No: The LEA should STOP here.

Is the LEA required to use comprehensive CEIS funds for the fiscal year 2021-22?

Yes: Mandatory CEIS: The LEA must reserve the maximum allowed for intervening services (15%) to provide comprehensive CEIS. Complete all sections below.

No: Voluntary CEIS: The LEA may not use more than 15% to provide early intervening service. An LEA using voluntary CEIS funds should complete the below sections. An LEA using carry forward only, should use the approved purpose, root cause of analysis, goals and strategies responses from the prior year's CEIS plan. Provide a new progress monitoring, use of funds, and discretionary projects responses in the below text boxes.

CEIS Plan Narrative

Purpose: Please provide a reason why the LEA is using CEIS funds; include data. In the response, state if CEIS funds are being set aside for disciplinary, identification and/or placement reason(s). Include if the CEIS funds will be used at the elementary, middle and/or high school level(s).

Responses are limited to 1,200 characters.

Root Cause of Analysis: Please detail the contributing factors of the significant disproportionality in the LEA. Conducting a problem-solving session that engages LEA and stakeholders is instrumental in determining the root cause of disproportionality. Identify the team of individuals from the LEA and community who are engaged in the problem-solving session. Provide a list of participants' titles and a detailed narrative describing the problem-solving process and findings (additional information may be sent to CCEISplans@fldoe.org). If the LEA is using CEIS funds voluntarily, the response to this section should provide a detailed rationale that explains the purpose for using these funds.

Strategies: Please provide specific details as to how the LEA will achieve the goals. These strategies must be quantifiable in nature. Additionally, describe the expected results of each of these strategies. Applicants using CEIS funds voluntarily will need to provide these strategies.

Responses are limited to 1,200 characters.

Progress Monitoring: Based upon the goals and strategies, please detail how the LEA will monitor the progress of the implementation and the staff responsible for ensuring implementation of the plan and progress toward the goals. Please provide timelines.

Responses are limited to 1,200 characters.

Use of Funds: Please explain how comprehensive CEIS and CEIS funds will be used to implement the stated strategies. It should not be assumed that these funds can be used to fund all activities stated in the LEA's strategies. Each LEA will also need to describe how it will sustain the progress achieved with comprehensive CEIS funds once the funds are no longer used or required. If the LEA is required to reserve funds for comprehensive CEIS, identify the percentage of funds that will be serving students with disabilities.

Responses are limited to 1,200 characters.

Discretionary Projects: Please describe which discretionary projects the LEA will use for support and how the selected projects will assist in accomplishing the LEA's goals. Please provide a contact for each project listed.

Reporting Requirements

Agreed

Each LEA that develops and maintains CEIS under this section must annually report to the SEA on the number of children served under this section who received early intervening services; and the number of children served under this section who received early intervening services and subsequently receive special education and related services under Part B of the Act during the preceding two year period. (34 C.F.R. §§ 300.266(d) and 300.646(d))

Estimated number of students to be served during (FY) 2021-22:

Please provide an estimated number of students who will be served using comprehensive CEIS or CEIS funds. This number should provide a basis for budgeting and planning and may not be reflective of the actual number of students served and reported to FLDOE per (34 C.F.R. §§ 300.266(d) and 300.646(d)).

CEIS funds cannot be used for student universal screening or on LEA or schoolwide initiatives that are intended for all students. CEIS funds can only be used for activities that support coordinated early intervening services for students in grades K-12 who have been determined to need Tier 2 and Tier 3 academic or behavioral supports, including general education students and students with disabilities. In addition to direct services to students, activities may include professional development for teachers to support delivery of scientifically based academic instruction and behavioral interventions to the general education student identified as needing Tier 2 and Tier 3 interventions.
