PREFACE

Section 1008.385(2), Florida Statutes, mandates that each school district and the Florida Department of Education develop and implement a comprehensive management information system which is made up of compatible components. See <http://www.fldoe.org/faster/>.

In order to support the statewide process of implementing compatible local- and state-level automated information systems, the Florida Department of Education has developed the following documents:

*DOE INFORMATION DATA BASE REQUIREMENTS:
VOLUME I--AUTOMATED STUDENT INFORMATION
SYSTEM

*DOE INFORMATION DATA BASE REQUIREMENTS:
VOLUME II--AUTOMATED STAFF INFORMATION
SYSTEM

*DOE INFORMATION DATA BASE REQUIREMENTS:
VOLUME III--AUTOMATED FINANCE INFORMATION
SYSTEM

This document contains the required data elements, functions and timelines which each automated information system component must incorporate within its automated student information system. Further information or questions concerning this document should be addressed to the Administrator, Education Information Services, Florida Department of Education, 852 Turlington Building, Tallahassee, Florida 32399-0400.

**A. AUTOMATED STUDENT INFORMATION SYSTEM
REQUIREMENTS**

AUTOMATED STUDENT INFORMATION SYSTEM REQUIREMENTS

Section 1008.385(2), F.S., requires the development and implementation of a comprehensive management information system linking all levels of the state education system. Each school district and the Florida Department of Education shall implement an automated information system component containing student information which is compatible with the statewide comprehensive management information system.

The automated student information system functions and timelines implemented by the Florida Department of Education and each school district are as follows:

HISTORY

1. An automated student information system is to be implemented in each school district by June 30, 1987.

Each school district shall install an automated student information system which includes the data elements prescribed in Section B of this document and which contains the procedures for performing the automated state reporting and records transfer functions defined in subsections 4. and 5. Each system shall provide all district schools with the local automated functions of basic student information recordkeeping, course scheduling, attendance, test recordkeeping and academic grade and credit reporting (report cards, permanent records and postsecondary transcripts). Automated report cards for elementary schools will be optional for each district.

2. State-level automated student information data base design is to be implemented in the Florida Department of Education by July 1, 1987.

A state-level student data base of information shall be installed for access by state and local education managers and the Legislature. The data base design shall integrate existing Department reports previously collected separately from school districts within the automated reporting formats defined in subsection 5., thereby reducing data burden, improving compatibility among data elements, and providing a more comprehensive and flexible data base of information. The Florida Department of Education shall implement strict controls for privacy and security of student records as contained in Section C of this document.

3. Automated state reporting functions are to be implemented by each school district beginning July 1, 1987.

Current state reporting functions are defined in subsection 5.

4. Automated state records transfer of postsecondary transcripts, permanent records and selected Category B information is to be implemented by each school district using the procedures described in the Florida Automated System for Transferring Educational Records (F.A.S.T.E.R.) document provided by the Florida Department of Education See <http://www.fldoe.org/faster/>.

The Florida Automated System for Transferring Records (F.A.S.T.E.R.) is an electronic mail system customized to meet the student transfer needs of the Florida school districts, community colleges and universities. The F.A.S.T.E.R. system is used to request the transfer of student records from districts or postsecondary institutions and to respond to such requests. The sending district or postsecondary institution will transmit student records through the Florida Information Resources Network (FIRN), which will be stored at Northwest Regional Data Center and then forwarded to the requesting district, postsecondary institution, the Florida Department of Education or other approved entity.

Each school district shall implement electronic transfer of records with other school districts and public postsecondary institutions as listed below. The timelines may differ among districts depending on the district's F.A.S.T.E.R. Implementation Plan, but will be no later than June 30, 1993, for students in grades PK-12, Adult Basic and Adult Secondary Education.

December 1, 1991

All school districts must electronically transfer student records using state-defined record formats containing permanent record and appropriate Category B information for students in grades 9 through 12 to Florida public postsecondary institutions and between Florida public school districts.

April 1, 1992

All school districts must electronically transfer student records using state-defined record formats containing permanent record and selected Category B information for students in grades 6 through 8 who transfer between Florida public school districts.

December 1, 1992

All school districts must electronically transfer student records using state-defined record formats containing permanent record and selected Category B information for students in grades PK through 5 who transfer between Florida public school districts.

All school districts must electronically transfer student records using state-defined record formats for transcripts when adult students transfer between Florida public school districts or apply for admission to public postsecondary institutions.

B. AUTOMATED STUDENT INFORMATION SYSTEM

DATA ELEMENTS

INTRODUCTION

All automated student data elements included in this volume must be incorporated within each school district's automated student information system. Districts may add additional data elements within their local automated system to meet local needs.

DEFINITION/DOMAIN

Definition/Domain provides a working definition associated with the data element, along with applicable examples, codes, notes and exceptions.

LENGTH AND FORMAT

Length and format define the technical field characteristics to be maintained in the automated system for each element.

GRADES AND PROGRAMS REQUIRING THIS DATA ELEMENT

The automated student data elements contained in this volume will not apply uniformly to all grade levels or instructional programs within the school districts. Accordingly, each data element page lists the specific grade levels and programs which are applicable to the data element. For example, "Diploma Type" pertains only to grade 12 and Workforce Development Education (adult general education) students.

COMPATIBILITY REQUIREMENT

All elements must use the specified length, format and coding definitions provided whenever:

- 1) automated state reporting is performed;
- 2) a permanent record is built for internal district use;
- 3) interdistrict transfer of automated permanent records occurs; or
- 4) automated transcripts are sent to postsecondary institutions.

The degree of required compatibility between state and local elements varies. Many elements listed in this document need merely be **compatible**, while others must meet stricter **state standards**.

“Compatible” elements:

For data elements which are designated as **Compatible**, the coding structures used by the districts, the data element names presented in user documentation, and the length and format of the data fields may be the same as that contained in this volume or they may be completely locally defined depending on the district's student information needs. If local definitions are used, it must be possible to convert the information into the state-required codes, descriptors and formats by calculation, computer procedures or subroutines whenever state formats are required (see **Compatibility Requirement**).

District documentation of locally defined elements must reference the state data elements for which they are surrogates.

Even though the state does not require the use of the state-defined codes for these **Compatible** elements, districts are encouraged to keep each of these elements in state format whenever possible to minimize the need for and cost of conversion.

“State Standard” elements:

For data elements which are designated as **State Standard**, the coding structures used by the district, the data element names presented in user documentation, the length and format of the data fields for all external occurrences of information in reports, user documentation and display and entry screens must be the same as those contained in this volume.

Thus, **State Standard** elements must meet these additional requirements:

- 1) the state codes **must be used locally exactly as defined** in this document for automated student data elements;
- 2) user documentation must list the **State Standard** data element name;
- 3) input and output documents and reports must use the state-defined codes; and
- 4) local screen displays must use the state-defined codes.

These requirements do not address the **physical storage** of the data on tape, disk or other medium, but only how the data elements are to be presented to users in the paper format or on screen displays. The stricter definition of **State Standard** still allows the district the flexibility to use its own district-defined codes for **physically** storing elements in the student record system while, at the same time, using **State Standard** codes for display, input, reports, and user documentation. For example, a date might be required to appear always to the user as MMDDYYYY or MM/DD/YYYY but could be physically stored as YYDDD with nonusers system documentation recording this fact.

These standards do not require the district to show or print the Student Number Identifier, Florida on screens or reports. A local identification number may be displayed or printed as long as the local identification number can be crosswalked to the Student Number Identifier, Florida for state reporting purposes.

In many of the data element definitions included in this volume, a code has been defined for “not applicable.” In cases of very specialized data elements, such as “Disciplinary/Referral Action Code” or “Exceptionality, Primary,” it would seem more sensible in terms of the design of the student records system to record information for such specialized elements only for students to whom the element is pertinent. For both **Compatible** and **State Standard** data elements, the codes defined as “not applicable” need not be maintained in the local data records or displayed on local screens. At the time of reporting, if it is determined that a particular characteristic or condition is “not applicable” for an individual student, the value meaning “not applicable” may be programmatically inserted into the reporting structure at that time.

This interpretation should allow segmentation of records: for example, discipline records should be maintained only for those students who had been disciplined by school officials. The data element, “Adult Fee Status”, should be maintained only for adult students. This should help reduce the need to store large numbers of characters of “noninformation” in the local data records and thus reduce the need for disk or other data storage space.

Use Types

Use Types define the major purposes for which information is collected, maintained and utilized as follows:

State report means the data element is required for an automated state report to be forwarded to the Florida Department of Education.

Local accountability identifies those data elements which the school district must maintain as an audit trail in support of statutorily required activities. These include **permanent record** data elements as required by Rule 6A-1.0955, FAC and defined as Category A items which school districts must maintain on a permanent basis for each student.

FASTER indicates the data element is included in one or both of the following:

Postsecondary transcript - sent by school districts to state community colleges or universities upon request of the student..

District records transfer - forwarding to a requesting school district a prescribed set of data elements pertaining to a student to facilitate an initial and prompt placement of the student in the receiving district’s programs. District records transfer includes all permanent record elements plus Category B information deemed to be essential for initial placement of the student.

Migrant Tracking refers to the Migrant Student Information Exchange (MSIX). Section 1308(b) of the Elementary and Secondary Education Act as amended by the NCLB Act of 2001 requires methods for electronically exchanging student records among districts and states for migrant students. MSIX data is used to facilitate the timely enrollment, grade and course placement and credit accrual of migrant students who move from one district or state to another due to their migrant lifestyle.

FACTS.org is Florida's official online student advising system. High school students can use the services provided on this website to help plan and track educational progress in Florida. Students record their chosen major area of interest on this web site.

STATE REPORTING FORMATS REQUIRING THIS DATA ELEMENT

A section is included with this document which specifies the state reporting formats which school districts must utilize in performing automated state reporting functions. Each data element page lists the specific automated state reporting formats which require the data element.

DATA ELEMENT NUMBER:

The data element number is an internal number assigned by the Education Information Services section, to facilitate use of the data base elements. School districts need not maintain this number in their local automated system.

REPORTED IN SURVEY PERIODS

See data element "Survey Period Code" for an explanation of these codes. If the box beside the survey period code contains an "X", the data element is reported in the survey period indicated. If the box beside the survey period contains a "D" (default), the data element must contain the default value when submitted to the Department for the survey period. If the box beside the survey period contains a "V" (varies), the data element must be reported on at least one format for the survey period and a default value must be reported on at least one additional format for the survey period, as indicated in the notes on the format layouts. If the box beside the survey period contains an "O" (optional), the district has the option of sending actual data or the default value for the element for the survey period. For the survey period with "O" indicated, the data or default value will be ignored by the Department's system and default values will be loaded to the data base for these elements.

DATES

There are three dates associated with each data element:

Revised;
Implementation Date; and
Effective.

The **Revised** date, located at the bottom left-hand corner of the page, indicates the **month and year of the last change to the data element page**. Revisions may be *minor* (such as corrections to typographical errors or additions of examples for further clarification of the definition) or *substantive* (those affecting state reporting; affecting the population for which the data element is to be maintained; additions, changes or deletions to codes; or complete revisions).

The **Implementation Date** and the associated fiscal year are located in the upper right corner of the data element page. In general, **the date indicates implementation at the beginning of the fiscal year following the date first adopted by the State Board of Education as part of Rule 6A-1.0014, FAC**. If subsequent changes to the data element are *minor*, the Implementation Date will remain the same. If subsequent changes are *substantive*, the Implementation Date will be changed to the beginning of the next fiscal year except where Emergency Rule procedures have been implemented. In those cases, the Implementation Date may be a date in the current fiscal year.

The **Effective** date, located at the bottom of the page, **indicates the beginning month and Fiscal Year that this version of Volume I is in effect**. This date will only change once each year and all pages in the document will reflect the same effective date.

Element Name: Grade Promotion Status															
Definition/Domain															
<p>Grade promotion status is defined as the change in grade assignment at the end of a regular school year or summer session. For example, if a PK-12 student meets all criteria for advancement to the next highest grade in his or her current school at the end of the regular 180 day school year or the summer session, that student is considered to have been promoted. Conversely, any PK-12 student who has not met all criteria for advancement to the next highest grade should be considered as retained. Codes and definitions follow:</p> <table style="width: 100%; border-collapse: collapse;"> <thead> <tr> <th style="text-align: left; width: 10%;"><u>CODE</u></th> <th style="text-align: left;"><u>DEFINITION</u></th> </tr> </thead> <tbody> <tr> <td>A</td> <td>Promoted to a higher grade without meeting levels of performance for pupil progression based on limited circumstances for exceptions or good cause.</td> </tr> <tr> <td>D</td> <td>Student with disabilities opted to remain in school, or a non-disabled student opted to remain in school for one additional year. *</td> </tr> <tr> <td>P</td> <td>Academically promoted to a higher grade, graduated, completed, or reported with withdrawal code WPO.</td> </tr> <tr> <td>R</td> <td>Retained in same grade at the end of the school year.</td> </tr> <tr> <td>N</td> <td>Not enrolled in a KG-12 program in the district at the end of the school year. **</td> </tr> <tr> <td>Z</td> <td>Promotion status not applicable. See Automated Student Permanent Record document.</p> <p>* Use for additional years beyond graduation and completion year. The Individuals with Disabilities Education Act (IDEA) requires that districts must provide a free and appropriate education (FAPE) to all students who have not reached age 22 and who have not earned a regular high school diploma (34 CFR 300.101). This requirement applies even if the student has received a special diploma, a certificate of completion, or a special certificate of completion. Additionally, districts may choose to continue to offer FAPE through the school year in which students turn 22. Section 1003.43 (10)(b) Florida Statutes allows students who are entitled to a certificate of completion to remain in school for up to one additional year to remedy his or her identified deficiencies</p> <p>** Any student withdrawing prior to the end of the school year and receiving a diploma, certificate, or WPO withdrawal code should be coded P rather than N.</p>		<u>CODE</u>	<u>DEFINITION</u>	A	Promoted to a higher grade without meeting levels of performance for pupil progression based on limited circumstances for exceptions or good cause. <p>NOTE: Incident is gang related if gang affiliation/association caused the incident or was a contributing factor to action that happened during the incident. For example, an incident of vandalism or robbery might be a part of an initiation into a gang or a fight might be caused by group rivalry. Report an incident as gang related only if you are sure that gang affiliation/association contributed to that incident. Factors to be considered when determining whether the incident is gang related include, but are not limited to the following: A gang is a somewhat organized group of some duration, sometimes characterized by turf concerns, symbols, special dress or colors. The group is recognized as a gang by its members and others. One or more of those involved in the incident admits to gang affiliation/association or admits that gang affiliation/association was a contributing factor to the incident. One or more of those involved was identified by his/her parents as a gang member/associate. One or more involved were wearing clothing, tattoos, or a style of dress "known" to be associated with gang(s). Students/witnesses to the incident alleged that the incident or one or more of those involved in the incident was gang related or affiliated/associated with a gang. The determination of whether or not the incident was gang related should be based on a reasonable interpretation of the totality of the circumstances.</p>

Students Identified as "Priority for Services" must receive services prior to migrant funds being utilized for other migrant children. An "educational interruption" occurs when a child, in the preceding 12 months, has changed schools or missed a "significant" amount of school time (e.g. ten days or more) during the regular school year (defined as August through June) due to the child's or family's migrant lifestyle. This determination is made on a "rolling" basis, that is, at the time an eligible migratory child is identified and enrolls in school, the preceding 12 month enrollment history should be reviewed for significant absences. <table style="width: 100%; border-collapse: collapse;"> <thead> <tr> <th style="text-align: left; width: 15%;"><u>CODE</u></th> <th style="text-align: left;"><u>DEFINITION</u></th> </tr> </thead> <tbody> <tr> <td>Y</td> <td>The migrant student is designated as Priority for Services.</td> </tr> <tr> <td>N</td> <td>The migrant student is not designated as Priority for Services.</td> </tr> <tr> <td>Z</td> <td>The student is not a migrant student.</td> </tr> </tbody> </table> <p>* English Language Learners are students coded LY, LN or LP on the element English Language Learners, PK-12.</p>		<u>CODE</u>	<u>DEFINITION</u>	Y	The migrant student is designated as Priority for Services. Definition/Domain	
<div style="display: flex; align-items: flex-start;"> <div style="width: 40px; text-align: center; margin-right: 10px;">➔</div> <div> <p>The total amount of time a disabled student is scheduled to attend school each week. This should be reported in minutes per week. All scheduled time i.e., <u>class time, recess, lunch, and time between classes must be included in the total.</u></p> <p>Examples:</p> <ol style="list-style-type: none"> 1. Student A's school day begins at 7:30 A.M. and ends at 2:30 P.M. and the student attends five days per week. The total amount of time in school is calculated based on seven hours per day, five days per week. This equates to 2100 minutes per week. 2. Student B's school day begins at 7:30 A.M. and lasts until 12:30 P.M. The student then leaves the school campus to go to an on-the-job training site (OJT) on Monday, Wednesday, and Thursday. The student works until 5:00 P.M. on those days. For the three days the student goes to OJT, the minutes would equate to 570 minutes per day x 3 days = 1,710 minutes. For the two days the student does not work, the minutes would equate to 300 minutes per day x 2 days = 600 minutes. Then, the total time in the school week for this student is 1,710 minutes + 600 minutes = 2,310 minutes. <p>NOTES:</p> <div style="display: flex; align-items: flex-start; margin-top: 10px;"> <div style="width: 40px; text-align: center; margin-right: 10px;">➔</div> <div> <p>This data should be reported only for Survey 2. Element Name: Title I Supplemental Educational Services – Service Provider Site Number (OPTIONAL)

Definition/Domain

The number assigned by the district to the actual site or facility where the student was provided Title I Supplemental Educational Services.

The four digits should be defined in such a way as to result in a unique number for each site or facility where the Service Provider provides instruction or tutoring services. As new sites or facilities are added, new Site Numbers should be assigned so that uniqueness is maintained in subsequent years.

If online services or tutoring are provided to individual students in their homes or at individual sites, assign the site number based upon the office or location responsible for facilitating or coordinating the services.

Example: NNNN = 0001

First Character (Continued)	
B	DT (Pediatric) vaccine - 3 to 5 doses total depending on the age of the child and the type of vaccine given DT is acceptable for youngsters under the age of seven years (a series of four doses). DT is an acceptable substitute for DTP/DTaP if pertussis vaccine cannot be given for medical reasons.
C	Td Adult vaccine (1-4 doses) or Tdap vaccine - for use prior to 2009-2010 Td is acceptable and recommended for children seven years of age or older (a series of three doses). Tdap replaces the Td requirement for students entering 7 th grade in the 2009-10 school year.
P	Tdap (Tetanus-Diphtheria-Pertussis) vaccine (1-3 doses) One dose is required for entry to seventh grade beginning with the 2009-10 school year. For each subsequent year, the next highest grade will be included in the Tdap requirement.
Q	Td (Tetanus-Diphtheria) vaccine (1-3 doses) Students who started their immunizations after age 7 should receive three doses of adult Tetanus-Diphtheria (Td) vaccine. One Tdap vaccine (code P) should be used to replace one dose of the Td for ages 11-18 in order to meet the seventh grade requirement. Effective with the 2009-10 school year Tetanus-Diphtheria-Pertussis (Tdap) replaces the Tetanus-Diphtheria (Td) requirement for students entering 7 th grade.
<u>Polio</u>	
D	Polio vaccine (3-4 doses) If the third primary dose is administered on or after the fourth birthday, a fourth dose is not required. Polio vaccine is omitted from the required immunizations of children 18 years of age or older.
<u>Measles, Mumps and Rubella (MMR)</u>	
F	MMR (Measles, Mumps and Rubella) vaccine (1-2 doses)
G	Measles (Rubeola) vaccine (1-2 doses) One dose at age 12 months or older a second dose may be administered at least one month after the first dose.
H	Mumps vaccine (1-2 doses) One dose at age 12 months or older and the second dose may be administered at least one month after the first dose.
I	Rubella vaccine (1-2 doses) One dose at age 12 months or older and the second dose may be administered at least one month after the first dose.

Element Name: WDIS Student Instructional Hours			
Definition/Domain			
<p>WDIS Student Instructional Hours is a whole number, expressed in hours, assuming no decimal places and right justified with leading zeros.</p> <p>WDIS Student Instructional Hours may not be reported in the Workforce Development Information System (WDIS) for students enrolled in courses or programs for which the direct instructional costs have been fully funded by an external agency. Section 1011.80(5)(d), Florida Statutes:</p> <p><i>“State funding and student fees for workforce education instruction shall be established as follows: For a public educational institution that has been fully funded by an external agency for direct instructional costs of any course or program, the FTE generated shall not be reported for state funding.”</i></p> <p><u>For Adult General Education (Cost Reporting Codes ranging from 401 – 409*):</u> For the procedures governing the reporting of WDIS Student Instructional Hours for adult general education students, see the procedures and technical assistance documents found at these links:</p> <p>http://info.fldoe.org/docushare/dsweb/Get/Document-3722/06_14memo.pdf http://info.fldoe.org/docushare/dsweb/Get/Document-3724/06_14att2.pdf http://info.fldoe.org/docushare/dsweb/Get/Document-3723/06_14att1.pdf</p> <p><u>For Career Certificate and Applied Technology Diploma (Cost Reporting Codes ranging from 351 – 369*):</u> For career certificate and applied technology diploma students, the WDIS Instructional hours shall be defined as the number of scheduled course hours from a student's first day of enrollment in a course and to his/her last scheduled day of enrollment in the course. If the student's enrollment in a course crosses reporting surveys, the instructional hours shall be pro-rated across the survey.</p> <p>WDIS Instructional hours may not exceed the contact hours for which a student has paid/deferred tuition or received a wavier/exemption for the payment of tuition; the only exception is for instructional hours of students who withdrew after the drop/add period. If a student withdraws from a course prior to the end of the reporting survey (but after a drop/add period), the instructional hours may still be reported through the end of the course for that survey. For cases in which a student transfers to a different section in the same course during the survey, the instructional hours for the first section must be reported based on the hours from the date of enrollment to the date of transfer.</p>

CODE

DEFINITION

Examples: Student testing positive for alcohol by law enforcement. Student possessing, using, or selling alcohol.

Non-Examples: Student being suspected of using alcohol without evidence. Student smelled of alcohol who after investigation was found to be diabetic.

Law enforcement should be called if someone in authority observes a student, who appears to be intoxicated, getting out of a car after he/she was just seen driving it, or getting into the driver's seat.

ARS*

Examples: Student hitting another with a heavy implement over the head. Student jabbing a pen into another's arm. Student or other engaging in a mutual physical altercation with another and continuing to hit/beat that person even after that person stops fighting, or is no longer able to fight back.

Non-Examples: Student or other delivering a single poke to the chest. Student or other delivers a single, non-injuring strike to the arm of another. Student or other actively engaging in a fight with each other (refer to *Fighting* code as a possible SESIR code). Student or other striking back when hit by an aggressor and becoming engaged in a fight with the aggressor. (Refer to *Fighting* code as a possible SESIR code.)

To distinguish from *Fighting*, report an incident as *Battery* only when the force or violence is carried out against a person who is not fighting back.

Examples: Student or other breaking and entering into: a school building during athletic events, a school bus, or a residential garage that is being used for a school-sponsored event. Non-Examples: Student or other entering an unlocked gym, without permission, and using the basketball court. Student or other wandering the halls, after hours, after entering through an unlocked door.

If entry was by force, resulting in facility damage, the incident should be coded as *Breaking and Entering/Burglary*.

BUL**

BULLYING The incident is bullying if the incident includes systematically and chronically inflicting physical hurt or psychological distress on one or more students or employees that is severe or pervasive enough to create an intimidating, hostile, or offensive environment; or unreasonably interfere with the individual's school performance or participation.

Examples: Student uses a picture phone to take a picture of a student using the bathroom at school and places it on the Internet. Student spreads nasty rumors at school about another person, in conversation, in a note, or through e-mail or instant messaging. Student repeatedly teases another person in a mean way, calling him/her inappropriate names, making fun of his/her appearance, or the way he/she talks, dresses, or acts.

Non-Examples: Student calls another student an inappropriate name once.

If the bullying results in any other SESIR incidents do not code the incident as *Bullying*. Instead, the incident should be coded appropriately with the related element coded as bullying-related.

However, schools may want to document these types of incidents on their local student discipline referral form. Bomb threats and false bomb reports, as defined in Sections 790.162 and 790.163 Florida Statutes, are considered felony offenses and require expulsion for at least one year and referral for prosecution.  **VANDALISM** (destruction, damage, or defacement of school or personal property) - The intentional destruction, damage, or defacement of public or private/personal property without consent of the owner or the person having custody or control of it.

Examples: Student or other defacing with graffiti. Student or other keying or scratching a car. Student or other trashing a room resulting in damages of \$1,000 dollars or more.

Non-Examples: Student or other accidentally damaging chemistry lab equipment. Student or other causing damages under \$1,000.

Note: The amount of damage must be \$1,000 or more to be reported in SESIR, including time and labor. Previous amount of damage threshold through 2004-05 was \$100.

It is important for schools to document lower-level vandalism incidents on their local student discipline referral form.

WPO*

WEAPONS POSSESSION (possession of firearms and other instruments which can cause harm) - Possession of any instrument or object (as defined by Section 790.001(13), Florida Statutes, or district code of conduct) that can inflict serious harm on another person or that can place a person in reasonable fear of serious harm.

CODE

DEFINITION

WPO* (Continued)

Examples: Student or other possessing a firearm. Student or other using a knife, pocket knife, or other sharp or pointed implement to threaten or harm another.

Non-Examples: Student after investigation found to possess a common pocket knife or eating utensil with no intent to harm. Student possessing items not covered under law or district policy such as pointed instruments, pens, or pencils. Student possessing a cutting tool that is being used in art, shop, or other class.

➡ Offenses in this category fall under the zero tolerance policy (Section 1006.13(3) (b), Florida Statutes). Students found committing this offense are to be expelled for one year (not one school year) and referred for criminal prosecution. Effective January 7, 2003, the Legislature amended Section 1006.07(2)(f), Florida Statutes, to remove reference to a knife, and instead references "a weapon as defined in Chapter 790." In 2006, the Legislature amended the weapons definition in Chapter 790 by adding knife and further exempting plastic utensils and blunt-bladed knives and kept the pocketknife exemption. The definition in Section 790.001(13), Florida Statutes, contains those items required to be in a district's code of student conduct and exempts common pocketknife as well as plastic utensils and blunt-bladed knives. It is the legislative intent that districts enforce policies that allow for discretion in determining whether to punish students found to be in possession of items such as pocketknives, plastic utensils, blunt-bladed knives, etc. Possession of any weapon or knife (including a pocketknife) should be reported to law enforcement for investigation. Pocketknives found to be intended to use to harm another should be reported to SESIR.

Related Element: Complete the weapon description i.e., F-Firearm, Other (incendiary devices, explosives, etc.); H-Handgun; K-Knife; O-Other Weapon (objects can become weapons when used for bodily harm, i.e., scissors, letter openers, air-powered "guns", etc.); R-Rifle or Shotgun, U-Unknown Weapon; and Z (not applicable) for all weapon possession incidents.

NOTES:

For reporting to the U.S.D.O.E., the following incident types are considered to be violent incidents: Battery (BAT), Homicide (HOM), Kidnapping (KID) and Sexual Battery (SXB).

➡ For reporting to the U.S.D.O.E., the following incident types are considered to be violent incidents if they result in bodily injury as reported in the Incident, Injury-Related element: Arson (ARS), Bullying (BUL), Breaking and Entering (BRK), Disruption on Campus – Major (Disorderly Conduct) (DOC), Fighting (FIT), Harassment (HAR), Other Major Unclassified Offenses (OMC), Robbery (ROB), and Sexual Harassment (SXH).

General Rule: If a decision must be made, the incident that caused the most injury or the highest loss of property or monetary cost should be reported.

→ *Incidents that must be reported to SESIR and ARE EXPECTED to include consultation with law enforcement. An incident should be coded as Yes - Reported to Law Enforcement if an official action was taken by a School Resource Officer (SRO) or local Law Enforcement Officer such as: a case number was assigned, a report was filed, an affidavit was filed, an investigation was conducted and found to be an incident reportable to SESIR OR an arrest was made. The presence of, or consultation with, a law enforcement officer or SRO is not sufficient for an incident to be coded as ***“Reported to Law Enforcement.”***

TITLE I SUPPLEMENTAL EDUCATIONAL SERVICES – SERVICE PROVIDERS**

Service Providers will be available in September 2010

**APPENDIX U
TRANSPORTATION MEMBERSHIP CATEGORY**

MEMBERSHIP CATEGORY signifies one of the student transportation membership categories listed below. **Students may be counted only one time.** Students who ride on more than one bus or mode of transportation to get to school, or to get home in the afternoon, can only be counted once. Students who are transported in the morning or afternoon and who are transported from center to center may only be counted once.

Membership Category A Individuals With Disabilities Education Act (IDEA)- KG-12, Weighted
Kindergarten through twelfth grade students who are classified as disabled. Each student's Individual Educational Plan (IEP) documentation must contain information which specifies that he or she meets one of the following criteria for specialized transportation services:

1. Medical equipment required. Medical equipment is defined as wheelchair, crutches, walker, cane, tracheotomy equipment, positioning or unique seating devices.
2. Medical condition that requires a special transportation environment as per physician's prescription (for instance, tinted windows, dust-controlled atmosphere, temperature control).
3. Aide or monitor required due to disability and specific need of student.
4. Shortened day required due to disability and specific need of student.
5. School assigned is located in an out-of-district school system.

Membership Category B Individuals With Disabilities Education Act (IDEA)- KG-12, Unweighted
Kindergarten through twelfth grade students who are classified as disabled, who live less than two miles from school, and who do not meet the criteria listed in Category A above. Note that Specific Learning Disabilities (SLD), Speech Impaired (SI), and Language Impaired (LI) students who live less than two miles from school and who are required by the student's Individual Education Plan documentation to receive transportation services are reported here. **Note: All of the "two miles or more" unweighted IDEA students will be reported in Membership Category H, "All Other Students Living Two Miles or More, Unweighted".** If a student is SLD, SI, or LI and transportation is not required by the IEP documentation, and the student lives less than two miles from school, the student is not eligible for state transportation funding and is reported in Membership Category N, "Non-eligible KG-12 Students Living Less Than Two Miles and all Non-eligible PK Students."

Membership Category C Individuals With Disabilities Education Act (IDEA) – Prekindergarten, Weighted
Prekindergarten students who are disabled pursuant to Rule 6A-6.03026, Florida Administrative Code (FAC)., regardless of distance, and who meet one of the criteria listed in Membership Category A above.

Membership Category E Individuals with Disabilities Education Act (IDEA) Prekindergarten, Unweighted
Prekindergarten students with disabilities pursuant to Rule 6A-6.03026, FAC., regardless of distance, and who do not meet one of the criteria listed in Membership Category A above.

Membership Category F Teenage Parents and Infants, Unweighted
Students enrolled in the Teenage Parent Program and their eligible children, pursuant to Section 1003.54, Florida Statutes regardless of distance.

**APPENDIX U (Continued)
TRANSPORTATION MEMBERSHIP CATEGORY (Continued)**

- Membership Category **G** Hazardous Walking – Elementary, Unweighted
Kindergarten through sixth grade students enrolled in elementary school who meet the criteria for hazardous walking pursuant to Section 1006.23, Florida Statutes. Sixth grade students attending middle or junior high school may not be counted.
- Membership Category **H** All Other Students Living Two Miles or More, Unweighted
Kindergarten through twelfth grade transported students living two miles or more from school if not reported in Membership Categories A and F.
- Membership Category **I** Center To Center or Non-center Individuals with Disabilities Education Act (IDEA), Weighted
Prekindergarten and Kindergarten through twelfth grade students with disabilities who are transported from center to center during the day and who are not counted from home to school in Membership Categories A-H. Included in Membership Category I are students with disabilities who are transported from one destination to another in the state (center to non-center), provided one destination is a school center and the student's Individual Education Plan documentation identifies the need for the instructional programs or service, and specifies that transportation is to be provided by the school district. In order to be claimed in this category, a student must meet one or more of the criteria listed in Membership Category A above.
- Membership Category **J** Center to Center or Non-center Individuals with Disabilities Education Act (IDEA), Unweighted
Prekindergarten and Kindergarten through twelfth students with disabilities who are transported from one school center to another, or from one school center to a non-center, if specified in the IEP as described in Membership Category I above, but who do not meet one of the criteria listed in Membership Category A. These students must not have been counted from home to school in Membership Categories A-H.
- Membership Category **K** Center to Center Vocational and Dual Enrollment Students, Unweighted
Prekindergarten and Kindergarten through twelfth grade vocational and dual enrollment students who are transported from center to center during the day and who are not counted from home to school in Membership Categories A-H.

If a student is reported in Membership Categories I, J, or K, the student may not be reported in any other category. A student may only be counted once. The definition of school center is provided in Section 1011.68, Florida Statutes.

Non-FEFP Fundable Membership Category

- Membership Category **N** Non-Eligible KG-12 Students Living Less Than Two Miles and all Non-eligible PK Students
Transported students living less than two miles from home to school and who are not eligible for funding in the FEFP transportation categorical program. This record may only be entered with Vehicle Category B, school buses. Report all transported students whose homes are less than two miles from school and who do not qualify under one of the other membership categories. Also report all transported Prekindergarten students who are not eligible to be reported in any other Membership Category.

RECORDS PROCESSING ON THE DOE STUDENT INFORMATION DATA BASE

Records received from school districts are subjected to different categories of edits upon their receipt. These edits result in four kinds of detailed reports:

1. Initial Edit Reports,
2. State Validation Report,
3. Exception Report, and
4. Validation/Exception Reports.

Initial Edit Reports

Initial Edit Reports contain the result of the first edits applied to the individual records received. The Initial Edit Reports include only the REJECT RULES as detailed in the following pages. Districts have access to these edit programs and are expected to apply the edits to their records prior to submission to the DOE for processing.

An example of this category of edit is the checking for valid codes for district number. A district number of 82 will not pass this category of edit and will result in omission of the record from the data base.

State Validation Report (Student Course format only)

A second type of edit report is the State Validation Report. During the State Records Processing Cycle (the two weeks after the data are due), State Validation/NULL Edit Rules are applied to the records. In each case where an error condition is detected, State Validation Reports list the records in error on the initial load of the file. Batch updates to the file, however, do not reject records based on the State Validation/NULL edit rules nor are they listed again. This report is run on request after the first listing during the State Records Processing Cycle. It is produced automatically when a Student Course BATCH update is requested.

At the close of the State Records Processing Cycle (the day following the close of the two weeks of state records processing), the State Validation program NULLs the fields identified in the edit rules. The State Validation program for a survey period is not applied to the file again after the close of the State Records Processing Cycle.

Outside of the State Records Processing Cycle, batch update programs perform State Validation/NULL edits and records are rejected if they do not meet edit criteria.

An example of the State Validation/NULL Edit Rule application is the edit relating to a student not earning more than .5000 FTE Earned, Course during a Survey Period. In the application of this edit, appropriate messages are printed during the two week State Records Processing Cycle identifying which of the students created the error. Districts are given two weeks to make any appropriate changes to any of the Student Course Records which may be in error and are causing the error conditions. Following the close of the State Records Processing Cycle, any student's records which do not meet the edit rule have the value of FTE Earned, Course set to NULL in all Student Course Schedule records for that student.

Exception Report (Student Course Format only)

A third category of data edits results in EXCEPTION REPORTS. These edits are performed at the State level and point out suspicious information which may or may not be incorrect yet needs to be reviewed by the district submitting the information. An example of this type of edit would be the check for students whose Class Minutes, Weekly exceeds 2400.

State Validation/Exception Reports

These reports are generated for all formats excluding Student Course. Records that have validation errors are listed along with records with exception errors. A validation report will be generated when discrepancies are found when comparing records from the same or different reporting formats. An exception report will be generated when a field value indicates that a condition exists that may constitute an error.

Edit Specifications

The edit specifications which follow are organized by reporting format and are subdivided into the categories discussed above: Reject Rules, State Validation Edit Rules and Exception Rules. This document goes through each of the edits that are applied to records submitted for processing, defines and gives examples of what causes each error, and discusses actions districts may need to take to resolve additional problems created as a result of the initial error.

IN THE EXAMPLES, NOT ALL PARTS OF THE RECORD ARE SHOWN. DUE TO SPACE LIMITATIONS, ONLY THE AFFECTED PARTS OF THE RECORD ARE GIVEN. When reference is made to the "data base," it should be assumed that the reference is to the DOE Information Data Base files maintained at Northwest Regional Data Center.

Error Type Designation

Each State Validation/NULL Edit has one or more Error Type numbers assigned to it. Reject Rules and Exception Reports are not assigned Error Types. Error Types are explained below.

ERROR TYPE DESIGNATION

Error Type	Result of Error
1.	DELETED 7/89.
2.	DELETED 7/89.
3.	This Error Type is not related to funding but is an error which will affect the accuracy or completeness of the district's data provided to the Legislature or other agencies.
4.	DELETED 6/92.
5.	This Error Type will result in ineligibility of the student being reported for IDEA Part B if the specific problem is not corrected by the close of survey 2 processing for the year being reported.
6.	DELETED 7/06.
7.	DELETED 6/92.
8.	DELETED 7/89.
9.	DELETED 6/92.
10.	This Error Type will affect the eligibility of the student for Federal Vocational Project funding.
11.	DELETED 7/89.

Error Resolution

The process of error resolution on the DOE Information Data Base may require intervention by districts in several different ways. Although the net effect of the intervention is to correct the error in the specific record, several other factors may need to be taken into consideration when the district "corrects" the error. The single error may have created other situations which also need resolution.

During the edit process, the Transaction Codes for the initial submission, the updating, or deleting of records from the Data Base will be as they always have. That is, the Transaction Code of A will indicate an addition to the data base, the Transaction Code of C will indicate a change to the data base while the Transaction Code of D will indicate a deletion from the data base. However, the Error File generated by the edits will have records with Transaction Codes created by the State which will reflect the action taken on the record. See the table below which explains the Error File Transaction Codes generated by the State.

Sending Transaction Code	Return Transaction Code on Initial and Batch	Explanation
A	A	Add rejected
	X	Not added, duplicate record
C	C	Change Rejected
	B	No record found
D	D	Delete rejected
On Validation Error File		
	F	FTE will be NULLED
	G	Grade will be NULLED
	P	FEFP will be NULLED
	Z	Multiple errors
	M	No matching record on other formats

In updating the errors using the batch update method, if a key field needs to be changed the record in error must be deleted and re-submitted as an add to the data base. Key fields are listed on the front of each record format.

DEPARTMENT OF JUVENILE JUSTICE STUDENT ENTRY ASSESSMENT – REJECT RULES

- 1. District Number, Current Enrollment must be numeric, in the range 01-67 and 69, and must be correct for the district submitting the data. -record rejected-**

EXAMPLE

The first two records listed below would be loaded to the database assuming no other reject rule would cause their rejection. The third record would be rejected since the District Number, Current Enrollment is not in the appropriate range. The fourth record would be rejected if district 01 submitted the record.

District Number, Current Enrollment	School Number, Where Tested	Student Number Identifier, Florida
01	0021	012345677X
01	0021	012345678X
* 00	0021	012345679X
* 02	0021	012345676X

DISTRICT RESPONSIBILITY

If the rejected records should not have been submitted, no action is required. However, if the district wishes the data in the rejected records to be loaded to the database, the district must correct the District Number, Where Tested and resubmit the records.

**DEPARTMENT OF JUVENILE JUSTICE STUDENT ENTRY ASSESSMENT –
REJECT RULES**

- 2. School Number, Where Tested must be numeric in the range 0001 to 9899.
-record rejected-**

EXAMPLE

The first two records listed below would be loaded to the database assuming no other reject rule would cause their rejection. The third record would be rejected because the School Number, Where Tested is not in the appropriate numerical range. The fourth record would be rejected because the School Number, Where Tested is not numeric.

District Number, Current Enrollment	School Number, Where Tested	Student Number Identifier, Florida
01	0021	012345676X
01	0021	012345677X
* 01	9999	012345678X
* 01	C901	012345679X

DISTRICT RESPONSIBILITY

If the rejected records should not have been submitted, no action is required. However, if the district wishes the data in the rejected records to be loaded to the database, the district must correct the School Number, Where Tested and resubmit the records.

DEPARTMENT OF JUVENILE JUSTICE STUDENT ENTRY ASSESSMENT – REJECT RULES

3. The first nine positions of Student Number Identifier, Florida must be numeric. The tenth position of Student Number Identifier, Florida must either be an "X" or numeric. If the tenth position of Student Number Identifier, Florida is numeric, the first two digits must be a valid district number in the range 01-75 and 78-79. If the tenth position of the Student Number Identifier, Florida is an "X", the first three positions may not all be zeroes. -record rejected-

EXAMPLE

The first two records listed below would be loaded to the database assuming no other reject rule would cause their rejection. The third record would be rejected because the tenth position of the Student Number Identifier, Florida must be numeric or an "X". The fourth record would be rejected because the Student Number Identifier, Florida contains blanks. The fifth record would be rejected because the first two digits are not a valid district number. The sixth record would be rejected because the tenth position contains an "X", and the first three positions are all zeroes.

District Number, Current Enrollment	School Number, Where Tested	Student Number Identifier, Florida

* 01	0151	123456789
* 01	0151	0023456791
* 01	0151	000123456X

DISTRICT RESPONSIBILITY

If the rejected records should not have been submitted, no action is required. However, if the district wishes the data in the rejected records to be loaded to the database, the district must correct the Student Number Identifier, Florida and resubmit the records.

DEPARTMENT OF JUVENILE JUSTICE STUDENT ENTRY ASSESSMENT – REJECT RULES

- 4. Survey Period Code must be 5 and must be correct for the submission specified by the district. -record rejected-**

EXAMPLE

The Survey Period Code as specified in the transmission Job Control Language (JCL) or in statements for tape transmission is identified as Survey Period "5". However, if records on the transmission have a Survey Period Code "2", all records updated, added or deleted with this inconsistency would be rejected.

DISTRICT RESPONSIBILITY

If the rejected records should not have been submitted, no action is required. However, if the district wishes the data in the rejected records to be loaded to the data base, the Survey Period Code should be corrected and all records should be resubmitted.

- 5. School Year must be correct for the submission specified by the district. -record rejected-**

EXAMPLE

The School Year as specified in the transmission JCL or in statements for tape transmission is identified as the valid year for data submission. However, if records on the transmission have the previous year coded, all records updated, added or deleted with this inconsistency would be rejected.

DISTRICT RESPONSIBILITY

If the rejected records should not have been submitted, no action is required. However, if the district wishes the data in the rejected records to be loaded to the database, the district must correct the School Year either on the records coming in or the transmission JCL and resubmit all records.

DEPARTMENT OF JUVENILE JUSTICE STUDENT ENTRY ASSESSMENT – REJECT RULES

6. The Transaction Code must be A, C or D. For the original transmission, only A is valid. For subsequent batch/update submissions, if A is specified then the record must not already exist on the database; if C or D is specified then the record must exist on the database. -record rejected-

EXAMPLE

For all original transmissions, the Transaction Code must be "A". An original transaction is the first submission of a record during a survey period. After original transmission of records, changes to the record for elements other than the key elements must be done with a "C" as the Transaction Code. To delete a record, the Transaction Code must be a "D". To change key elements in a batch transaction, the record must FIRST be deleted with a "D" and then added with an "A". Records with an incorrect Transaction Code would be rejected.

DISTRICT RESPONSIBILITY

If the rejected records should not have been submitted no action is required. However, if the district wishes the data in the rejected records to be loaded to the database, the district must correct the Transaction Code and resubmit the records.

DEPARTMENT OF JUVENILE JUSTICE STUDENT ENTRY ASSESSMENT – REJECT RULES

- ➡ 7. Test Date (Entry Assessment - Reading) must be numeric and a valid date greater than or equal to July 1, 2008 or zero filled. -record rejected-

DISTRICT RESPONSIBILITY

The district should verify the English Language Learners: Exit Date and correct the date if it is in error.

ENGLISH LANGUAGE LEARNERS STUDENT INFORMATION - EXCEPTION REPORTS

93. If Survey Period is 2 or 3, English Language Learners: Reclassification Exit Date must be greater than or equal to two years from the Survey Date*, unless zero filled. If Survey Period is 5, the English Language Learners Reclassification Exit Date must be greater than or equal to two years prior to August 15th of the year in which the survey 5 data is due to the Department, unless zero filled.
-exception report-

(Example: For Survey 5 of 2007-08 the Reclassification Exit Date should be greater than or equal to August 15, 2006.

*Note: The Survey Date is the date of the Friday during Survey Week for the Survey Period reported.

EXAMPLE

If Survey Date is 02102006, the first two records listed below would pass the edit. The third record would cause a message to be generated because the English Language Learners: Reclassification Exit Date is greater than two years from the Survey Date.

Student Number Identifier, Florida	Survey Period Code	ELL: Exit Date	ELL: Reclassification Date	ELL: Reclassification Exit Date
1234567892	3	11182004	05292005	12022005

* 019584559X	3	11182002	05292003	12182003

DISTRICT RESPONSIBILITY

The district should verify the English Language Learners: Reclassification Exit Date and correct it if it is in error.

EXCEPTIONAL STUDENT - REJECT RULES

-  1. District Number, Current Enrollment must be numeric in the range 01-69 or 71-75 and must be correct for the district submitting the data. -record rejected-

EXAMPLE

If district 01 is submitting records; District Number, Current Enrollment must be 01 for all records. Of the records listed below, the first two records would be loaded to the data base assuming no other reject rule would cause their rejection. The third record would be rejected since the District Number, Current Enrollment is 02 rather than 01 (the district submitting the record).

District Number, Current Enrollment	School Number, Current Enrollment	Student Number Identifier, Florida
01	0151	012345678X
01	0151	012345677X
* 02	0151	012345679X

DISTRICT RESPONSIBILITY

If the rejected record should not have been submitted, no action is required. However, if the district wishes the data in the rejected record to be loaded to the data base, the district must correct District Number, Current Enrollment and resubmit the record.

EXCEPTIONAL STUDENT - REJECT RULES

2. If Survey Period Code is 1-4 or 5, School Number, Current Enrollment must be numeric in the range 0001 to 9899 or it must be N998 or N999. If Survey Period Code is 7, School Number, Current Enrollment must be numeric in the range 0001 to 9899, excluding 3518. -record rejected-

EXAMPLE

The first two records listed below would be loaded to the data base assuming no other reject rule would cause their rejection. The second two records would be rejected. The first of these would be rejected because the School Number, Current Enrollment is not in the appropriate numerical range. The second of these two records would be rejected because the School Number, Current Enrollment is not an acceptable code.

District Number, Current Enrollment	School Number, Current Enrollment	Student Number Identifier, Florida
01	0151	012345678X
01	0151	012345677X
* 01	9999	012345676X
* 01	C901	012345675X

DISTRICT RESPONSIBILITY

If the rejected records should not have been submitted, no action is required. However, if the district wishes the data in the rejected records to be loaded to the data base, the district must correct School Number, Current Enrollment and resubmit the records.

EXCEPTIONAL STUDENT - REJECT RULES

3. The first nine positions of Student Number Identifier, Florida must be numeric. The tenth position of Student Number Identifier, Florida must either be an "X" or numeric. If the tenth position of Student Number Identifier, Florida is numeric, the first two digits must be a valid district number in the range 01-75, or 78-79. If the tenth position of the Student Number Identifier, Florida is an "X", the first three positions may not all be zeroes. -record rejected-

Note: For more information on Student Number Identifier, Florida refer to the DOE Information Data Base Requirements: Volume I -- Automated Student Information System Manual.

EXAMPLE

The first two records listed below would be loaded to the data base assuming no other reject rule would cause their rejection. The third record would be rejected because when the social security number is used as the Student Number Identifier, Florida, the tenth position must be an "X". The fourth record would be rejected because the Student Number Identifier, Florida contains blanks. The fifth record would be rejected because the first two digits are not a valid district number. The sixth record would be rejected because the tenth position contains an "X", and the first three positions are all zeroes.

* 01	0151	123456789
* 01	0151	0023456791
* 01	0151	000123456X

DISTRICT RESPONSIBILITY

If the rejected records should not have been submitted, no action is required. However, if the district wishes the data in the rejected records to be loaded to the data base, the district must correct Student Number Identifier, Florida and resubmit the records.

EXCEPTIONAL STUDENT - REJECT RULES

- 4. Survey Period Code must be 1, 2, 3, 4, 5 or 7 and must be correct for the submission specified by the district. -record rejected-**

EXAMPLE

The Survey Period Code as specified in the transmission JCL or in the statements for tape transmission is identified as Survey Period Code "2" and records are coded with Survey Period Code "1". All updates, adds, or deletes with this inconsistency would be rejected.

DISTRICT RESPONSIBILITY

The district must correct the Survey Period Code either on the records coming in or the transmission JCL, and all records should be resubmitted.

EXCEPTIONAL STUDENT - REJECT RULES

- 5. Year must be correct for the submission specified by the district. -record rejected-**

Note: For Survey Periods 1-4, Year is Fiscal Year. For Survey Periods 5 and 7, Year is School Year.

EXAMPLE

The Year as specified in the transmission JCL or in the statements for tape transmission is identified as the valid year for data submission, but records being submitted have the previous year coded. All updates, adds, or deletes with this inconsistency would be rejected.

DISTRICT RESPONSIBILITY

The district must correct the Year either on the JCL or the records being submitted and resubmit all records for processing.

- 6. The Transaction Code must be A, C or D. For the original transmission, only A is valid. For subsequent batch/update submissions, if A is specified the record must not already exist on the data base; if C or D is specified then the record must exist on the data base. -record rejected-**

EXAMPLE

For all original transmissions, the Transaction Code must be "A". An original transaction is the first submission of a record during a survey period. After the original transmission of records, changes to the record for elements other than the key elements must be done with a "C" as the Transaction Code. To delete a record, the Transaction Code must be a "D". To change key elements in a batch transaction, the record must FIRST be deleted with a "D" and then added with an "A". Records with an incorrect Transaction Code would be rejected.

DISTRICT RESPONSIBILITY

If the rejected records should not have been submitted, no action is required. However, if the district wishes the data in the rejected records to be loaded to the data base, the district must correct the Transaction Code and resubmit the records.

EXAMPLE

The first, third and fourth records listed below would be loaded to the data base assuming no other reject rule would cause their rejection. The second and fifth records would be rejected because they are duplicates (same District Number, Current Enrollment; Student Number Identifier, Florida; Survey Period Code and Year) of the first and fourth records, respectively.

District Number, Current Enrollment	Student Number Identifier, Florida	Survey Period Code	Year
21	212345678X	2	****

EXCEPTIONAL STUDENT PROGRAM -REJECT RULES

- ➡ 1. District Number, Current Enrollment must be numeric and in the range 01-69 or 71-75 and must be correct for the district submitting the data. -record rejected-

EXAMPLE

If district 01 is submitting records; District Number, Current Enrollment must be 01 for all records. Of the records listed below, the first two records would be loaded to the data base assuming no other reject rule would cause their rejection. The third record would be rejected since the District Number, Current Enrollment is 02 rather than 01 (the district submitting the record).

District Number, Current Enrollment	School Number, Current Enrollment	Student Number Identifier, Florida
01	0151	012345678X
01	0151	012345679X
* 02	0151	012345677X

EXCEPTIONAL STUDENT PROGRAM -REJECT RULES

3. The first nine positions of Student Number Identifier, Florida must be numeric. The tenth position of Student Number Identifier, Florida must either be an "X" or numeric. If the tenth position of Student Number Identifier, Florida is numeric, the first two digits must be a valid district number in the range 01-75 or 78-79. If the tenth position of the Student Number Identifier, Florida is an "X", the first three positions may not all be zeroes. -record rejected-

Note: For more information on Student Number Identifier, Florida refer to the DOE Information Data Base Requirements: Volume I -- Automated Student Information System Manual.

EXAMPLE

The first two records listed below would be loaded to the data base assuming no other reject rule would cause their rejection. The third record would be rejected because when the social security number is used as the Student Number Identifier, Florida, the tenth position must be an "X". The fourth record would be rejected because the Student Number Identifier, Florida contains blanks. The fifth record would be rejected because the first two digits are not a valid district number. The sixth record would be rejected because the tenth position contains an "X", and the first three positions are all zeroes.

EXAMPLE

For all original transmissions, the Transaction Code must be "A". An original transaction is the first submission of a record during a survey period. After original transmission of records, changes to the record for elements other than the key elements must be done with a "C" as the Transaction Code. To delete a record, the Transaction Code must be a "D". To change key elements in a batch transaction, the record must FIRST be deleted with a "D" and then added with an "A". If district 01 is submitting records, District Number, Current Instruction/Service must be 01 for all records. In the records listed below, the first two records would be loaded to the data base assuming no other reject rule would cause their rejection. The third record would be rejected since the District Number, Current Instruction/Service is 02 rather than 01 (the number of the district submitting the record).

District Number, Current Instruction/Service	School Number, Current Enrollment	Student Number Identifier, Florida
01	0021	012345677X
01	0021	012345678X

-record rejected-

NOTE: If School Number, Current Instruction/Service is a private school number, Course Number must be 2222222.

EXAMPLE

If the district submitting the records is 01, then the first record listed below would be loaded to the data base assuming no other reject rule would cause its rejection. STUDENT COURSE SCHEDULE - REJECT RULES

13. The Transaction Code must be A, C or D. For the original transmission, only A is valid. For subsequent batch/update submissions, if A is specified then the record must not already exist on the data base; if C or D is specified then the record must exist on the data base. -record rejected-

EXAMPLE

For all original transmissions, the Transaction Code must be "A". An original transaction is the first submission of a record during a survey period. After original transmission of records, changes to the record for elements other than the key elements must be done with a "C" as the Transaction Code. To delete a record, the Transaction Code must be a "D". To change key elements in a batch transaction, the record must FIRST be deleted with a "D" and then added with an "A". Records with an incorrect Transaction Code would be rejected.

DISTRICT RESPONSIBILITY

If the rejected records should not have been submitted, no action is required. However, if the district wishes the data in the rejected records to be loaded to the data base, the district must correct the Transaction Code and resubmit the records.

STUDENT COURSE SCHEDULE – VALIDATION/NULL EDIT RULES

60. The student's Grade Level on the Student Course record must agree with the Grade Level on the Student Demographic record submitted by the district of instruction unless Year-Round/Extended School Year FTE Indicator on the Student Course record = A or if Survey Period Code = 1 or 4. -state validation/NULL-

****FTE Earned Course on all Student Course records set to NULL value for these records at the close of the State Records Processing Cycle.****

EXAMPLE

The first and third Student Course records listed below would pass this edit. The second and fourth records would not pass the edit because the Grade Level codes on the Student Demographic records and Student Course records do not agree. (The FTE Earned Course on the Student Course records would be set to a null value at the close of the State Records Processing Cycle.)

Student Demographic Records

District Number, Current Instruc./ Service	Student Number Identifier, Florida	Grade Level

****FTE Earned, Course set to NULL after the close of the State Records Processing Cycle****

EXAMPLE

If the Birth Date on the matching Student Demographic records for each of the Student Course records listed below indicates that the student's age is less than 3, then the record marked with an asterisk would fail the edit because the correct relationship between Grade Level code, FEFP Program Number and FTE Earned, Course does not exist.

STUDENT COURSE SCHEDULE – VALIDATION/NULL EDIT RULES

DISTRICT RESPONSIBILITY

The district must verify the various key comparisons from the Student Course record, correct those in error and resubmit the correction. For more detailed explanation of the proper submission of the various keys, consult the front pages of both the Student Demographic Information and Student Course Schedule formats.

STUDENT COURSE SCHEDULE – VALIDATION/NULL EDIT RULES

69. If Survey Period Code = 1-4, each Student Course Schedule record with FEFP Program Number equal to 111-113 or 254-255 must have a matching Exceptional Student record based on District Number, Current Enrollment; School Number, Current Enrollment; Student Number Identifier, Florida; Survey Period Code and Fiscal Year unless Survey Period Code = 2 or 3 and School Number, Current Instruction/Service is a private school number. -state validation/NULL-

****FTE Earned, Course set to NULL for all Student Course Schedule records for this student****

EXAMPLE

The Student Course Schedule listed below which is marked with an asterisk would fail the edit above because it does not have a matching Exceptional Student record.

Exceptional Student records

STUDENT COURSE SCHEDULE – VALIDATION/NULL EDIT RULES

DISTRICT RESPONSIBILITY

If the Student Course Schedule record is valid, the district must submit the matching Exceptional Student record. If the Student Course Schedule record is invalid, the district must either delete the record or correct the invalid elements.

STUDENT COURSE SCHEDULE – VALIDATION/NULL EDIT RULES

71. If Course Number = 9900020-9900026, then School Number, Current Instruction must be a valid active school on the Master School Identification (MSID) file with School Function/Setting = D (DJJ). -state validation/Null-

****FTE Earned, Course set to NULL value on all Student Course Schedule records at the close of the State Records Processing Cycle.****

NOTE: Course Numbers 9900020-9900026 are GED Prep courses, and may only be claimed for students in Department of Juvenile Justice Facilities (School Function/Setting = D on MSID).

EXAMPLE

The second Student Course Schedule record listed below would pass this edit. The first and third records would not pass the edit because the School Function/Setting is not D (DJJ) on the MSID. (The FTE Earned, Course would be set to null value at the close of the State Records Processing Cycle.)

Student Course Schedule Records

* 49	9013	123456791X	9900020	49	9013	M

DISTRICT RESPONSIBILITY

The district must correct the Course Number on the Student Course Schedule or the school type on the Master School Identification file. (See note above concerning these Course Numbers.)

STUDENT COURSE SCHEDULE – VALIDATION/NULL EDIT RULES

72. If FEFP Program Number equals 130, then English Language Learners, PK-12 on the Student Demographic Information record (matched on District Number, Current Enrollment; School Number, Current Enrollment; Student Number Identifier, Florida; Survey Period Code; Fiscal Year; and District Number, Current Instruction/Service) must equal LY or LP. – state validation/NULL-

****FTE Earned, Course set to NULL after the close of the State Records Processing cycle.****

EXAMPLE

The second and third records below would pass this edit. The first and fourth records listed below and flagged with asterisks would cause error messages to be generated because the English Language Learners, PK-12 code does not equal LY or LP. If the error is not corrected by the end of the state processing period, the FTE Earned, Course will be sent to NULL.

661234567X	LY
661234568X	LP
* 661234569X	LN

STUDENT COURSE SCHEDULE – VALIDATION/NULL EDIT RULES

DISTRICT RESPONSIBILITY

The district must review the FEFP Program Number and English Language Learners, PK-12 codes and correct the codes that are in error. If the end of the state processing cycle has occurred and the FTE Earned, Course has been changed to a NULL value, then the district must also resubmit the Student Course Schedule record with the proper FTE Earned, Course.

STUDENT COURSE SCHEDULE – VALIDATION/NULL EDIT RULES

73. For Surveys 2 and 3; if School Number, Current Enrollment is not 3518, N998, or N999; and if District Number, Current Enrollment is not 71 and if FTE Earned, Course is greater than zero and the student has a Withdrawal Code, PK-12 of DNE on a Prior School Status/Student Attendance record, or if there is no matching Prior School Status/Student Attendance record, then FTE Earned, Course is set to NULL after the close of the state records processing cycle. The match should be made using Year (School and Fiscal), Survey Period Code, District Number, Current Enrollment and Student Number Identifier, Florida. If the student has more than one Prior School Status/Student Attendance record, the match should be made to the record with the most recent Entry (Re-entry) Date. -state validation/NULL-

EXAMPLE

In the example below all FTE Earned, Course amounts would be set to null after the end of the state processing period except for the FTE Earned in the third record. Student Course Schedule records should not be submitted for a student with a “Did Not Enter” Withdrawal Code.

Prior School Status/Student Attendance records:

**** = a valid School or Fiscal Year

STUDENT COURSE SCHEDULE – VALIDATION/NULL EDIT RULES

DISTRICT RESPONSIBILITY

The district must delete the Student Course Schedule records if they were submitted in error or change the DNE Withdrawal Code if it is incorrect.

STUDENT COURSE SCHEDULE – VALIDATION/NULL EDIT RULES

74. If Survey Period Code is 2 or 3 and if School Number, Current Instruction/Service is 7001 and if Grade Level is KG-08, then all Student Course Schedule records for the student must have FTE Earned, Course equal to zero. The Student Course Schedule records should be identified using District Number, Current Instruction/Service; Fiscal Year; Survey Period Code and Student Number Identifier, Florida. – state validation/NULL –

****FTE Earned, Course set to NULL value on ALL the student's Student Course Schedule records at the close of the State Records Processing Cycle****

EXAMPLE

The Student Course Schedule records listed below would be flagged in error because the FTE Earned, Course amount in the third record is not zero for this student who is in Grade Level 3 and who has course records at School Number, Current Instruction/Service 7001.

Student Course Records

District Number, Current Instruction/ Service	School Number, Current Instruction/ Service	Student Number Identifier, Florida	Survey Period Code	Fiscal Year	Course Number	FTE Earned, Course	Grade Level

* 01	0421	012345679X	2	****	7763030	0100	3

**** = Valid fiscal year for data submission.

DISTRICT RESPONSIBILITY

If the first two records are correct, then the district must correct the FTE Earned, Course on the third record so that it is zero. If the School Number, Current Instruction/Service on the first two records is incorrect, then the district must delete these records and resubmit them with the correct School Number, Current Instruction/Service.

STUDENT COURSE SCHEDULE – VALIDATION/NULL EDIT RULES

75. If Course Number is 7650030 (Prekindergarten Disabilities: Age 0-2) then the student must be 0-2 years old. Age is determined using the student's Birth Date on the Student Demographic Information record and the Friday of Survey Week. Match the Student Course Schedule record with the Student Demographic Information record using the following fields: District Number, Current Instruction/Service; Student Number Identifier, Florida; Survey Period Code and Year. -state validation-

EXAMPLE

The Student Course Schedule record listed below which is marked with an asterisk would cause a message to be generated because the Course Number is incorrect for the age of the student.

- ➔ **76. If English Language Learners, PK-12 on the Student Demographic Information record is LY and if Course Number is in Appendix DD, then English Language Learners: Instructional Model must be other than Z. The match between the two records should be done using District Number, Current Enrollment; Student Number Identifier, Florida; Survey Period Code; and Fiscal Year. –state validation-**

EXAMPLE

The first record below would pass this edit. The second record listed below would cause an error message to be generated because the English Language Learners: Instructional Model is code Z.

Match the Student Course Schedule record with the Student Demographic Information record using the following fields: District Number, Current Instruction/Service; Student Number Identifier, Florida; Survey Period Code and Year. –exception report-

EXAMPLE

The Student Course Schedule record listed below which is marked with an asterisk would cause a message to be generated because the Course Number is inconsistent with the age of the student.

DISTRICT RESPONSIBILITY

The district must review both records and, if the data is incorrect, correct the record that is in error so that the appropriate relationship exists between Course Number and Birth Date.

STUDENT COURSE SCHEDULE – EXCEPTION REPORTS

83. Only one of the FEFP Program Numbers, 111-113 or 254-255, may be reported for a student in the same survey and Term. -exception report-

EXAMPLE

The records listed below would not pass this edit because more than one of the FEFP Program Numbers, 251-255, was reported for the same student in the same survey and the same Term.

Student Number Identifier, Florida	Survey Period Code	FEFP Program Number	Term

* 123456789X	2	111	1
* 123456789X	2	111	1

DISTRICT RESPONSIBILITY

The district should verify the FEFP Program Numbers to determine if they have been reported accurately. The records should be corrected if in error. However, if it is determined that the FEFP Program Numbers were reported accurately, no action is necessary.

STUDENT COURSE SCHEDULE – EXCEPTION REPORTS

96. For each student, no more than two Student Course Schedule records may be coded Y on the Reading Intervention Component element. Find all Student Course Schedule records for a student by matching on District Number, Current Instruction/Service; Student Number Identifier, Florida; Survey Period Code and Fiscal Year. -exception report-

EXAMPLE

The student's records listed below would cause a message to be generated because it is expected that no more than two courses per student will contain the Reading Intervention Component and be coded Y on this element.

* 01	2	123456789X	1300330	Y

DISTRICT RESPONSIBILITY

The district should verify whether or not the student is receiving reading intervention in all four courses and correct the records if they are in error. If no record is in error, no action is necessary.

STUDENT COURSE SCHEDULE – AGGREGATE EXCEPTION REPORTS

AA. If Survey Period Code is 2 or 3 and district of instruction is 01-67, 69, or 72-75, then there must be at least one student coded Y on the Reading Intervention Component element for each School Number, Current Instruction. – aggregate exception report-

EXAMPLE

School Number 0021 has 973 total Student Course Schedule records but all records have a Z code on the Reading Intervention Component element. An error message is generated for School Number 0021 on the exception report indicating that the district failed this exception edit. It is expected that the school will have one or more students receiving reading intervention services.

DISTRICT RESPONSIBILITY

The district must review the records and correct the Reading Intervention Component element on the records that are in error.

STUDENT COURSE TRANSCRIPT INFORMATION - REJECT RULES

1. **Survey Period Code must be 5 and must be correct for the submission specified by the district. -record rejected-**

EXAMPLE

The Survey Period Code as specified in the transmission JCL or in statements for tape transmission is identified as Survey Period "5". However, if records on the transmission have a Survey Period Code "3", all records updated, added, or deleted with this inconsistency would be rejected.

DISTRICT RESPONSIBILITY

If the rejected record should not have been submitted, no action is required. However, if the district wishes the data in the rejected record to be loaded to the data base, the Survey Period Code must be corrected either on the records coming in or the transmission JCL and all records must be resubmitted in a batch transaction or added on-line.

2. **District Number, Current Enrollment must be numeric and in the range 01-69, or 72-75 and must be correct for the district submitting the data. -record rejected-**

EXAMPLE

The first two records listed below would be loaded to the data base assuming no other reject rule would cause their rejection. The third record (indicated by an asterisk) would be rejected since the District Number, Current Enrollment is not in the appropriate range.

District Number, Current Enrollment	School Number, Current Enrollment	Student Number Identifier, Florida
01	0021	012345677X
01	0021	012345678X
* 00	0021	012345679X

DISTRICT RESPONSIBILITY

If the rejected record should not have been submitted, no action is required. However, if the district wishes the data in the rejected record to be loaded to the data base, the district must correct the District Number, Current Enrollment and resubmit the record.

STUDENT COURSE TRANSCRIPT INFORMATION - REJECT RULES

3. **School Number, Current Enrollment must be numeric in the range 0001 to 9899. -record rejected-**

EXAMPLE

The first two records listed below would be loaded to the data base assuming no other reject rule would cause the records to be rejected. The two records indicated with asterisks would be rejected. The first of these would be rejected because the School Number, Current Enrollment is not in the appropriate numerical range. The second of these two records would be rejected because the School Number, Current Enrollment is not numeric.

District Number, Current Enrollment	School Number, Current Enrollment	Student Number Identifier, Florida

* 01	9999	012345678X
* 01	C901	012345679X

DISTRICT RESPONSIBILITY

If the rejected records should not have been submitted, no action is required. However, if the district wishes the data in the rejected records to be loaded to the data base, the district must correct the School Number, Current Enrollment and resubmit the records.

STUDENT COURSE TRANSCRIPT INFORMATION - REJECT RULES

4. The first nine positions of Student Number Identifier, Florida must be numeric. The tenth position of Student Number Identifier, Florida must either be an "X" or numeric. If the tenth position of Student Number Identifier, Florida is numeric, the first two digits must be a valid district number in the range 01-75 or 78-79. If the tenth position of the Student Number Identifier, Florida is an "X", the first three positions may not all be zeroes. -record rejected-

EXAMPLE

The first two records listed below would be loaded to the data base assuming no other reject rule would cause their rejection. The third record would be rejected because the tenth digit of the Student Number Identifier, Florida must be numeric or an "X". The fourth record would be rejected because the Student Number Identifier, Florida contains blanks. The fifth record would be rejected because the first two digits are not valid with a numeric character in the tenth position. The sixth record would be rejected because the tenth position contains an "X", and the first three positions are all zeroes.

EXAMPLE

The first and third records listed below would be loaded to the data base assuming no other reject rule would cause their rejection. The second record would be rejected since the District Number, Where Credit Earned is not in the range 01-75 or 77-79.

District Number, Where Credit Earned	School Number, Where Credit Earned	School Year	Term
01	0151	0203	2
* 81	7542	0203	1

STUDENT DEMOGRAPHIC – REJECT RULES

1. **District Number, Current Instruction/Service must be correct for the district submitting the data. -record rejected-**

EXAMPLE

If district 01 is submitting records, District Number, Current Instruction/Service must be 01 for all records. In the records listed below, the first two records would be loaded to the data base assuming no other reject rule would cause their rejection. The third record would be rejected since the District Number, Current Instruction/Service is 02 rather than 01 (the number of the district submitting the record).

District Number, Current Instruction/Service	School Number, Current Enrollment	Student Number Identifier, Florida
01	0021	012345677X
01	0021	012345678X
* 02	0021	012345679X

DISTRICT RESPONSIBILITY

If the rejected record should not have been submitted, no action is required. However, if the district wishes the data in the rejected record to be loaded to the data base, the district must correct the District Number, Current Instruction/Service and resubmit the record.

01	0021	012345677X
01	0021	012345678X
* 00	0021	012345679X

If Survey Period Code is 5, School Number, Current Enrollment must be numeric in the range 0001 to 9899 or it must be 9995, 9997, N998 or N999. If Survey Period Code is 6, 7 or 8, School Number Current Enrollment must be numeric in the range 0001 to 9899, excluding 3518. -record rejected-

EXAMPLE

The first two records listed below would be loaded to the data base assuming no other reject rule would cause their rejection. For Survey Periods 1-3, the date should be less than or equal to the date certain of survey week. For Survey Period 4, the date should be less than or equal to June 30 of the reporting year. For Survey Period 5, the date should be less than or equal to August 31 of the reporting year. For Survey Period 9, the date should be less than January 1 of the reporting year. For Survey Period 7, the date should be less than or equal to January 10, 2011. If School Number, Current Enrollment is 9995, then English Language Learners: Home Language Survey Date must be 00000000. (This edit does not apply to Survey Periods 6 and 8.) -record rejected-

EXAMPLE

The first and fourth records listed below would be loaded to the data base assuming no other reject rule would cause their rejection. The second and third records would be rejected because the English Language Learners: Home Language Survey Date is an invalid date or is filled with zeros.

EXAMPLE

The second record listed below would be loaded to the data base assuming no other reject rule would cause its rejection. The first record would be rejected because BZ is not a valid Native Language, Student code for a student with a Grade Level of PK-12.

STUDENT DEMOGRAPHIC – STATE VALIDATION

53. If Survey Period Code is 2, 3 or 5 and if English Language Learners, PK-12 is LY or LF and if Grade Level is KG-12 and if there is a matching Student Course Schedule or Student End of Year Status record, then there must be a matching English Language Learners Information record based on District Number, Current Enrollment; School Number, Current Enrollment; Student Number Identifier, Florida; Survey Period Code and Year. The match between Student Demographic and Student Course should be made based on District Number, Current Enrollment; Student Number Identifier, Florida; Survey Period Code; and Year/Fiscal Year. The match between Student Demographic and Student End of Year should be made based on District Number, Current Enrollment; Student Number Identifier, Florida; Survey Period Code; and Year/School Year. DISTRICT RESPONSIBILITY

The district must review the Student Demographic records and determine whether the students are English Language Learners. The district must either submit an English Language Learners record for each student or submit a revision to the English Language Learners, PK-12 element to indicate that the student is not an English Language Learner.

STUDENT DEMOGRAPHIC – STATE VALIDATION

The match between the Student Demographic record and the English Language Learners record should be based on District Number, Current Enrollment; Student Number Identifier, Florida; Survey Period Code; and Fiscal Year. The district must review the records to determine whether code 0 was used appropriately. The district must correct the Lunch Status on the Student Demographic records that are in error. If no records are in error, no action is necessary.

STUDENT DEMOGRAPHIC - AGGREGATE EXCEPTION REPORTS

➡ **91** For each School Number, Current Enrollment in the District Number, Current Enrollment either all records must have a Lunch Status code of 4 (Provision 2 School) or no records must have a Lunch Status code of 4. (This edit does not apply to Survey Periods 6 and 8.) –aggregate validation-

EXAMPLE

The records listed below would cause an error message to be printed on the validation report for school 0012 because one record in the school has a Lunch Status code of 4 and the other record has a Lunch Status code of 1.

District Number, Current Enrollment	School Number, Current Enrollment	Student Number Identifier, Florida	Survey Period Code	Lunch Status
* 01	0012	012345678X	2	1
* 01	0012	012345679X	2	4

Note: For additional information on Student Number Identifier, Florida refer to DOE Information Data Base Requirements: Volume I -- Automated Student Information System Manual.

EXAMPLE

The first two records listed below would be loaded to the data base assuming no other reject rule would cause their rejection. The third record would be rejected because when the social security number is used as the Student Number Identifier, Florida, the tenth position must be an "X". The fourth record would be rejected because the Student Number Identifier, Florida contains blanks. The fifth record would be rejected because the first two digits are not a valid district number. The sixth record would be rejected because the tenth position contains an "X", and the first three positions are all zeroes.

STUDENT END OF YEAR STATUS - AGGREGATE EXCEPTION REPORTS

80. If District Number, Current Enrollment is not 71 and Grade Level = 9-12, then less than 20 percent of records should be reported with Grade Point Average State, Cumulative equal to 99999. – aggregate exception edit –

Note: An error message will be printed on the exception report for schools that fail the aggregate exception edit above.

EXAMPLE

School 0035 has submitted 100 Student End of Year Status records for students in Grade Levels 9-12. Of these, 25 records were reported with Grade Point Average State, Cumulative equal to 99999. This results in School 0035 failing the edit because 25 percent of the school's students were reported with 99999 as the Grade Point Average State, Cumulative.

An aggregate edit error message is generated for school 0035 on the exception report indicating that the school failed this aggregate exception edit.

DISTRICT RESPONSIBILITY

The district must verify Grade Point Average State, Cumulative on the Student End of Year Status records for this school and correct these fields if they are in error.

STUDENT TRANSPORTATION – REJECT RULES

1. **District Number, Current Instruction/Service must be numerical and in the range 01-67. -record rejected-**

EXAMPLE

The first two records listed below would be loaded to the data base assuming no other reject rule would cause their rejection. The third record would be rejected since the District Number, Current Instruction/Service is not in the appropriate range.

District Number, Current Instruction/Service	Student Number Identifier, Florida
01	012345677X
01	012345678X
* 00	012345679X

DISTRICT RESPONSIBILITY

If the rejected record should not have been submitted, no action is required. However, if the district wishes the data in the rejected record to be loaded to the data base, the district must correct the District Number, Current Instruction/Service and resubmit the record.

STUDENT TRANSPORTATION – REJECT RULES

2. **District Number, Current Instruction/Service must be correct for the district submitting the data. -record rejected-**

EXAMPLE

If district 01 is submitting records, District Number, Current Instruction/Service must be 01 for all records. In the records listed below, the first two records would be loaded to the data base assuming no other reject rule would cause their rejection. The third record would be rejected since the District Number, Current Instruction/Service is 02 rather than 01 (the number of the district submitting the record).

District Number, Current Instruction/Service	Student Number Identifier, Florida
01	012345677X
01	012345678X
* 02	012345679X

DISTRICT RESPONSIBILITY

If the rejected record should not have been submitted, no action is required. However, if the district wishes the data in the rejected record to be loaded to the data base, the district must correct the District Number, Current Instruction/Service and resubmit the record.

STUDENT TRANSPORTATION – REJECT RULES

3. The first nine positions of Student Number Identifier, Florida must be numeric. The tenth position of Student Number Identifier, Florida must either be an "X" or numeric. If the tenth position of Student Number Identifier, Florida is numeric, the first two digits must be a valid district number in the range 01-75 or 78-79. If the tenth position of the Student Number Identifier, Florida is an "X", the first three positions may not all be zeroes. -record rejected-

Note: For more information on the Student Number Identifier, Florida refer to DOE Information Data Base Requirements: Volume I -- Automated Student Information System Manual.

EXAMPLE

The first two records listed below would be loaded to the data base assuming no other reject rule would cause their rejection. The third record would be rejected because when the social security number is used as the Student Number Identifier, Florida, the tenth digit must be an "X". The fourth record would be rejected because the Student Number Identifier, Florida contains blanks. The fifth record would be rejected because the first two digits are not a valid district number. The sixth record would be rejected because the tenth position contains an "X", and the first three positions are all zeroes.

District Number, Current Instruction/Service	Student Number Identifier, Florida
01	1234567891
01	123456789X
* 01	123456789C
* 01	123456789
* 01	0023456791
* 01	000123456X

DISTRICT RESPONSIBILITY

If the rejected records should not have been submitted, no action is required. However, if the district wishes the data in the rejected records to be loaded to the data base, the district must correct the Student Number Identifier, Florida and resubmit the records.

STUDENT TRANSPORTATION – REJECT RULES

- 4. Survey Period Code must be 1, 2, 3, or 4 and must be correct for the submission specified by the district. -record rejected-**

EXAMPLE

DISTRICT RESPONSIBILITY

Correct the Survey Period Code either on the records coming in or the transmission JCL and resubmit all of the records.

STUDENT TRANSPORTATION – REJECT RULES

5. The Transaction Code must be A, C or D. For the original transmission, only A is valid. For subsequent batch/update submissions, if A is specified then the record must not already exist on the data base; if C or D is specified then the record must exist on the data base. -record rejected-

EXAMPLE

For all original transmissions, the Transaction Code must be "A". An original transaction is the first submission of a record during a survey period. After original transmission of records, changes to the record for elements other than the key elements must be done with a "C" as the Transaction Code. To delete a record, the Transaction Code must be a "D". To change key elements in a batch transaction, the record must FIRST be deleted with a "D" and then added with an "A". Records with an incorrect Transaction Code are rejected.

DISTRICT RESPONSIBILITY

If the rejected records should not have been submitted, no action is required. However, if the district wishes the data in the rejected records to be applied to the data base, the district must correct the Transaction Code and resubmit the records.

STUDENT TRANSPORTATION – REJECT RULES

- 6. Fiscal Year must be correct for the submission specified by the district.**
-record rejected-

EXAMPLE

DISTRICT RESPONSIBILITY

If the rejected records should not have been submitted, no action is required. However, if the district wishes the data in the rejected records to be loaded to the data base, the district must correct the Fiscal Year and resubmit the records.
