

B.E.S.T. Standards for Mathematics District Lead Professional Development Event

The 2021 B.E.S.T. Standards for Mathematics District Lead Professional Development will take place in three locations across the state and will be two full days and one half-day in length. This event will expand on the professional learning that took place during the B.E.S.T. Mathematics Standards Institutes in July and September 2020. During the event, district-based teams within a region will come together for explicit, systematic training on the content and implementation of the B.E.S.T. Mathematics Standards for grades K-5, 6-8 and 9-12 and for school leadership. The event sets out to support districts with effectively implementing the B.E.S.T. Standards for Mathematics.

Participants of this event can expect to

- 1) increase their knowledge of the B.E.S.T. Standards for Mathematics,
- 2) gain resources for their district to implement the B.E.S.T. Standards for Mathematics with fidelity,
- 3) actively engage in student-centered instruction, and
- 4) take part in a community of learners and leaders with their peer districts.

Implementation Teaming Structure

The Department invites each district to one of the events, requesting attendance of select staff who will serve as members of the District's Implementation Team and engage in team planning for standards implementation. The team is to consist of district administrators, district mathematics specialists, school administrators, mathematics coaches and teacher leaders. All general sessions will be attended as a team. District teams will work together to determine which track (K-5, 6-8, 9-12 and Leadership) each individual district team member will attend. Planning development during general sessions will be facilitated by Department staff and will allow district teams to consolidate their acquired knowledge gathered from each session and plan strategically for implementation.

District Implementation Teams will consist of the following based on district determination:

- District Administrator
- District Specialists:
 - Mathematics
 - Exceptional Student Education (ESE)
 - English Language Learners (ELL)
 - Early Childhood
- School Administrator(s)
- Teacher Leader(s)
- District- and school-level mathematics coaches

Note: There will be no registration fee to attend the B.E.S.T. Standards for Mathematics District Lead Professional Development; districts will be responsible for covering all costs related to travel for their attendees.

**Tentative Agenda****Day 1**

Time	Event	Room
8:00 – 8:30 am	Registration	TBD
8:30 – 10:00 am	Opening Session <i>FDOE Leadership</i>	TBD
10:15 am – 12:00 pm	Session 1	TBD
12:00 – 1:30 pm	<i>Lunch on your own</i>	
1:30 – 4:15 pm	Session 2	TBD
4:15 – 5:00 pm	District Debrief and Closing Remarks	TBD

Day 2

Time	Event	Room
8:30 – 9:00 am	Opening Remarks	TBD
9:15 am – 12:00 pm	Session 3	TBD
