## Plan Information

*How is the district communicating the contents of its Comprehensive Evidence-Based Reading Plan to all stakeholders?*

The Taylor County School District works collaboratively to develop its district reading plan and share it with all stakeholders in the following manner:

District Level: Submitted to the school board for review and approval

- After approved the plan will be placed on the district website for use by all interested stakeholders
- District leadership will provide an overview of the reading plan to the school level administrative team

School Level: School leadership and instructional coaches will be responsible for sharing the reading plan with all

- instructional personnel at the school site.
- Instructional coaches will be responsible for ensuring day to day fidelity of reading plan implementation

Monitoring of District K-12 Comprehensive Evidence-Based Reading Plan Implementation as required by 6A-6.053(1)(a) F.A.C.

<b>Data Analysis and Decision-making</b>				
<i>How often is the data being reviewed and by whom?</i>	<i>What problem-solving steps are in place for making decisions based on the data?</i>	<i>What steps is the district taking to see building and classroom level data and to share findings with individual schools?</i>	<i>How are concerns communicated if it is determined that the K-12 Reading Plan is not being implemented in an explicit manner, based on data to meet the needs of students?</i>	<i>Who at the district level is responsible for providing plan implementation oversight, support and follow-up?</i>
All reading data is reviewed at least 4 times by the district team and at the school level collaboratively by the administrators, instructional coaches, and teachers.	Grade level decision tress outline the decision-making process. School level teams analyze student data to determine the differentiated supports necessary for each student.	The district leadership team analyzes school level data by grade level and strand to determine both areas of strength and need. The district team schedules three site level visits each year after the three progress monitoring assessments and a full data review after state assessment results are received.	School level leaders and instructional coaches are responsible for reviewing data by grade level, reading strand, and at the teacher level.  Instructional coaches are allocated at every grade level to provide oversight of the implementation of the reading plan and the provision of sufficient academic supports to meet student needs.	The Director of Instruction and the Curriculum and Technology Coordinator work collaboratively to provide plan implementation oversight, support and follow-up

Teacher Schedules Classroom Walk-throughs Lesson Plan Reviews	Master Schedule SIS Student Schedules	Reports are readily available to district leadership	As needed
Small group differentiated instruction in order to meet individual student needs	District leadership are provided guidance on statutory reading requirements during meetings and via email.	Teacher Schedules Classroom Walk-throughs Lesson Plan Reviews	Master Schedule SIS Student Schedules	Reports are readily available to district leadership	As needed

## Budget per 6A-6.053(2) F.A.C.

How is the district prioritizing K-3 students with substantial reading deficiencies in the use of its Research-Based Reading Instruction Allocation funds?

**The Taylor County School District pays 50% of a reading endorsed, Tier 3 Reading Intervention Teacher at the elementary level**

Reading Allocation Budget Item	Amount
Estimated proportional share distributed to district charter	0
District expenditures on reading coaches assigned to elementary schools	58,000
District expenditures on reading coaches assigned to secondary schools	70,000
District expenditures on intervention teachers assigned to elementary schools	30,000
District expenditures on intervention teachers assigned to secondary schools	0
District expenditures on supplemental materials or interventions for elementary schools	15,000
District expenditures on supplemental materials or interventions for secondary schools	10,000
District expenditures on professional development	14423

District expenditures on additional hour for school on the list of 300 lowest performing elementary schools	
Flexible Categorical Spending	
Sum of Expenditures	219,423
Amount of District Research-Based Reading Instruction Allocation	

## Summer Reading Camp

All Summer Reading Camp teachers are required to be highly effective and reading endorsed/certified. An addendum will be sent out the last week of August 2020 requesting specific information.

What evidence-based instructional materials are being used for Summer Reading Camp?

**I-Ready and Journeys will be the primary curricula used during the 2021 summer reading camp.**

Will students in grades other than 3 be served also? Yes  No  **Yes**

If yes, which grade levels? 2<sup>nd</sup> Grade Title I Step-Up \_\_\_\_\_

## Reading Allocation Literacy Coaches

Minimum Qualifications per 6A-6.053(6)(d) F.A.C.:

Coaches must meet the following criteria:

- reading endorsement or reading certification
- experience as successful classroom teachers
- knowledge of evidence-based reading research
- special expertise in quality reading instruction and infusing reading strategies into instruction
- data management skills
- strong knowledge base in working with adult learners
- excellent communication skills
- outstanding presentation, interpersonal, and time-management skills

An addendum will be sent out the last week of August 2020 requesting specific information.

What problem-solving method was used to determine which schools have the greatest need based on student performance data in reading per 6A-6.053 F.A.C.? (Please attach any rubrics or related artifacts)

In accordance with 6A-6.053 F.A.C., (6)(a) If the funding of reading/literacy coaches is part of the Research-Based Reading Instruction Allocation budget, reading/literacy coaches must be assigned to schools determined to have the greatest need based on student performance data.

The Taylor County School District has historically had inconsistent and low ELA proficiency and learning gain rates on state assessments. The chart below outlines the 2019 district performance and ranking amongst the 67 districts in the state.

	<b>State</b>	<b>Taylor</b>
<b>ELA 3-10</b>	55%	49%
District Ranking		49th
<b>ELA 3-5</b>	57%	54%
District Ranking		44th
<b>ELA 6-8</b>	54%	48%
District Ranking		45th
<b>ELA 9-10</b>	54%	39%
District Ranking		59th

Thus, the district has worked diligently to set-aside funding to pay for instructional coaches at each grade level within the district. Instructional coaches are collaboratively funded between state categorical funding and federal title grant funds.

How have you communicated to principals, coaches, teachers, and district staff that coaches are not asked to perform administrative functions that will confuse their role for teachers; and that they are to spend limited time administering or coordinating assessments?

Annually, during the summer leadership meeting, the district reading plan is reviewed and discussed. The job description and the role of the instructional coach is reviewed with the school leadership. This same discussion is facilitated with the instructional coaches.

Who is monitoring whether that is adhered to? Whom do coaches go to with concerns if these requirements are not followed?

In the event that these guidelines are not adhered to, the coaches may contact anyone on the district leadership team to share their concern. The district person will then network with the school leadership and the instructional coach to problem solve and assist in developing a solution.

### Coaching Model per 6A-6.053(6)(b) F.A.C.

Is your district using the Just Read, Florida! coaching model? Yes  No

If you checked no, please complete and submit the Alternative Coaching Model document.

If you checked yes, please fill out the following chart:

### Requirements of the Just Read, Florida! Coaching Model per 6A-6.053(6)(c) F.A.C.

- Provide professional development on the following:
  - the major reading components, as needed, based on an analysis of student performance data
  - administration and analysis of instructional assessments
  - providing differentiated instruction and intensive intervention
- Model effective instructional strategies for teachers
- Facilitate study groups
- Train teachers in data analysis and using data to differentiate instruction
- Coach and mentor colleagues
- Provide daily support to classroom teachers
- Work with teachers to ensure that evidence-based reading programs are implemented with fidelity
- Help to increase instructional density to meet the needs of all students
- Help lead and support reading leadership teams at their school(s)
- Continue to increase their knowledge base in best practices in reading instruction, intervention, and instructional reading strategies
- Work frequently with students in whole and small group instruction to model and coach in other teachers' classrooms

<i>How are these requirements being communicated to principals?</i>	<i>How are coaches recording their time and tasks?</i>	<i>Who at the district level is monitoring this?</i>	<i>How often is the data being reviewed?</i>	<i>What problem-solving steps are in place for making decisions based on the data?</i>
Requirements are communicated during leadership meetings and through email.	Daily schedules are logs are maintained by instructional coaches	Curriculum and Technology Coordinator	Quarterly	Quarterly School Improvement Site Visits  Monthly Instructional Coach Meetings

## Other Considerations

### Reading Intervention Data Element per 6A-6.053(7)(e)

Reporting of data elements is required by the K-12 Comprehensive Evidence-Based Reading Plan within the Automated Student and Staff Data Base System. These data elements include:

- Student Enrollment in Reading Intervention;
- Reading Endorsement competency status for teachers;
- Reading Certification progress status for teachers.

### Charter schools per 6A-6.053(5)

Charter schools must utilize their proportionate share of the research-based reading allocation in accordance with Sections 1002.33(7)(a)2.a., and 1008.25(3)(a), F.S. All intensive reading interventions specified by the charter must be delivered by a teacher who is certified or endorsed in reading.

### Instructional Continuity Plan

Given that it is important to plan ahead for any contingency, please attach your Instructional Continuity Plan for 2020-2021 if you wish to have it reviewed by Just Read, Florida! We will offer feedback and suggest resources.

At this point in time, the Taylor County School District is still in the process of developing our School Re-Opening Plan.

## **Curriculum/Instruction/Assessment Decision Trees per 6A-6.053(9)(c)**

Use the following decision tree template to address ALL district students. What follows is one tree that can be copied as needed. The template can be used for grade bands or for individual grades.

The Decision Trees must contain the following information:

- The grade level(s) of students the decision tree is addressing
- Name and performance benchmark on screening, diagnostic, progress monitoring, local assessment, statewide assessment or teacher observations used to identify students with substantial deficiencies in reading and subsequent interventions provided
- A description of the intensive, explicit, systematic and multisensory reading interventions which will be provided to students in grades K-3
- Information on how the Florida Kindergarten Readiness Screener will be used to identify students for intervention
- Core curriculum and K-12 intervention materials that address the six (6) components of reading: oral language, phonological awareness, phonics, fluency, vocabulary, and comprehension
- The methods for providing reading instruction and intervention to students who may continue to receive instruction through distance or blended learning

Students will be placed in a grade-level ELA course that provides rigorous, standards-based, grade-level instruction, such as analyzing and evaluating concepts, processes, procedures, and principles, rather than just remembering facts (rote learning). This will provide grade-level preparation for FSA ELA standards and for college/career. USA Test Prep will be used as a reading assessment providing various activities for reading comprehension and for vocabulary enrichment. Graide Network will provide assessments and feedback in writing for grades 9 and 10 and AP courses.

11<sup>th</sup> and 12<sup>th</sup> grade students who have not achieved proficiency scores on FSA ELA will be placed in a semester-long intensive reading class, course number 100041011 (Code B) for grade 11 students and course number 100041012 (Code B) for grade 12 students. They will receive instruction in high-level reasoning skills, vocabulary skills and strategies, reading comprehension strategies required to meet FSA ELA proficiency standards (level 3 or above), or the concordant score on ACT or SAT assessments. Whole and small group instruction will be utilized. Student progress will be monitored using formative and summative assessments, BrightFish, USA Test Prep, *FL Collections*, and other teacher-created, standards-based assessments to identify areas of deficiency. BrightFish, USA Test Prep, and *FL Collections* will be used to provide differentiated instruction in reading comprehension, critical thinking and vocabulary strategies.

9<sup>th</sup> and 10<sup>th</sup> grade students who have not achieved proficiency scores on FSA ELA will be placed in a reading class or intensive reading class receiving whole and small group instruction. They will receive instruction in high-level reasoning skills, vocabulary skills and strategies, reading comprehension strategies and instruction required to meet FSA ELA Proficiency standards (level 3 or above), or the concordant score on ACT or SAT assessments. Student progress will be monitored using formative and summative assessments, BrightFish, USA Test Prep, *FL Collections*, and other teacher-created, standards-based assessments to identify areas of deficiency. Students in grade 9 are placed in a reading course, number 1008300 (Code A) or intensive reading course, number 100041009 (Code B); students in grade 10 are placed in a reading course, number 1008310 (Code A) or intensive reading course, number 100041010 (Code B).

Research-Based Evidence for Taylor County High School Strategies and Programs

John Hattie’s 252 Influences for Student Achievement:

- Collective teacher efficacy: 1.57; grade-level data chats for student success; LATIC
- Self-reported grades: 1.33; student data chats and self-monitoring on computer programs, LATIC

- Teacher estimates of achievement: 1.29; grade-level data chats for student success
- Student self-efficacy: .92; self-pacing on computer programs, student data chats and self-monitoring on computer programs, LATIC
- Evaluation and reflection: .75: computer programs, teacher-generated reflection activities, computer-generated reflection activities
- Feedback: .70; Teacher feedback on Google Classroom; computer-generated feedback
- Vocab programs: .63; teacher-generated vocabulary based on literature study; computer-generated vocabulary study based on passages
- Setting standards for self-judgment: .62; student data chats include goal setting; computer-generated goals for strengthening skills, LATIC
- Technology with learning needs students: .57; use of computer programs such as BrightFish and USA Test Prep, along with Google Classroom, LATIC
- Interactive video methods: .54; BrightFish and USA Test Prep include interactive video activities, LATIC

Sean Covey: *7 Habits for Highly Effective Teens*:

- Covey believes that a highly effective teen is proactive in his/her decision making for daily life as well as academics. BrightFish and USA Test Prep enable students to become proactive in their academics by setting goals and determining strengths and challenge; LATIC.

Angela Duckworth;

- Duckworth conducted research on the power of grit in student success. BrightFish and USA Test Prep provide opportunities that are challenging to the students so they can build their skills while learning to be resilient: LATIC.

Carol Dweck:

- Dweck's research on growth mindset in young people indicates the importance for students to be open to new ideas and new ways of learning. Teacher-generated activities coupled with the technology programs will provide that willingness to new approaches to learning. This growth mindset also provides opportunities to value resilience, not just in life but also in challenging academic study.
