Maximizing Your Instruction to be the B.E.S.T. Grades K-5

Just Read, Florida!

Session 2
Objectives

• Review established understandings from Session 1
• Apply the Criteria for Aligning Instruction Centered Around the B.E.S.T. Benchmark Demands to a new instructional plan in need of enhancement
• Engage in discussion through collaboration to ensure all curriculum meets B.E.S.T. ELA benchmark demands
Benchmark Demands

• Grade-Level Benchmark
• Benchmark Clarifications
• Vertical Progression
• Appendices
• Glossary
Quick Review Warm Up
Scenario 1

A third-grade teacher notices her students are struggling with the task provided in the curriculum. The task asks students to write a paragraph to explain the theme of the story and how it develops using details from the text. She supports her students by telling them to write what happened at the beginning, middle and end of the story instead.

Is this an example of a scaffold? Why or why not?
Scenario 2

A fourth-grade teacher asks his students a text-dependent question from the informational text they are reading. The room is silent and there are no student responses.

Which ELA Expectation(s) can be used to support student learning?
Scenario 3

A novice teacher just joined the first-grade team at your school. He is uncertain what explicit instruction is and how it looks during the lessons.

What can you do to support him? How can you describe explicit instruction to him?
Scenario 4

During collaborative planning, the 5th grade team is using only the vertical progression chart on pages 13-25 in the B.E.S.T. ELA Standards. They plan for instruction based on what they notice from the chart.

Is this the most beneficial way to plan for instruction? Why or why not?

  - explain different character’s perspectives in the story;
  - summarize the story to enhance comprehension;
  - use various reference tools to discover meaning of words;
  - write personal narratives; and
  - in context, use compound and complete sentences to enhance conventions.

**Benchmarks/ELA Expectations:**

Reference all clarifications and appendices for each benchmark in the B.E.S.T. ELA Standards document.

**Spotlights(s)**

Collaboration/Discussion

Take a minute to reflect on the learning from the session.

- What are the opportunities in your district/campus to build knowledge around the benchmarks demands?
- If you have already provided training on the benchmarks, how might your teachers deepen their understanding of the benchmark demands?
- Think about your newly adopted curriculum. How might you use a criteria to ensure the instructional plans meet the B.E.S.T. benchmark demands?
- How might you design collaborative planning opportunities for coaches and teachers in your district/campus?
