## Plan Information

*How is the district communicating the contents of its Comprehensive Evidence-Based Reading Plan to all stakeholders?*

The district communicates the contents of the Comprehensive Evidence-Based Reading Plan with stakeholders in a variety of ways. The plan is reviewed for feedback at the District Advisory Council Meeting held during August of each year and then quarterly during the school year. The DAC is composed on stakeholders to include administrators, teachers, staff, students, parents, and community stakeholders. The completed plan is reviewed and approved by the Liberty County School Board. Copies of the plan are made available on the district website, as well as published by FLDOE.

Monitoring of District K-12 Comprehensive Evidence-Based Reading Plan Implementation as required by 6A-6.053(1)(a) F.A.C.

**K-12 Data Analysis and Decision-making as required by 6A-6.053(1)(b) F.A.C.**

<b>Data Analysis and Decision-making</b>				
<i>How often is the data being reviewed and by whom?</i>	<i>What problem-solving steps are in place for making decisions based on the data?</i>	<i>What steps is the district taking to see building and classroom level data and to share findings with individual schools?</i>	<i>How are concerns communicated if it is determined that the K-12 Reading Plan is not being implemented in an explicit manner, based on data to meet the needs of students?</i>	<i>Who at the district level is responsible for providing plan implementation oversight, support and follow-up?</i>
Data is reviewed by the District Leadership Team, School Leadership Teams, Grade Level Teams and Individual teachers following each progress monitoring window. Data is also reviewed prior to survey 2 and 3 by the Director of Instruction and Director of ESE in conjunction with school-based staff to ensure that all students are appropriately identified and receiving Tier II and III interventions.	The district problem solving team reviews district level data to identify areas of success and areas in need of improvement. The team engages in problem solving to design strategies for improvement. The success of strategies are measured by a review of progress monitoring data. If strategies are not successful, they are modified through the problem-solving team. This process is repeated at the school, grade level and individual teacher level. Problem solving teams support teachers in the development of interventions for students requiring Tier II and III interventions. The team assist with the review of data and assist with the development of modifications as needed.	The district reviews summative data at the end of each school year. This data is reviewed via the Performance Matters platform a data warehouse that allows review of data at the building, classroom, and student level. The results of data review are shared with principals during face to face data chats. Additional data chats are scheduled at schools to meet face to face with teachers at each grade level to review and discuss data and student progress.	Continuing review of data by district and school leadership will determine if the K-12 Reading Plan is being implemented to meet the needs of students.	Director of Instruction

School Level Leadership 6A-6.053(8) F.A.C.

Practice	Who ensures that the practice is informed by a specific purpose?	How is the purpose communicated?	How often is the data being collected?	How is the data being shared and by whom?	How often is the data being reviewed and by whom?
Weekly walkthroughs by administrators	School administration ensures the practice is informed by a specific purpose using the Danielson Framework for Teaching.	Purpose is communicated electronically and a hard copy.	Data is collected biweekly by the school administration.	School administration communicates data collected electronically and via paper to the teacher. Face to face conferencing is used as needed.	Data is reviewed biweekly by the school administration and teacher.
Data chats	School administration and teachers ensure the practice is informed by a specific purpose.	Purpose is communicated through conferencing.	Data is collected quarterly by school administration and teachers.	School administration and teachers communicate data to students through one to one conferencing.	Data is reviewed quarterly by the school administration, teachers and students.
Reading Leadership Team per 6A-6.053(3) F.A.C.	School administration ensures the practice is informed by a specific purpose using the Danielson Framework for Teaching.	Purpose is communicated electronically and a hard copy.	Data is collected quarterly by Reading Leadership Team.	School administration and Reading Leadership communicates data collected electronically and conferencing.	Data is reviewed quarterly by the school administration and Reading Leadership Team. If needed team will meet more frequently.
Monitoring of plan implementation	School administration ensures the practice is informed by a specific purpose.	Purpose is communicated electronically, a hard copy and walk throughs by administration.	Data is collected biweekly by the school administration.	School administration communicates data collected electronically and via paper to the teacher. Face to face conferencing is used as needed.	Data is reviewed biweekly by school administration. Progress monitoring is reviewed quarterly by both the school administration and teachers and students.
<b>Implementation and Progress-monitoring</b>					
What problem-solving steps are in place for making decisions based on data?		How are concerns communicated if it is determined that the plan is not being implemented in a systematic and explicit manner, based on data to meet the needs of students?		How will district leadership provide plan implementation oversight, support and follow-up?	
Reading leadership team meets quarterly with teachers to discuss progress of students based on data collected from the progress monitoring.		Concerns are communicated that the plan is not being implemented through conferences with teachers and school leadership. Support is provided to schools/teachers if the plan is not being implemented.		District leadership meets quarterly with school leadership and teachers to review data and develop plan of action. Differentiated support is provided to schools that may experience difficult with plan implementation. The Director of Instruction, Director of ESE, and Instructional Technology Coach, Guidance Counselors, and Principals assist with follow up support.	

Professional Development per 6A-6.053(4) F.A.C.

Requirement	How is it communicated to principals?	How is it monitored by principals?	How often is it reported to the district and in what format?	To whom is it reported at the district?	Who at the district level is responsible for following up if the professional development requirement isn't happening?
Training in multisensory reading intervention	Through administrative meetings, email and calendar.	Principals monitor participation by the review of professional development sign in sheets. Principals are invited to participate.	After each scheduled training.	Director of Instruction, and other district leaders.	Director of Instruction
Differentiated professional development with intensity increased for those teachers whose progress monitoring data is not showing adequate growth	Through administrative meetings, email and calendar.	Principals review progress monitoring data and determine teachers whose data is not showing adequate growth.	At least quarterly.	Director of Instruction and Director of Exceptional Education.	Director of Instruction
Identification of mentor teachers	Through administrative meetings and email.	Principal meets with assign mentor to review concerns and stay up to date on progress.	Monthly or more frequently. Email, face to face meeting to review data and discuss progress.	Director of Instruction and Director of Exceptional Education.	Director of Instruction
Establishing of model classrooms within the school	Through administrative meetings, and email.	Principal walk throughs and progress monitoring data help identify teachers needing assistance. Model classrooms are identified, and teachers have opportunities to observe best practices in the	As needed based on individual teacher needs.	Director of Instruction	Director of Instruction

Providing teachers with time weekly to meet together for professional development including lesson study and PLCs	Administrative meetings	Review of agendas	Quarterly, face to face meeting.	Director of Instruction	Director of Instruction

## Instruction

K-5 Uninterrupted 90 minute Daily Reading Block per 6A-6.053(9)(a) F.A.C.

Requirement	How is it communicated to principals?	How is it monitored by principals?	How is it reported to the district?	To whom is it reported at the district?	How often is it reported to the district?
Whole group instruction utilizing an evidence-based sequence of reading instruction	Face to face in administrative meetings, individual face to face meetings.	Review of schedules and classroom walk throughs.	Hard copy and electronic copy of school and individual student schedules.	Director of Instruction and Director of ESE	During schedule development – ongoing weekly. After schedule development, during survey 2 and 3 schedule review.
Small group differentiated instruction in order to meet individual student needs	Face to face in administrative meetings, individual face to face meetings.	Review of schedules and classroom walk throughs.	Hard copy and electronic copy of school and individual student schedules.	Director of Instruction and Director of ESE	During schedule development – ongoing weekly. After schedule development, during survey 2 and 3 schedule review.

## Budget per 6A-6.053(2) F.A.C.

How is the district prioritizing K-3 students with substantial reading deficiencies in the use of its Research-Based Reading Instruction Allocation funds?

The district prioritizes the use of Research-Based Reading instruction funds to support K-3 students with substantial reading deficiencies by supporting teacher salaries in K-3 to ensure small class size in these targeted grade levels.

Reading Allocation Budget Item	Amount
Estimated proportional share distributed to district charter	0
District expenditures on reading coaches assigned to elementary schools	0
District expenditures on reading coaches assigned to secondary schools	0
District expenditures on intervention teachers assigned to elementary schools	153,000
District expenditures on intervention teachers assigned to secondary schools	One teacher here
District expenditures on supplemental materials or interventions for elementary schools	6,268.00
District expenditures on supplemental materials or interventions for secondary schools	4,500.00
District expenditures on professional development	0
District expenditures on helping teachers earn the reading endorsement	
District expenditures on summer reading camps	2,850.00
District expenditures on additional hour for school on the list of 300 lowest performing elementary schools	0
Flexible Categorical Spending	
Sum of Expenditures	
Amount of District Research-Based Reading Instruction Allocation	166,618.00

## Summer Reading Camp

All Summer Reading Camp teachers are required to be highly effective and reading endorsed/certified. An addendum will be sent out the last week of August 2020 requesting specific information.

What evidence-based instructional materials are being used for Summer Reading Camp?

Great Leaps, Leveled Text, Ready, Journey's Write in Readers, iReady paper based supplemental materials based on student pathway, Journey's Intervention, Jamestown Fluency, My Sidewalks, Rewards, Words Their Way, iReady, iReady Toolkit, iReady Standards Mastery, IXL, STAR 180, and Top Score.

Will students in grades other than 3 be served also? Yes  No

If yes, which grade levels? 2<sup>nd</sup> grade if numbers are small enough to accommodate additional students.

## Reading Allocation Literacy Coaches

Minimum Qualifications per 6A-6.053(6)(d) F.A.C.:

Coaches must meet the following criteria:

- reading endorsement or reading certification
- experience as successful classroom teachers

- knowledge of evidence-based reading research
- special expertise in quality reading instruction and infusing reading strategies into instruction
- data management skills
- strong knowledge base in working with adult learners
- excellent communication skills
- outstanding presentation, interpersonal, and time-management skills

An addendum will be sent out the last week of August 2020 requesting specific information.

What problem-solving method was used to determine which schools have the greatest need based on student performance data in reading per 6A-6.053 F.A.C.? (Please attach any rubrics or related artifacts)

NA – No Reading Coach

How have you communicated to principals, coaches, teachers, and district staff that coaches are not asked to perform administrative functions that will confuse their role for teachers; and that they are to spend limited time administering or coordinating assessments?

The district does not have any reading coaches.

Who is monitoring whether that is adhered to? Whom do coaches go to with concerns if these requirements are not followed?

NA

### Coaching Model per 6A-6.053(6)(b) F.A.C. – No reading coaches

Is your district using the Just Read, Florida! coaching model? Yes  No

If you checked no, please complete and submit the Alternative Coaching Model document.

If you checked yes, please fill out the following chart:

#### Requirements of the Just Read, Florida! Coaching Model per 6A-6.053(6)(c) F.A.C.

- Provide professional development on the following:
  - the major reading components, as needed, based on an analysis of student performance data
  - administration and analysis of instructional assessments
  - providing differentiated instruction and intensive intervention
- Model effective instructional strategies for teachers
- Facilitate study groups
- Train teachers in data analysis and using data to differentiate instruction
- Coach and mentor colleagues
- Provide daily support to classroom teachers
- Work with teachers to ensure that evidence-based reading programs are implemented with fidelity
- Help to increase instructional density to meet the needs of all students
- Help lead and support reading leadership teams at their school(s)
- Continue to increase their knowledge base in best practices in reading instruction, intervention, and instructional reading strategies
- Work frequently with students in whole and small group instruction to model and coach in other teachers' classrooms

<i>How are these requirements being communicated to principals?</i>	<i>How are coaches recording their time and tasks?</i>	<i>Who at the district level is monitoring this?</i>	<i>How often is the data being reviewed?</i>	<i>What problem-solving steps are in place for making decisions based on the data?</i>
NA				

## Other Considerations

### Reading Intervention Data Element per 6A-6.053(7)(e)

Reporting of data elements is required by the K-12 Comprehensive Evidence-Based Reading Plan within the Automated Student and Staff Data Base System. These data elements include:

- Student Enrollment in Reading Intervention;
- Reading Endorsement competency status for teachers;
- Reading Certification progress status for teachers.

### Charter schools per 6A-6.053(5)

Charter schools must utilize their proportionate share of the research-based reading allocation in accordance with Sections 1002.33(7)(a)2.a., and 1008.25(3)(a), F.S. All intensive reading interventions specified by the charter must be delivered by a teacher who is certified or endorsed in reading.

### Instructional Continuity Plan

Given that it is important to plan ahead for any contingency, please attach your Instructional Continuity Plan for 2020-2021 if you wish to have it reviewed by Just Read, Florida! We will offer feedback and suggest resources.

### **Curriculum/Instruction/Assessment Decision Trees per 6A-6.053(9)(c)**

Use the following decision tree template to address ALL district students. What follows is one tree that can be copied as needed. The template can be used for grade bands or for individual grades.

The Decision Trees must contain the following information:

- The grade level(s) of students the decision tree is addressing
- Name and performance benchmark on screening, diagnostic, progress monitoring, local assessment, statewide assessment or teacher observations used to identify students with substantial deficiencies in reading and subsequent interventions provided
- A description of the intensive, explicit, systematic and multisensory reading interventions which will be provided to students in grades K-3
- Information on how the Florida Kindergarten Readiness Screener will be used to identify students for intervention
- Core curriculum and K-12 intervention materials that address the six (6) components of reading: oral language, phonological awareness, phonics, fluency, vocabulary, and comprehension
- The methods for providing reading instruction and intervention to students who may continue to receive instruction through distance or blended learning

## Curriculum, Instruction, and Assessment Decision Tree

**Grade Level(s):** K - 5

**IF:**

Student meets the following criteria at beginning of school year:  
*Student scores 40 percent or greater on the STAR Reading Assessment (Percentile rank (PR), ranging from 1–99)*

**THEN:**

**TIER 1 Only**

**TIER 1**

*Initial instruction:*

- *is standards-aligned*
- *builds background and content knowledge, motivation*
- *provides print rich, systematic, scaffolded, and differentiated instruction*
- *incorporates writing in response to reading*
- *includes accommodations (IEP, ESOL or 504)*
- *incorporates the principles of Universal Design for Learning*
- *includes specially designed instruction for students with disabilities*

**Core Curriculum**

*Please indicate your core curriculum and how its use by the students served is supported by strong evidence, moderate evidence, or promising evidence.*

*Journey's K-5, Houghton Mifflin Harcourt, is used to provide Tier I instruction to students in grades K-5. This includes whole group, and small group instruction.*

*Evidence: Strong based on ESEA guidelines.*

**Progress Monitoring**

**Assessment & Frequency**

**Performance Criteria that indicates Tier 1 is sufficient**

**Performance Criteria to that would prompt addition of Tier 2 interventions**

- *STAR Early Literacy/STAR/iReady*
- *3 times a year*

*40% or higher according to STAR Early Literacy/STAR K-1, STAR grade 2.  
40% or higher STAR and FSA ELA Level 3, grades 3-5.*

*Less than 40% according to STAR/STAR Early Literacy for grades K-1, STAR grade 2.  
Less than 40% STAR or Level 2 on FSA ELA.*

**How is the effectiveness of Tier 1 instruction being monitored?**

*Progress monitoring results, running records, formative assessments, standards mastery, class work, fluency checks all assist in determining if core instruction is effective.*

**What procedures are in place to identify and solve problems to improve effectiveness of Tier 1 instruction?**

- *Grade level teams review data together and problem solve to determine the most effective reading strategies.*
- *The school MTSS/Reading Leadership Team review individual classroom data to determine if current reading practice is effective.*
- *Classroom walk throughs by principals, assistant principals, identify classroom that are delivering high impact, effective instruction.*

**How is the effectiveness of Tier 1 instruction being monitored?**

*Progress monitoring results, running records, formative assessments, standards mastery, class work, fluency checks all assist in determining if core instruction is effective.*

**What procedures are in place to identify and solve problems to improve effectiveness of Tier 1 instruction?**

- *Grade level teams review data together and problem solve to determine the most effective reading strategies.*
- *The school MTSS/Reading Leadership Team review individual classroom data to determine if current reading practice is effective.*
- *Classroom walk throughs by principals, assistant principals, identify classroom that are delivering high impact, effective instruction.*

**How is the effectiveness of Tier 1 curriculum being monitored?**

**What procedures are in place to identify and solve problems to improve effectiveness of Tier 1 curriculum?**

**How is instruction modified for students who receive instruction through distance learning?**  
 Instruction is modified for students receiving distance learning by providing weekly assignment via the Clever Teacher Page. Teachers utilize the core program Journeys as much as possible, other programs such as iReady, Renaissance Learning, IXL, and face to face instruction via ZOOM are used. Teachers make contact via Clever, phone and email to answer questions throughout the week.

**IF:** Student meets the following criteria at beginning of school year:  
 Student Scores 20 -39 percent on the STAR Reading Assessment (PR), ranging from 1–99) and/or the student scores a Level 2 on FSA-ELA

**THEN:** **TIER 1 instruction and TIER 2 interventions**

- Interventions:**
- are standards-aligned
  - address gaps and reduce barriers to students’ ability to meet Tier 1 expectations
  - provide systematic, explicit, and interactive small group instruction targeting foundational/barrier skills
  - are matched to the needs of the students
  - provide multiple opportunities to practice the targeted skill(s) and receive feedback
  - occurs during time allotted in addition to core instruction
  - includes accommodations (IEP, ESOL or 504)

**THEN:**

**TIER 1 Only**

**TIER 1**

*Initial instruction:*

- *is standards-aligned*
- *builds background and content knowledge, motivation*
- *provides print rich, systematic, scaffolded, and differentiated instruction*
- *incorporates writing in response to reading*
- *includes accommodations (IEP, ESOL or 504)*
- *incorporates the principles of Universal Design for Learning*
- *includes specially designed instruction for students with disabilities*

**Core Curriculum**

*Please indicate your core curriculum and how its use by the students served is supported by strong evidence, moderate evidence, or promising evidence.*

*Springboard is used to provide Tier I instruction to students in grades K-5. This includes whole group, and small group instruction.*
