PREPARING FLORIDA CHILDREN FOR A SUCCESSFUL FUTURE

The B.E.S.T. Standards for English Language Arts (ELA) are literacy standards for Florida students that will shape their education and make Florida the most literate state in the nation. The B.E.S.T. Standards will pave the way for Florida students to receive a world-class education and prepare them for a successful future.

Education leaders across the state of Florida improved the academic content standards, creating new expectations for what students need to know and be able to do. These benchmarks are goals that students are expected to achieve by the end of the school year. The B.E.S.T. Standards are designed to ensure that all students reach their greatest potential.

Preparing your child for success begins in Kindergarten and continues as your child moves up through each grade. This guide will support parents and families with children in seventh grade by helping you:

- **LEARN** about the B.E.S.T. Standards and why they matter for your child.
- **TALK** with your child’s teachers about what he/she will be learning in the classroom.
- **LOCATE** activities and resources to support your child’s learning in practical ways at home.
- **UNDERSTAND** important educational (academic) words that you will see in your child’s grade-level standards.

SUPPORT LEARNING AT HOME

You can encourage learning English language arts at home in ways that are fun for you and your child. Try these ideas after school, on weekends and during the summer:

✓ Encourage your child to use book trailers to select a first, second and third choice to read. Ask him/her to tell you why and how each video made a book sound interesting. Go to the library to check out and read those top choices.

✓ Set up and carry out a family debate night on a topic that interests your child. Incorporate the principles of argument into your more informal discussions with your child.

✓ Encourage your student to see, understand and explain both sides of situations or conflicts.

✓ Find and post a family word of the week or month. Learn the word and use it in conversations with one another as well as written communication when opportunities arise.

✓ Be frequent visitors to your local public library. Let him/her see you choosing, checking out and enjoying books.

✓ Work with your child to develop a personal résumé and portfolio and practice filling out electronic applications.

TALK TO YOUR CHILD’S TEACHER

Now that your child has reached middle school, he/she should be taking on more responsibility for his/her own learning. Parent/teacher conferences may be led by your student. Look for those conferences to focus on examples of student work. Together, talk about ways this work is successful as well as possible ways your student can continue to learn and grow as a reader and effective communicator.
