate funding under the FEFP, each teacher course record for courses taught in a school district classroom in surveys 2 and 3 must contain a valid classroom identification FISH number that matches a number in the FISH file.

Reports 60.021 (Supplemental FTE Data File List) and 71.411 (Supplemental Bonus FTE) are available upon request. Report 60.021 provides data regarding the Florida Department of Children and Families programs, and report 71.411 provides data regarding the Florida Advanced Placement, International Baccalaureate, Advanced International Certificate of Education, Early High School Graduation and Dual Enrollment programs. School districts can use these reports to verify the FTE in these programs. For additional information, consult the [2022-23 Student Information System Database Manual](#).
