

CORPORATE TAX CREDIT **Scholarship Program**

OCTOBER REPORT
2005

The Corporate Tax Credit Scholarship Program was established to encourage private, voluntary contributions from corporate donors to non-profit scholarship funding organizations that award scholarships to children from low-income families. A corporation can receive a dollar for dollar tax credit up to 75% of its state income tax liability, and the state may award a maximum of \$88 million in credits each year. This program expands educational opportunities and school choice for children of families that have limited financial resources.

This report is based on students who received September payments for the 2005-2006 school year.

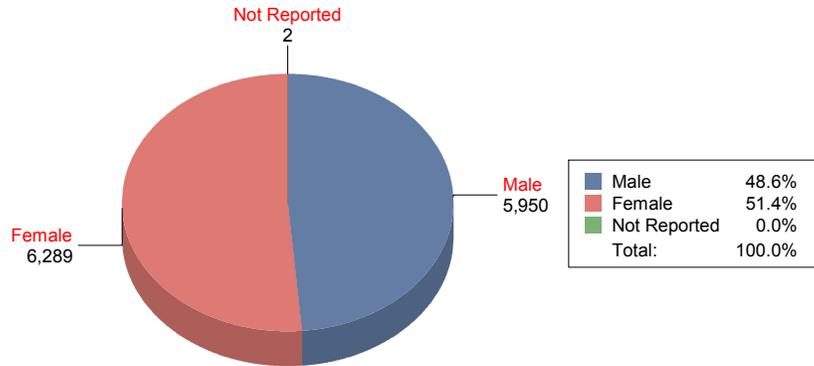

Next issue will be available: December 2005
